AN INSANE WOMAN,-There is a white woman in the Eastern Ward name Jane Stallings about 40 years old who is reported to be thoroughly crasy. . he lives by herself and has no relatives and but few friends. Policemen Geo, King and Thompson went over to day to inquire into her condition, but the poor creature would not allow them or any others to enter, having her door barred and the windows stuffed with blankets and bed clothing. Asheville Oitisen : Within three miles of Asheville, on Saturday night last, between the hours of eight and nine o'clock, a Mr. Gillespie, a quiet and peaceable citizen, being about to retire, went to the back door of his house to fasten it, and just as he got to the door a gun was fired. andhe fell, exclaiming, "Oh, Lord, I am dead I" and called once for Jim, a negro man living in a short distance, and had but a few moments before left his house. Gillespie must have died instantly, as he spoke no more. He lay where he fell, the victim of the assassin's gus, until the next morning when the coroner's jury was summoned and empanelled. Upon examination by the jury, a man by the name of Hall, a near neighbor of the deceased, and who married his wife's daughter, was arrested and put in jail,

RIVAL CLAIMANTS OF THE JUDGINIP IN BROOMD Devrager -- We take from Albemarl Times of the 11th instant an account of what occurred at Bertierd county being the first Court held since the election. The Times says :

Monday was a day of unusual at Hertiord court, from the fact that on that day the contest for the Judgeship between Honorable Lewis Hilliard and Applies Moor was decided, a to saving who facilitated the the sheriff of this county, would

determined not to do more to turough the formality of holding cours By previous agreement of all partie-Juage Hillard went to the Bench at 11 o'clock, and directed the sheriff to open court, which was done. Judge Moore idiately entered the court house went upon the beach and said, "Mr. Hilliard, I have come here for the purpose of holding court. I am Judge by virtue of a commission from Governor Caldwell. I demand that you give up that aunt." Judge Hilliard replieft, "I claim to be Judge by a virtue of the late election and my commission from Gov. Brogden. I shall hold this court." Whereupon Judge Moore turned and said, "Sheriff proclaim order." The sheriff cried out, "order?" Judge Moore then said, "Mr. Sheriff, open court." To which sheriff Pipkin replied, "Judge Moore, I have great respect for you of a man, but I cannot obey you as a Judge. I feel bound to respect and obey the acts of our General Assembly until they are declared unconstitutional by the proper tribuusi. I shall therefore recognize the authority of Judge Hilliard."

Judge Moore then said, "I declare this court adjourned sine die, Mr. Clerk make a note of the fact on your record. The Judge then took his hat and left the court house, Judge Hilliard remained and presided over the court for the rest of the term. The entire affair was conducted with great propriety and diguity.

The whole question will of course carried to the Supreme Court. We think that the members of the bar are pretty evenly divided so to who is estitled to

A RHODE ISLAND SAMSON .- There is living in Newport a man quite as remarkable for his muscular powers as was he who in olden times bore off on his shoulders the gates of Gaza. When a youth he was wont to shoulder a barrel of flour with his feet inside a peck measure. On one occasion at Stevens' wharf, as the four steps into the United States Hotel vards. This feat was considered so remarkable that it was placed upon the town records, where it may be seen by any who may be incredulous.

On another occasion half a dozen mer men were tagging at a hogshead of molasses lying on its bilge, endeavoring to place it on end, when he ordered them saide and ended it up alone. Though new fifty-seven years old, he is ready at any time, on a wager, to lift.

Rush Response is about as well qualified to be a Congressman as Lowis Lindsey, was to fiame a first Constitution. It is absurd to talk about such a man being fit to represent this district. He is hardly the peer of Stowell. Recertainly is not equal to Platt, and Platt has no business in congress. We do not suppose that SHERIDAN, THE BARN BURNER.-It is anybody will seriously contend that reported that the dashing little Phil has Burgess has any qualifications for the trust which are not possessed by is, in a word, a Cancasian, and belongs

Walker will lead him in every county. From the beginning of the race for the Conservative nomination Walker has had the most unexampled good fortune ; and it needed only that his opponents should put up such a man as Burges to compete with him in order to insure his success. That has now been done; and all that Walker will have to do will be to walk over the course. He will distance Burgess, who is indeed a Rushlight as compared with our candidate,—

He then atted the whole question to Congress I am extremely auxious to avoid any apnearance of undue interference in State affairs, and if Congress differs with me as to what cought to be done, I respectfully urge its immediate decision to that effect Otherwise I shall feel obliged, as far as I can by the exercise of legitimate authority to put an end to the unhappy controversy which disturbs the peace and prostrates the business of Louisiana, by the ecognition and support of that government which is recognized and upheld by the courts of the State."

After the reception of this message joint committee of the two Houses was appointed to investigate and report upon the affairs of Louisians. The committee after visiting Louisiana and making s thorough investigation into the election reported (unanimously if we mistake not) recommending a new election as the best solution of the troubles. This would have been entirely acceptable to the Conservatives of that State. But Congress, afraid of responsibility, adjourned without taking action on the report, and left the muddle as they found it.

This disturbing question has gone ever since, gathering new complications and exciting new irritations, until at length it has culminated in revolution, the forcible deposition of Kellogg and the instaiment of the McEnery government.

SUCCESS HASED UPON MERIT.-It is a subject of general remark, among both wholesale and retail druggists, that no medicine introduced to the American public has ever gained such a popularity and met with so large a sele in all parts of the land, in the same length of time, as Dr. Pierce's Golden Medical Discovery. This cannot depend upon its having been more largely advertised than any other medicine, as such is not the case. The correct explanation, we think, is found in the fact that this medicine produces the most wonderful and perfect cures of very bad cases of bronchial throat and lung diseases, is undoubtedly the most perfect and efficient remedy for all kinds of coughs that has ever been introduced to the public, and at the same time possesses the greatest of bloodpurifying and strengthening properties that medical science has been able to produce, thus rendering it a sovereign remedy not only in the cure of Consumption. Bronchitis, Hoarseness and Coughs, but also for all diseases of the liver and blood as scrofulous diseases, blotches, rough skin, pimples, black speeks and disclora tions. It has therefore a wide range of application and usefulness, and it not the late war he was Colonel of a Louisionly gives the most perfect satisfaction to all who use it, but far exceeds the expec-tations of the most sanguine, thus eliciting the loudest praise, and making permanent living advertising mediums of all who use it. For these reasons it is that there is not perhaps a druggist in all the vast domain of this Continent, who tries wants, that does not keep and self large quantities of this breet valuable medi-cine. to please his customers and supply their JESUP, Iowa, May 5th. 1873.
