City Intelligence.

The Greensboro' Lottery comes off today.

DOWN THE WAY.—We learn they have commenced to change the guage on the North Carolina road from Greensboro to Goldsboro. No mail this morning from Charlotte, we are still in the wilderness.

Jesse Pooks, the Virginia murderer of the Herndon family, refused a respite from Gov. Kemper and declared he was guilty and ought to be hung.

The stalwart young legislator in Virginia who drew back a cane to strike the venerable Cowardin of the Richmond Dispatch, and got choked by that editor in the scuffle, should carry a sling shot up his sleeve or some of these old men may clean him up yet.

Some ladies in France are engaged in working a splendid carpet for the Empress Eugenia. It has a number of squares each containing the armorial bearings of the fair worker's husband or father, and to be joined by bands of gold cloth embroidered with violets.

Ben. Beckman of New York took the right view of this life. He left his widow the interest on $10,000 so long as she continued a widow and the whole ten thousand dollars in case she marries again. She still wears black but seems a little more lively in her conversation.

The Pennsylvania Legislature adjourned in great disorder, bills were put through without as much as reading the titles, half the seats were vacant, and members held up their hands and threw their hats in the air to attract the speaker's attention.

Grant insulted a large procession of colored men in Washington City the other day. They called at the White House with bands of music playing and the President declined to review them. Their purpose was to complain of some action of Congress. They left very indignant at such treatment.

IN THIS CITY.—Mr. Charles Watkins of Watkins Brothers, Milton, N. C., is in the city. He is the manufacturer of the best brand of chewing tobacco in the State. The "old Watkins natural leaf" that had such national fame before the war was put up by the father of the Watkins boys and they are now engaged in manufacturing the identical brand. We commend it to the tobacco buyers of this city.

THE TOBACCO TAX.—Owing to the recent ruling of the department we learn that all tobacco stamped after midnight of the second instant will have to pay the additional four cents on the pound. We regard this as very unjust, manufacturers having bought their stamps at the time when the 20 cent tax was in force, under the impression that the tax was paid at the time of purchase of the stamps and not at the hour of putting them on. We fear this arbitrary ruling will cost the manufacturers of North Carolina many thousands of dollars. It does seem in justice to country manufacturers that they ought to be allowed to affix stamps purchased prior to the third of March without the additional four cents. Many of them living miles from the railway, together with the freshet prevailing in the country at that time, rendered it impossible for them to keep posted on the law. Where were our Congressmen that they didn't protect their country constituents in this regard?

ALL ABOUT.—A tornado Monday morning at Hiensi, Mississippi, killed Col. Porter Walker, Hon. John Reece and child, Miss Mattie Palmer and several negroes.—The Beecher trial will adjourn on St. Patrick's day in honor of two Irishmen who are on the jury.—Spring chickens have been offered in Richmond, Va., at $1 per pair.—Sister Mary Angela Bell, a nun in Richmond, is dead.—Col. J. Newton Dickson a prominent broker in Philadelphia was killed on his way home from Petersburg by slipping between the platforms of the car.—Gen. Henningsen of Nicaragua fame is dangerously ill in Washington.—The latest in the prestidigitation line: He borrowed a bonnet from a lady, handing it back, bonnet caught fire in the gas, he stamped it with both feet—horror of horrors! the woman's best bonnet. Then he fired a pistol and a bonnet just like it fell from the chandelier to the middle of the theatre.—John Forster the biographer of Dickens and Goldsmith is in very feeble health in London.—In Texas fresh country butter is 15 cents a pound.—Dr. Hartt read a paper at meeting of medical society in New York protesting against the abandonment of some of the heroic methods of treatment of 50 years ago, such as blood letting and the like.—A girl in Florida has been christened Neuralgia after a bottle of patent medicine much approved by her mother.—The fences in the United States are said to be worth $1,600,000,000 and it costs every year $80,000,000 to keep them in repair.—Isaac Parker and wife at South Woodstock, Vt., celebrated their diamond wedding last week, he 93 and she 90, and on anniversary the 60th.

GENERAL ASSEMBLY.

SENATE.
March 17, 1875.

Mr. Armfield in chair.
Prayer by Rev. Dr. Pritchard.
Clerk read journal of yesterday.

Bill concerning inspectors of timber in the city of Wilmington. Provides that no payment of $20 a man way inspector, and bonds in two thousand dollars.

