

LOUISIANA.

This State has become and will be the focus of all eyes for weeks to come. There has been a sudden uprising of a long oppressed people. The news from Grant is that "he is mad." We do not look upon the Louisiana move as wise, though our sympathies are with them. The State cannot long resist except by a guerrilla mode of fighting, shooting or assaulting such men as Helges and Longstreet. This we take to be the people of Louisiana are not prepared to do. Such mode of warfare would be looked for only among Mexicans and Spaniards. Let there be no civil fighting or assassination which is too apt to follow when the

We could not find a copy of the Crescent containing Mr. F. H. Butler's card even by applying to the editor. When we advertised here for the card, he replied in three days we received five copies of the paper with the card, each one saying they wanted no money as a reward for producing the card. One was a lady and she shall have a box of honey. One was a gentleman from Apex and he said take his honey and make something syrup for the pet lawyers who manipulate conventions. One was from a gentleman in Raleigh who said send his box of honey to Mr. Wm. R. Pool who voted for Greeley but would not vote for a Southern man because he did not originally favor secession. Two were silent and simply sent the paper with the card. When we find out the men who furnished \$25,000 to run the Raleigh News they shall have two boxes of honey. If Buford and Lilly Smith and the leading Democrats of Charlotte, who supplied money and endorsed Manager Hendon's paper at bank, to take us aboard, would take it kindly, they should each have a box of honey.

LET US HAVE PEACE.

The New York Herald calls earnestly for a "national convention of peace and reconstruction." In a long editorial article it maintains that such an assembly should be held to consider how Southern industry, agriculture, and commerce can be restored. The Richmond Dispatch considers the suggestion "altogether Utopian," and that if a national Congress chosen by the people has not the wisdom and statesmanship to deal with the subject, nothing better can be expected from a national convention chosen by the same people. Labor, labor, nothing else will restore Southern agriculture and commerce; nothing else can restore it. Let the white man stop paying out his wages a dollar to do him ten cents worth of work. The white man is relying too much upon the lazy negro. The negro will not engage for regular, steady work to make a crop. He goes from pillow to post, from railroad to day work on the streets. More labor, more labor, with a convention is the sure remedy for all our ills. Don't forget that somebody is out there making the conditions for "Misses" and "Breaks" in the Southern States. Don't forget that somebody is out \$25,000 for running the Raleigh News.

DROPPED LETTER.

An anonymous letter telling about Mayor Jo. Holden and his policeman King, and their failure to pay fines imposed by the Mayor to the Treasurer, is declined because the name of the writer does not accompany the letter. We are not displeased at the low state of city scrip or the department of the Mayor. It will all end in good to the city when the Legislative meet. The letter says there is a rumor that Mayor Jo. talks of resigning. We are in no scraps now about publishing rumors, and we must get out of that before we publish another. There is no more chance for Jo. to resign than there is for Beecher to reform so long as Plymouth Church sustains him.

HOW EXTREMES MEET.

Gen. Bob Tombs who expected by the war to introduce slavery into Massachusetts and call his slaves out of the foot of Bunker Hill monument, wants Grant for a "third term to break the connection between negroes and regiments" when he ought to know that Grant is the hydraulic cement that unites them. Od Garrett Smith who was sworn to support a constitution recognizing and protecting slavery, wanted a new constitution and new Bible. Now that he has both, he is not satisfied with either, and calls for Grant for the third term. Writing to a friend, Garrett Smith says: "I am in favor of a third term for Grant, provided that is necessary to keep the Democratic party out of power." If Robert and Garrett cannot play the devil with any country, where else can they do that?

IF SHERIFF LEE IS THE VERY BAD AND CORRUPT MAN THAT THE NEWS AND OTHER RALEIGH PAPERS SAY HE IS, HOW IS IT THAT SEVEN OF THE MOST PROMINENT "CONSERVATIVE" LAWYERS OF RALEIGH HAVE BEEN WORKING WITH ALL THEIR might to have him again installed as Sheriff of Wake county? It has been proven that Lee is a defaulter, has misappropriated the funds of Wake county, and been guilty of many other dishonest acts, and yet we see from the papers he has in his employ seven or eight of the prominent lawyers of Raleigh, who have done all they could to force him on the people of Wake as their

Share. - Is that right, Charlotte Democrat? If Gov. W. W. Holden is the "very bad man" all the Democratic papers say he is, how does it happen that the editor of the Charlotte Democrat keeps on the good social terms with the ex-governor and calls always to see him when he visits Raleigh.

ONE OF THE SEVEN.

