SENATE. December 16th, 1874. President Armfield in the chair. Journal of yesterday was read and approved.

Mr. Latham, a memorial from about a thousand citizens of Beaufort asking permission to erect a free bridge across Pamlico River at or near the town of Washington.

Mr. Cantwell moved the Senate do now adjourn, and on his motion the eyes and nays were called. Ayes—, nays 36. (This move was evidently to catch those Senators who were out in their seats.)

House proposition to print 600 copies of the reports of the Board of Immigration. Concurred in.

Mr. Waring moved to send message to the House proposing to print 100 copies for every member of the bill to compromise and settle the public debt. Adopted.

Mr. Waring then moved that a bill be made special order for Tuesday 26th day of January at 12 o'clock. Adopted.

Mr. Waring, a bill to repeal an act incorporating North Carolina Beneficial Association. Propositions and Grievances.

Clared Mr. Tucker, a bill to aid the public schools and abolish poll tax. Constitutional Reform.

Mr. Mills, a bill to create another township in the county of Burke. Mr. Latham contended that the county commissioners could create this township and he was opposed to making a law where one was already provided.

Committee, Mr. Erwin from the Judiciary Committee, Mr. Mebane from the Committee on Military Affairs, Mr. Staples from the Committee on Corporations, Mr. Woodhouse from the Committee on Railroads, Postroads and Turnpikes, and Mr. Shuckelford from the Committee on Engraved Bills, submitted reports from various standing committees.

On motion of Mr. Greene, the rules were suspended and the bill to amend the charter of the Watauga and Caldwell Narrow Gauge Railroad was taken up.

Mr. Finger moved to postpone until the 21st of January. Mr. Greene did not object to the passage of the bill which effected the constituents of the gentleman from Catawba (Mr. Finger) and opposed the postponement.

Mr. Finger thought otherwise and insisted on his motion. The motion to postpone was put to a vote and prevailed.

On motion of Mr. Means, the rules were suspended and the bill to repeal chapter 195, laws of 1871-72, in reference to the jurisdiction of chief officers of cities, &c., was taken up.

closure of mortgage on the Western North Carolina Railroad, and to purchase the same for the State, subject to the approval of the General Assembly, &c.)

Mr. Mendenhall moved to postpone until after the recess. Mr. Staples wanted to stand aloof from all these railroads in interests until it was known that something of substantial benefit to the State could be done. He favored the motion to postpone.

After a long debate on the pro and con of the Sibley claims, &c. Mr. Means moved to amend the resolution by striking out the word "negotiate," and insert the word "compulsory," and strike out the word "buy" before the word "purchase," and insert in lieu thereof the words "and certain upon which terms they can," and add to the resolution the following: "Provided, That nothing done or said by the Speaker of the House and President of the State shall in any wise bind the State or any of its agents, or in the least acknowledge the validity of any of said claims."

Mr. Pinnix thought that in justice to the people of the State that the matter should be postponed. If he were given the time he could shed some light on these complications of the claims upon the Western N. C. R. R., and other railroad matters in which the State is vitally interested.

Mr. Cantler would support the resolution as amended and proposed by Mr. Means, &c. Mr. Tate did not think that this resolution would meet with any opposition. It was a plain business proposition in favor of the State. He would accept the amendment of Mr. Means. He cared nothing about Sibley, Matthews, Wilson and the rest. He was only interested in subserving the welfare of the State, &c. He moved to postpone and make special order for to-morrow at 12 m.

Mr. Staples was opposed to the matter. He did not at the present favor any step that would give a shadow of legislative sanction to any of these Railroad claims. Mr. Means insisted that his amendment did not in any way bind the State. It only proposes to raise a committee for the purpose of consultation, &c.

Pending the further consideration of the matter the House adjourned.
