The City

RESORTS.—Some of our citizens are already preparing to remove to their summer resorts.

CROQUET.—This pleasant evening out-door diversion is obtaining patronage in our midst.

The Concord Register has been enlarged and greatly improved, and is now one of the handsomest papers in the State.

SPELLING.—Go to the spelling bee at Metropolitan Hall to-night. You will have fun and contribute toward a good cause.

HOP.—The young ladies and gentle 'hops' at the National Hotel Friday night. We hope they may enjoy a pleasant occasion.

COMPLIMENT.—The N. C. State Life Insurance Company has shown its appreciation of its old officers by re-electing the entire corps unanimously.

IMPROVEMENTS are going on in various portions of the city. Notwithstanding dull times generally Raleigh shows signs of vigorous life.

The spelling match promises to be a fine success to-night, so much so that the ladies have concluded to spell again at the Metropolitan Hall to-morrow night (Thursday.) Remember the admission is only 25 cents and a pound of something. The packages are auctioned off after the spelling is over.

FORGIVEN.—We notice among the forged bonds found in possession of Gaw, Stevenson and others recently arrested in Philadelphia, three one thousand dollar bonds drawn in the name of our esteemed fellow citizen, Mr. Ottinger. We are glad they were discovered before Mr. Ottinger was put to any inconvenience.

OUR LIVING AND OUR DEAD.—This periodical for June is before us. As usual it is abundant in variety and rich in excellence. Col. Pool, by his efforts on this magazine, is giving a higher tone to N. C. literature and should be cordially supported. There should be 3,000 subscribers to Our Living and Our Dead in this State.

RALEIGH HOME SCHOOL.—We are glad to see that this highly valuable Raleigh institution is meeting with a just appreciation at the hands of the public. Capt. C. H. Scott, Principal, is a gentleman of high culture and seems to be possessed with the faculty of exciting a high-toned emulation among his pupils. He has recently added the military feature to his school, and his 'boys in grey' make a fine appearance in their turnouts.

Y. M. C. A.—The Young Men's Christian Association of this city, in an unostentatious way, does a great good in the community, and should be liberally sustained by the public. It hopes soon to remove into its new quarters in the Briggs building, where it is designed to furnish a pleasant resort for strangers, and if possible, to collect a library for the use of its members. To carry out its plans requires money, and when our citizens think of its great benevolent work they should see that the funds are promptly raised.

CITY SCRIP.—The city attorney has published an opinion in which he takes the ground that the authorities are not compellable to receive city scrip in payment of taxes for the present year. He says: The city is not compelled to receive such scrip, and it admits of grave doubt whether the city can receive it, until enough taxes are paid in to discharge the necessary expenses for the year.

If the law were otherwise, it would be impossible for the city government to be placed upon a cash basis as contemplated in the amended charter. The abuses of the old system would continue indefinitely. The evil of that system was, that as the scrip was issued for the most part to persons who were obliged to have the money, it passed into the hands of speculators at a discount. The laborer received diminished wages; the city paid the scrip in full. This evil, which greatly increased the expenses of the city government, has been, I hope, remedied by the new charter, and after ascertaining and fixing the lawful city debt, we can for the future carry on our city upon a cash basis.

MISCELLANEOUS

The Paris hotels are now overrun with Americans. Measures are to be taken by the Kentucky Legislature to restore the tomb of General Zachary Taylor, near Louisville, which has been neglected and has gone to ruin.

There is now living in Northampton county, N. C., a well-known lady who can number nearly one hundred living children and grandchildren. She has lived to behold the fourth generation of her own offspring.

A Baptist congregation in Brownsville, Tenn., quarrelled about the control of its church. One faction got possession after a bitter contest, and on the same night the building was set on fire and destroyed.

he teacher of an unusually troublesome and refractory scholar, may extract a small crumb of encouragement and of hope from the fact that it commonly takes an unusually smart boy to make an ingeniously mischievous and vexatious pupil.

According to a late authentic report there are 543,474 Master Masons in the United States. New York containing 90,840. There are 8,654 Lodges. In North Carolina there are 11,216 Master Masons and 229 Lodges.

The Democratic Legislature of New York has reduced the State taxes more than two millions of dollars a year. They have cut down the tax levy from fifteen millions to thirteen millions of dollars. Upon the same ratio this would be equivalent to a saving in the Federal Government of full fifty millions of dollars a year. It seems to pay the people to elect democrats to office.

RELIGIOUS.—To Archbishop Whately is ascribed this paradox: "The larger the income the harder it is to live within it."

Dr. Archibald Alexander, of Princeton, New Jersey, said on his death-bed, "All my theology is reduced to this narrow compass: 'Jesus Christ came into the world to save sinners.'"

The Rev. Mr. Kittredge, commenting on cold, heartless, routine teaching, says that many teachers are like the early disciples at Ephesus who had not even learned "whether there be any Holy Ghost."

When Jesus came as the Great Teacher, his chief work of instruction was not in telling new truths, but of showing old ones in a new light. Only one "new commandment" did he give to his disciples; but many times did he so review before them the familiar teachings of the old law that all became as new.

THE LADIES.—Mrs. John Palmer, wife of a Steubenville printer, has given birth to five children inside of sixteen months—which is a pretty hard run on John's "small cap" case.