Mr. Cantwell opposed the bill. He had seen a picture in Harper's Weekly representing Louisiana as a lovely maiden, her fair bosom exposed and the bayonet at her breast, and whenever he thought of it he thought of a carpet bag majority against his own county of New Hanover, &c. The bill would take bread and meat from a corps of skillful inspectors, and give it to men who know nothing about it.

Mr. Kerr replied there was a bond necessary in this timber business, and Mr. Cantwell wished to confine the business to irresponsible men of that city. He denied that it was any $20 bill. The commissioners in that city were in the habit of appointing ragamuffins to inspect the timber, the county commissioners knew these fellows would swindle, and they appointed them for that purpose. This bill blocked all such game. It gave the business to gentlemen who were bonded.

Mr. Standford endorsed the bill and hoped it would pass.

Mr. Latham defended the action of the committee.

Mr. Cantwell offered a substitute that no person shall hereafter act as inspector of timber in Wilmington without giving bond and security in two thousand dollars, approved by the county commissioners, and that no ragamuffins shall be permitted to act as inspectors, and all persons guilty of fraud shall be punished as a misdemeanor.

Special order cut off further discussion.

Mr. Cooke, bill to allow appeals from judgments of township boards of trustees granting cart ways. Referred.

THE OMNIBUS LIQUOR BILL

was up again. Some few amendments excepting some half dozen localities from the bill were adopted. In regard to Northampton Mr. Busbee offered counter petitions from Robert's Chapel and Rich Square in that county, and asked that they be struck from the bill. They were stricken out. Mr. Peebles then moved that all the other localities in Northampton be stricken from the bill, and it was so done. He intends offering a separate bill for regulating the sale of liquor in that county.

The bill passed third reading, ayes 24, nays 18.

AUNT ABBY HOUSE

in the gallery. The Senate went into Executive session. The Sergeant-at-arms received orders to clear the galleries, but by request of Senators Morehead and Cooke aunt Abby House was permitted to remain.

Senate re-assembled at 12 o'clock. The question of adjournment was made special order for to-morrow night at 8 o'clock.

Senate refused to concur in House amendment leaving to voters of Washington county to vote "tax or no tax" for building a courthouse.

Resolution of Mr. Standford requiring Public Treasurer to pay out monthly instead of quarterly to charitable institutions was adopted.

Election day for all the elections in the State was changed to first Tuesday after the first Monday in November.

Adjourned.

HOUSE OF REPRESENTATIVES.
March 17, 1875.

At 10 a. m., Mr. Speaker Robinson called the House to order.

Prayer by Rev. Dr. Pritchard of the city.

The journal of yesterday read and approved.

Messrs. Sharpe, Barnhardt of Caldwell, Shackelford, Means, Richardson and McRae, submitted reports from standing committees.

Mr. Dortch, bill to extend the limits of Goldsboro. Referred.

Mr. Griffin, bill to punish certain violations of the Sabbath. Referred.

Newell, col., bill to protect fishing in the Cape Fear river.

Mr. Erwin, bill to amend chapter 41, section 9, Battle's Revisal. Referred.

Mr. Gudger, resolution in favor of the Doorkeeper.

The bill in regard to the sale of wines made in this State, passed third reading.

The bill to levy a special tax in Northampton county, passed several readings.

The bill to authorize the commissioners of Madison county to compromise their public debt, passed third reading.

The bill to incorporate the Wilmington, Raleigh and Danville Railroad Company, passed second reading.

The bill came up on its third reading.

Mr. Goodwin moved to lay on the table. Lost.

After long debate the bill passed third reading.

The bill to amend the charter of town of King's Mountain, passed several readings.

The land scrip fund bill for the benefit of the State University, passed third reading by a vote of ayes 61, nays 49.

The bill to appoint commissioners to investigate the affairs of the Western North Carolina Railroad, passed third reading.