FIRST TO SETTLE. James Hunter, the prompt Sheriff of Alamance, was the first to settle with the Treasurer. The settlement took place on Tuesday, the Sheriff paying the Treasurer \$5,012.23. This is well for Alamance, but having Jim Boyd for a representative is a great drawback.

JOHNSTON COUNTY.

Next week in Johnston Court, on Tuesday of the term, the editor expects to discuss before the people, rings, ring papers, picked miscegenation. The debt of the State and many other questions will be invited to attend. No coarse, vulgar or abusive language allowed.

FOR THE SENTINEL.

PROVOST HILL, Sept. 13, 1874. Editor of the Sentinel: I observe the name of Col. George Williamson, Senator from Caswell, Person and Orange is mentioned as Speaker of the Senate. A more competent or deserving selection could not be made. When quite young Col. Williamson entered the service for the Mexican war. He served with distinction in the late war between the States. His late career in a large district has given evidence of his ability as a public speaker and debater. In short he has all the qualities for a presiding officer of the Senate.

CASWELL.

THE DEBT OF THE CITY OF RALEIGH.

To the Holders of Bonds and Scrip of the City of Raleigh: Having been authorized by the Board of Commissioners to do something for the relief of the creditors of the city, and to shape the debt that the interest will be promptly paid, for several months the Board of City Commissioners have had the subject under consideration, and have enacted the following ordinance as the result of their labors. Every tax payer is interested in the financial welfare of the city as much as the Commissioners, and every one should give their hearty co-operation to any measure presented to relieve the city from its present embarrassments, and place it upon a safe financial basis. We therefore appeal to our citizens who hold city scrip and overdue bonds, to come forward and exchange the same for the new bonds authorized by this ordinance. Without the aid of the creditors of the city nothing can be done, but with their assistance the debt can be so arranged that, with judicious management in the future, the interest can be promptly paid every six months, and the bonds met as maturity.

certificate and the holder thereof shall give a receipt to the collector as voucher for the payment of the same. Sec. 5. Be it further Ordained, That from and after the first day of October, A. D. 1874, no Scrip or Warrant upon the City of Raleigh shall be received for payment, unless the same be accompanied by the Scrip or Warrant, which shall be indorsed on the back of the certificate or bonds or certificates of indebtedness authorized by this ordinance. Be it further Ordained, That of the taxes annually collected, after the current year, there shall be set aside a sum sufficient to pay the bonds that "lay" the same day of the month that they were issued, and the same shall not be used for any other purpose until all the bonds and certificates of indebtedness aforesaid have been paid off.

Sec. 6. Be it further Ordained, That the Mayor and Treasurer are hereby authorized and empowered to receive for the same, and to issue, upon the application of holders of bonds, already issued, or of holders of City Scrip or Warrants on the City Treasurer, all bonds so issued shall be under the same rules and regulations as the one, two and three year bonds authorized by this ordinance.

Sec. 7. Be it further Ordained, That the Board of Commissioners, stating the amount of bonds, certificates of indebtedness and interest coming due during said year, and the commissioners shall levy and collect a tax sufficient to pay off the same.

Sec. 8. Be it further Ordained, That this ordinance shall be in force from and after its passage.

Approved August 13, 1874.

The Clerk was instructed to have this ordinance published in two of the city papers, and have 200 copies printed for public distribution.

Under section three of the above ordinance, Messrs. Alfred Williams and Jeff Fisher were appointed to act with the Mayor and Treasurer. The bonds will be ready by the first of September, and due notice will be given when the committee will be ready to make the exchange.

The following report shows the financial condition of the city, the estimated year, and a record from which its revenue is derived:

RALEIGH, N. C., Aug. 13, 1874.

Mr. Mayor and Gentlemen of the Board:

Your committee appointed to prepare a statement as to the financial condition of the city, submit the following report, to-wit:

They find the total bonded debt and interest to 1st January, 1874, inclusive, to be, in round numbers, about one hundred and twenty-six thousand dollars, and of Scrip in circulation forty thousand dollars, making a grand total of one hundred and sixty-six thousand dollars.

The revenue of the city from taxes we find to be about forty-two thousand dollars, from rent of Market House and other sources about eight thousand dollars, making a total of fifty thousand dollars; from this amount must be deducted the amount necessary to carry on the city government, improvements, &c., estimated at thirty-six thousand dollars, which would leave a balance of fourteen thousand dollars with which to redeem Scrip and pay interest.

Respectfully,
Your obedient servants,
W. C. STRONACH, Ch'm.