Upon the death of her husband the lady married his brother, and when a friend saw the portrait of the first husband in the house, he said, "Is this a member of your family?" "It is my poor brother-in-law," she said.

"Augustus, dear," said she, tenderly pushing him from her as the moonlight flooded the bay-window where they were standing, I think you had better try some other hair dye; your moustache tastes like turpentine.

"The girls of Warsaw, Ky., have unanimously resolved to purchase no dry goods costing more than twenty-five cents per yard for the space of one year. Here is a woman's reform movement which, if carried into effect throughout the entire South, would do more to cure the ills of short crops and high rates than any plan we have yet seen suggested."

The agents of the Government were forbidden to allow any women among the Indian delegates now at Washington treating with Daddy Grant, but the wife of one chief just would come along whether or no. There is method in the madness of this savage squaw, and it would be well enough if the wives of some members of Congress would follow her example.

THE COLORED CADET AT WEST POINT.—The only colored cadet now at West Point is Filippin, of Georgia, who is in the third class, composed of eighty-five cadets; stands forty-sixth. A correspondent of the New York Times says: "All concede that Filippin is getting along finely, though there are those who believe he will never graduate. They say no colored cadet will be allowed to graduate here; that he may get as far as the first-class, but there he will be slaughtered." James Smith, the other colored cadet, who failed to pass the examination last year, has been appointed inspector of the mills of South Carolina.

Telegraphic News

BALTIMORE & OHIO R. R. Presumably June 1.

President Grant, when interviewed in Chicago a few days ago was reported to have said that the Postmaster General had written to the effect that if the Pennsylvania Company did not carry the mails in the Baltimore and Ohio cars over their new Division he (Postmaster General) would withdraw all Western mails from the P. R. R. When Scott saw the statement seemingly so authoritatively made by Mr. Garrett he wrote to the Postmaster General asking him for the facts in the case, and received yesterday the following reply: WASHINGTON, May 31, 1875. To Hon. T. A. Scott: In reply to yours of the twenty eighth I would state that I have written no letter to B. & O. R. R. Co. to the effect that I would withdraw the Western mails from your road. I have written no letter except one transmitting a copy of Mr. Kneass' letter of May 19th, in which I made no statement. I learn from Mr. Garrett, who is here, that the newspaper report of his conversation is incorrect. MARSHALL JEWELL, Post Master General.

FROM WASHINGTON

WASHINGTON, June 1. Another Indian conference was held to-day. Speeches were made by Red Cloud, Spotted Tail and Secretary DeLano. The latter told the Indians the Government would give them \$25,000 for their hunting privileges in Nebraska, and if they did not accept that they might as well cease talking. After considerable discussion among the Indians, they agreed to accept the proposition, though the great chiefs express doubts about getting their just rights, and before signing any papers hope to have another talk with their Great Father, the President. Spotted Tail said he wanted the twenty-five thousand this afternoon. The money will be expended in buying presents for them.

The debt statement issued to-day shows a reduction last month of \$1,189,456; decrease of the debt since June 30, 1874, \$12,968,205. The balances are, currency \$1,352,107, coin \$84,257,602, specie deposits held for redemption of certificates of deposits \$55,345,000. The Government disbursements during May aggregated \$18,361,783, exclusive of payments on account of the interest on the principal of the public debt.

The President will leave for Long Branch on Thursday next.

The Southern Memorial Association to-day decorated the graves of the Confederate dead at Arlington, two hundred and thirty-three in number. A large number were present from this city and the adjoining country. There was no speech making, and the ceremony was exceedingly impressive and solemn.

The Secretary of the Treasury to-day made a call for the redemption of ten million coupon bonds for the Syndicate.

FAILURE OF IRON COMPANIES

LONDON, June 1. The Aberdeen Iron Company has failed. Liabilities seven hundred and fifty thousand pounds. Nominal assets 980,000 pounds. This is total valuation of the works together with those of the Plymouth Iron Co., which is one concern with Aberdeen Company. This failure involves Sanderson & Co., bill brokers, and Glead A. Smith. Their liabilities are placed at six hundred thousand pounds, for a greater part of which their creditors hold securities.

U. S. DISTRICT COURT

New York, June 1. At the opening of the U. S. District Court to-day before Judge Benedict, in the suit brought by W. F. Herbert against General Butler for a share in a Counsel fee of twenty thousand dollars, paid Butler by G. B. Lamar, Judge Benedict said it was clear to his mind that the plaintiff had not thoroughly established his case and he therefore instructed the Jury to find a verdict for defendant, which they did.

BOND FORGERS

PHILADELPHIA, June 1. Pickerton's agency arrested to-day Jas. H. Gaw, W. J. Stevenson and Peter Runn, charged in connection with Robt. W. Isant, who is reported in custody in New York, with having been implicated in forged bonds of Chicago and North Western R. C. which were traced to Geo. F. Hill, whose arrest in connection with the Safeguard Insurance trouble took place in December last. The parties were placed in twenty-five thousand dollar bail. A woman is also under arrest for dealing in forged and stolen bonds. Three one thousand dollar bonds in the name of Mr. Ottinger of Raleigh, N. C., being found in his possession.
