THE PLAY LAST NIGHT.-Katie as th ness could have been no better, as little Nell good, butwe'l rather she'd have been the Marchioness all the time. Mr. Burns as Swiveler is certain to pleas he's close to text, has a good voice and the rollicking good natured bearing, but while there is only one Katie as Marchioness, there are two Swivelers, Burns is one and Edwin Browne she other. Quilp was well given, just the kind o' man could have turned out a better one. Mrs Jarley was ditto. Jully, as we printed it in the hurry vesterday, and she was folly -the best burnored face on the stage, and when the spoke to Slum, and Slum would answer "mum," the laugh was bound to come. We cannot say much for the other support. Katie is so spark ling herself she deserves the very best support to back her, and we think there is room for much improvement in this respect. The orchestra is complete with the best instrments and most skillful mu sicians. Katie appears in "Child of the Regiment" to-night and her genius de serves as it no doubt will get, and

nual address of Grand Master John Nichols of this city to the masons in the State, we find the following as contrasting the Grand Lodge of this State with that of some others : The revenue of this Grand Lodge is smaller, according to the number of Masons reported, than almost any other Grand Lodge in this country, 10,000, and 238 chartered ludges, provided every lodge pays its annual stipend promptly, the receipts of this Grand Lodge would be \$3,435, as average per member of about thirty-four cents. Le us compare this with some other Grand Lodges in this country, and for this pur pose we will take one Northern, Western and one Southern State, In making this comparison the basis calculation will be the amount of does sctually paid in by subordinate Lodges Rhode Island, with a reported mem sership of 8,915, receives from subord nate Lodges for annual dues, \$3,075, an average of about 53 cents per member, or early 60 per cent. more than North Car-

crowded house,

Iowa, with a membership of 15,134 pays \$10,384, an average of 68 cents per nember, double that of our own State and Mississippi with a membe ship of 11,528, pays \$11,002, or within a fraction of one dollar per capits, being about The comparison might be continued, but this is deemed sufficient. LITTLE DOT PUTNAM .- She is a won der. The little bit of girtish thing, just six years old, dressed in ve vetsen par and jacket, with a blue man around h pinned in the middle by a diamond, and first upon the beel tap and then upon the ton she careens about the stage, kissing her little hands to the public, her voice no stronger than a child in the nurse's arms, and when she waves herself behind the scenes, grown men come down with their feet, and the average woman of . large family beams with emotion and re-marks to her next neighbor in headgear, "Bless ber darling little spul."

THE GREAT EXCITEMENT. - The death of Gov. Beamlette in no wise interferes with the progr se of the last Gift Concert, or will that or anything else prevent the drawing from taking place on the 27th of February. So certain is this, that all the money, paid for tickets, will be promptly refunded in case the drawing does not take place on that day. Mr. Briggs has conducted all the details of the former concerts and is giving his whole time, his known skill and his great energy to make the last the greates drawing He offers, in addition to the excitement of the Jrawing itself, a concert by Gilm re's Great Orchestra, perhape the best in the world; admission to which can only be had by those that held at least a part of a ticket.
