MONDAY, OCTOBER 26, 1874.

NO PROTECTION FOR LIFE, LIB-ERTY OR PROPERTY. Our Northern brethren say there is no religion or education down South, and no security for "life, liberty or property." While they say this their greates preacher is living in a state of fornication and adultery with one of the most gifted and beautiful of his flock, and is sustain-

ed in it by his congregation. While they send Jo. Hester down to Alabama to protect the loyal in life and property, they murder William Parker for his money with a along shot, and leave his body lying, in the street of the texts subject to Philip dollars.

Again, while-Hester is protecting life and property in Selms, Alabams, Richard Edwards, a passenger in the sto Powell, from Troy to New York, was murdered for his money and thrown overboard.

No wonder the South is bady governed by its Northern masters when they have such preschers as Beccher, and such passengers on their christian steamboats. Let Hester be sent North for the protection of life and pocket books on steamers, and in small towns like Pecksville where men are found dead on the streets after we had the power to send Hester and Kirk among these hypocrites and thieves has become of their money, and who repwho assume that they have the right to rale and lord it over the South.

"AND THAT'S HOW THE MONEY GOES."

Saville, the late Chief Clerk of the Treasury Department, did not have a too modest appreciation of his service to the old Syndicate. In settling his accounts old Syndicate. In settling his accounts that he in the Treasury it was found that he charged a handsome sum for his work and a liberal allowance for expenses. His Kerr, Col. Geo. Williamson, and two hussalary per quarter of three months was dred more in jail, and we were called on \$1,000. In addition he received per day Judge, bold on Col. Williamson until we for expenses, the sum of \$85, and for the same time his mileage was \$332, all the amounts being in gold. His salary, thus, was not far from \$1,000 a month, or more Manager Hearne, backed by President than any civil officer receives under the Buford and Tom Scott, as editor of the government excepting the President and a few foreign ministers.

This is almost equal to Judge Dick appointing Billy Smith meeiver of the Western North Carolina Railroad after an acknowledgment on outh that he had received money improperly, and allowing him \$9,000 for less than oine days work. The Judge goes to church on Sunday, and on week days lectures on the Women of the Bible. That puts him all right with men who think such appointments immoral as well as dangerous to the best interest of the State and corporation. In old times a Judge would forfeit his character by such appointment, RING PAPERS.

There are more ring papers in the State than in Raleigh. The News of the 25th instant informs the public that certain gentlemen are the stockolders, and no railroad or corporation hold stock in it. The News says further that a card was Al sent to us for publication five days Al and we have not published it, dec And so it was We regarded the card as a great piece of im Be pudence on the part of some who signed it, and a great piece of ignorance on the Bu part of others. Dr. Blacknall and some Ca of the so-called stockholders have been Ca regarded by the public as stockholders Ca since the gaper first started, more than Ca two years ago.

The paper was started by Dr. Hawkins Ch Ch and thering men that the SENTINEL had been fighting for six years, with a little Col squad of pet lawyers and politicians. We Ch don't propose to fight the stockholders or Co editors of the News except in one way, and that is by a committee appointed by Duplin the Legislature, or a squire authorized to Edgecombe summon witnesses and take testimony at For our expense.

Ring money by thousands was put in G the News We have said it did not pay Greene, fifty cents in the dollar of its expenses. The money and influence of rings and ring men who had been deterted in robbing the State of \$18,000,000, went to support it, and it could not have lived a day without nourishment from the railroad and other rings,

These logues, and rings, and pet lawyers offered to buy out the SERTINEL and Lincoln to send us to Congress. To have sold to Macon,.... property of Josish Turner, Sr , who was our security for several thousand dollars. Mitchell, ... His real estate in Orange was worth all of \$50,000. The calculation of the ring and Nash, pet lawyers was that we would sell to N. Han save the property of our security. One Onslow, Orange, Pasquotank, who were in the compiracy to make us Peruniana. sell. We did not sell because it was treason to the party. We took the consequences and it was bitter enough. We Randolph. witnessed the sale of all the property of Josiah Turner, Sr., and Josiah Turner, Jr., under the sheriff's hammer before we would sell to the ring and pet lawyers. Then it was that the ring and pet lawyers set up Manager Hearne with the es to abuse us as a "rogue and thief." Manager Hearne played out, and then sold out to Managers Stone sud nothing to sell, and Stope and Uzzell Wayne, ring could furnish the money. This is well known in the community where the three managers, Hearce, Stone and Uz Total, 96946 z-il have lived. Now the ring men and pet lawyers cry out we are not loyal to

the party. Did ever man do more to save and serve the party. Our first offonce to the ring and pet lawyers was in not selling the Sunrish to George W. Swepson, as was proposed through stockholder Blacknall, In their estimation then began our dialogally to the party Swepson, the ring and the pet lawyers prevented the Legislature of 1871 from caucussing on the public printing, and when they could not give the printing to Manager Hearne, they put it up to the lowest bidder, making us bid against President Buford and Tom Scott.

Stockholder Blacktisil, of the News, in forms the public that railroads and rings have nothing to do with his paper, the Raleigh News. He is wilent about his other paper, the Asheville Citizen, for which he paid \$1,800. We prefer to hear from slockholder Blacknall about the Citizen, sather than the Raleigh Neves We were on the track of President

dealy they change hands and self on.
There is obliged to be from \$12,000 to
\$20,000 of ring money in the News. We besieve, but we do not say it positively, that Dr. Hawkins has his \$7,000 first paid to Holden floating about in the News. The \$7,000 paid to Holden made him one-third owner with Littlefield and Swepson in the Standard. A part of the Standard property was conveyed to Manager Hearne, and he conveyed to Manager Jione. If Dr. Hawkin's \$7,000 is not floating about in the News, where is it? The rings have invested or crused indibeing robbed of their morey. Oh that viduals to invest thousands in the Raleigh News, and we have a right to know what

> resents it. We know most of the persons who fur-

Who represents the money furnished through pet lawyers from Bas Tweed's ring in New York, to the Raicigh Kees. If Chief Justice Pearson, with Holden, Kirk and Bergen were raiding around in show up Dr. Hawkins, Manager Stone and Stockholder Blacknall, and the Raleigh News. We have no time to take We whipped him out again an editor of the Chariotte Despatch, backed by the big branch ring at Charlotte, We whipped out Managers Stone and Uzzell, backed by railroad Presidentaland rings, they sinking \$25,000 in reening

the Raleigh News. This is the best three in five, and we ineist that if the people are honest they should encourage no more combinations against the SENTINEL, whose only sin against the party has been that it refused to sell out to Swepson and a little squad of lawyers and railroad Presidents who were seeking their own advancement against the interest, of the State and the
