THE SENTINEL

THURSDAY, SEPT. 16, 1875.

A SPECIMEN REPUBLICAN.

There are many things for which the Republicans ought to be condemned. It merits the severest condemnation for what it has done to the South. It has ruined towns, cities, counties and States. Any one who knows the history of the Southern wing of this political organization, knows how it has heaped its evil deeds upon us mountain high.

But among all its evil deeds we are at a loss to distinguish or designate the greatest curse it has brought upon our country.

Prominent among these curses, however, is the elevation of bad men to power in our Southern States.

In this State that party put a Holden in power, in South Carolina, a Shutt and a Moses, to say nothing of negro Supreme Court Judges, negro Treasurers, negro Secretaries of State, negro Coroners of Militia, and so on; in Georgia, a Bullock was placed in position where he could rob and plunder; in Alabama, a Busteed has disgraced the administration of the law; in Louisiana, such despots as Kellogg and Durell have been entrusted with the reins of government; and generally wherever the Radicals have had unlimited sway, they have placed the worst men in the highest public positions of trust, thereby bringing ruin and strife and bloodshed upon the country.

But it is in Mississippi that we find Radicalism in its full blown state. There they have enthroned in power as Governor of the Commonwealth, one Adelbert Ames, to say nothing of a negro Secretary of State, a negro Lieutenant Governor, a negro Superintendent of Public Instruction, negro Sheriffs, county Treasurers, &c. Ames is a carpet-bagger—a son-in-law of Beast Butler. He has no interest in Mississippi further than to rob the people and enrich himself. Money is all that he is after. He has distinguished himself in the past for his cruelty, his corruption, his manifold vices. Infamy—scoundrel—villain, are some of the words which will be connected with his name in history. But there is still another to go along therewith. It is the ugly word, Liar!

Ames has just succeeded in achieving eminence as a Liar. He telegraphed to the authorities at Washington that there was armed rebellion in some of the counties of his State, and that troops were needed immediately. It turns out to be a fabrication—a bare-faced lie. And the very name of American citizen has again been stigmatized the world over.

Ames is a bantling of Radicalism, and the Republican party is responsible for him.

The platform of the Republicans of New York, recently adopted at Saratoga, differs somewhat from that of the Republicans of Ohio, Pennsylvania and California in that it has no words of praise for Grant's Southern policy. But on the other hand a mild remonstrance is uttered, when a just, generous and forbearing national policy in the Southern States," is asked for, together with, "a firm refusal to use the military power, except for purposes clearly defined in the Constitution."

As in Maryland and Ohio so in New York the Know-Nothing spirit is cropping out in the Republican ranks. It is evidently a part of the programme to divert attention from the Reform movement in that State, by forcing a sectarian issue on the school question. The Utica *Observer*, in commenting on the situation, says: "This sectarian agitation on the part of the Republican party is, in the beautiful language of the Hon. Roscoe Conkling, 'the last hair in the tail of a jaded ingenuity.'"

The Southern part of France has been deluged again, and crops a great deal damaged. At St. Chinian seventy persons are supposed to have perished from a water-spout.

The Democrats have majorities in the Congressional delegations of twenty-two States; the Republicans in thirteen; one State (Louisiana) is evenly divided and one (Mississippi) elects Representatives in November.

The report that Gen. Joseph E. Johnston has accepted the position of Commander-in-Chief of the Khedive's armies turns out to be false.

The cattle disease threatens to become very destructive in England. At last accounts there were six thousand cases in Devonshire alone.

It is said in some of the Western papers that Mr. Delano's late visit to Columbus, Ohio, was for the purpose of seeing the Republican Central Committee of that State and having himself defended by the Republican orators in the present campaign. But it is not believed that the troubled Secretary was successful. The Republicans of Ohio have a sufficiently heavy load to carry already, and Delano's record forms no small part of it. To ask them, in addition to carrying this burden without complaining, to defend him before the people, shows about an equal degree of anxiety and impudence.

The Weekly *News* is the cheapest paper published in North Carolina. It is only one dollar for your postage paid.—*Raleigh News.*

It is dear enough to the people. Two stockholders of the Chatham Railroad are known to have [illegible] of the $35,000 Stone & Uzzell say they lost when the *News* was published at $2 for the weekly. The Chatham Railroad has swapped ten cent [illegible] with the Treasurer for bonds worth one dollar to the amount of near one million of dollars. And now in the face of an injunction issued by Judge Kerr, demand, of the Treasurer that he shall continue the swap to the amount of some $300,000 more.

The Raleigh *News* is the only paper in the State bold enough to advocate such swapping as honest and fair.

Six Reasons Why

YOU SHOULD INSURE IN

The Penn Mutual

921 CHESTNUT STREET,

1st. Because it is one of the oldest Companies in the Country, and past the day of experiments.

2nd. Because every policy-holder is a member of the Company, entitled to all its advantages and privileges, having a right to vote at all elections for trustees, and thus has an influence in its management.

3rd. Because it has as large a percentage of assets to liabilities as any Life Insurance Co. in any in the Country.

4th. Because by economical management, its ratio of expenses to total income is far below the average of Life Companies. (See Official Insurance Reports.)

5th. Because it has declared more dividends in number, and of a Larger Average Percentage, than any Company in the United States.

For example: Policy No. 16, for $5,000 has been paid to the widow of a Philadelphia Merchant, upon which twenty-three dividends had been declared. Averaging fifty-seven per cent. Had these dividends been used to purchase additions to this Policy, $6,046 more would have been realized,—making the Policy worth $11,046.

6th. Because it is liberal in its management, prompt in its settlements, safe beyond a contingency, and its rates are as low as any first-class Company in the Country.

PRINCIPAL FEATURES.—Small expenses, absolute security, large return premiums, prompt payment of losses, and liberality to the insured.

TESTIMONIALS:

Goldsboro, N. C.

After spending eighteen months in a southern climate to restore my Lungs, I gave up in despair, and came home to die with my children in Goldsboro, N. C. While there I obtained a box of Dr. McMannen's Tar Mixture. Its first effect was to enable me to sleep; my strength began to return; hope revived; my cough gave way. After using six boxes, I was restored to health. I now weigh 160 lbs. I owe my life to this mixture, and wish this published to the world.

R. R. ROBISON.

I have been afflicted with a cough for thirty years. I have used all the popular remedies for coughs. I have never found anything to remain on the stomach or give any relief, until I used Dr. McMannen's American Tar Mixture. Its use enables me to sleep well; my lungs have regained their strength, and I find myself entirely free from a distressing cough that attacked me in the morning. I am rapidly recovering.

MRS. POTTER PASCHAL.

My Lungs gave way while on my circuit. I was forced to retire from my work, and had but little hope of recovery. I used one box of Dr. McMannen's Tar Mixture, my cough improved, my strength returned, and I was soon able to resume my work. I recommend it to all who have a cough, or weak lungs.