Mr. Boyd introduced the following resolutions:

WHEREAS, The evidence contained in the report of certain fraud commissioners appointed by the General Assembly of the State, declares the election of Augustus S. Merrimon who now occupies a seat in the Congress of the United States as a Senator from this State was largely connected with and involved in the frauds and corruptions referred to; and WHEREAS, it is the opinion of the General Assembly that no man whose character is at all tainted with such flagrant and vile frauds and corruptions as have taken place in the management of the works of internal improvement in this State should occupy so honorable and important position; and WHEREAS, the said Augustus S. Merrimon is allied to no political party in this State, but was elected to his present position by a combination of Republicans and Democrats defeating the Hon. Zebulon B. Vance who was the choice of an overwhelming majority of the Democratic party of this State; and WHEREAS, we believe that the existence of two political parties with well-defined, sound political views is essential to the perpetuation of our form of government and the preservation of our liberty; and WHEREAS, to the end we are further of opinion that North Carolina should be represented in the senate of the United States by men who are in political accord with the majority of our people.

Therefore, the General Assembly do resolve, That Augustus S. Merrimon, senator in Congress from this State, is hereby requested forthwith to resign his seat as such senator in order that the present General Assembly may proceed to elect to that position a man whose character is so far above suspicion that no one will dare mention his name in connection with fraud and corruption; and whereas, political faith is in consonance with that of a majority of the representatives of the people in the General Assembly.

Duchess Sophia the youngest sister of the Empress of Austria, and wife of the Duke d'Alencon, has fled to this country with a Bavarian photographer.

A USEFUL MAN.—He is quiet but useful. We refer to Mr. Stallings of Duplin county who is the editor of the Duplin Record, and the same time, is a preacher, a farmer, and a schoolmaster, besides being well read at the law.

JOHN R. BNOH.—The Dayton *Journal* says the republicans in Cincinnati regarding it good policy not to nominate a mayor will probably accept "Uncle" John Robison, the famous showman, as an independent candidate against Johnston. That paper regards Uncle John as altogether a democrat.

Johnson's Anodyne Liniment is, without doubt, the safest, surest, and best remedy that has ever been invented for internal and external use. It is applicable to a great variety of complaints, and is equally beneficial for man or beast.

We have seen it stated in papers throughout the country that agents for the sale of Sheridan's Cavalry Conception Powders were authorized to refund the money to any person who should use them and not be satisfied with the result. We doubted this at first, but the proprietors authorize us to say that it is true.

Telegraphic News.

NEW YORK, March 16.—As most of the papers submitted to the Committee had been thoroughly examined on Friday and Saturday, and all claims of contestants nearly all decided, the business of the session yesterday morning consisted chiefly in preparing their report. The session was strictly private. At close of the session Mr. Wheeler informed the representatives of the press that the committee had closed their investigation and made awards in cases of 19 representations whose claims were submitted to their arbitration. From all the evidence which had come into their possession as well during the previous investigations, as from an examination of election record, he said the members of the committee had unanimously agreed in their award, but for reasons which the public would not appreciate, it had been decided not to make the result of their deliberation known at present. He said the award of the committee would be forwarded to the Governor, with the duplicate returns of elections submitted to them for his examination, and that a special session of the House of Representatives of Louisiana would be convened for the purpose of taking action in the matter.

He could not say how soon this would be effected, but he hoped that the decision at which they have arrived would be approved. It had been agreed upon after a most careful examination into the facts of each particular case, and was based upon the impartial judgment of members of the Arbitrary Committee. He said he regretted very much that he could not furnish any particulars to the press, as the circumstances of the case rendered it necessary that the award should not be made public until the lower House of the Louisiana Legislature should be prepared to take final action in the matter. It rested entirely with that body to confirm the compromise which had been agreed upon. It is understood that Mr. Wheeler will present a report to the House of Representatives when the special session is convened for that purpose, although nothing of definite character could be ascertained from the members of the Arbitration Committee. It seems to be generally understood by the counsel in the case that the Conservatives will gain a number of seats through compromise.

WASHINGTON, March 15.—It has transpired that the result of the Arbitration will give the Conservatives the lower House, but will retain a small Republican majority on joint ballot, which, should Pinchback be rejected, will make a lively contest over the Senatorship.

EARTHQUAKE.

NEW YORK, March 16.—A Guadalajara, Mexico, letter of the 20th ult., contains an account of an earthquake of more than usual force on the 11th of February, which shook a large portion of northern Mexico. The little town of San Orisnbal was almost entirely destroyed and seventy dead bodies were taken from the ruins. The centre of this disturbance appears to have been the volcano of Ceboruco. The earthquake occurred at night, and the terror of the people was increased by the darkness.
