The City.

IEA & FERRINS'

is the only GENUINE
WORCESTERSHIRE SAUCE

The police court machine was out of running order to day; not a case up.

Captain W. S. Harris, a gallant officer of the old 47th North Carolina, is in the city.

Cotton receipts yesterday 300 bales. Market to-day dull at 12¹/₂. Orders few and light.

12 convicts from New Hanover county have died in the penitentiary during the past year.

Sheriff Sneed, of Granville county, put into the state treasury to-day, \$10,725.50.

Sheriff Dunn is raking in taxes at a lively rate. Many of our rural friends are settling up out of the proceeds of the recent corner in cotton.

The board of county commissioners met yesterday. Only routine business was transacted. The road case of Sasser against Griffice was continued.

The Baptist state convention meets in Shelby next Tuesday. Rev. Dr. Pritchard, Col. J. M. Heck, Rev. J. L. Huffman and others of this city, leave Monday to attend.

The young ladies of the Edenton Street Methodist church give a grand fair and festival, supper and auction, next Thursday and Friday evenings. Everything that can tempt and delight eye, ear, tongue, palate and heart will be there in abundance. Save your cigar-money, and go.

GORHAM.—Another loyal voter came to grief. Alfred Gorham, a black-and-tan Radical voter was arrested yesterday by Deputy Sheriff Belvin for stealing a coat. In default of \$300 bail, Justice Barbee sent him up to show his dusky physiognomy in the presence of his peer, Judge Big-Hog Sam.

JUSTICE'S COURT.—In Justice Barbee's court yesterday, Alfred Darnin, charged with stealing a coat from George Fleming, was judged for lack of bail. All the parties high colored and flavored fellow-citizens of Olympus III times.

ALLEN HAMPTON, for breach of the peace, was housed in default of sufficient bonds.

FAIR.—A meeting of the executive committee of the State Agricultural Association, this morning, the resignation of Major J. C. Winder, as secretary, was received and accepted. Out of a number of prominent gentlemen who were aspirants for the position, Major John Devereux was chosen on the first ballot, Col. Holt presided over the deliberations, and leaves for his home in Alamance county this evening.

CITY DEER.—An adjourned meeting of the citizens of Raleigh will be held in Metropolitan Hall, next Wednesday evening, November 10, at 7 o'clock, to receive the report of the joint committee, and take final action on the city debt question. Let every tax-payer be present.
By order of the president,
R. W. Burr,
Secretary.

ATTENTION BATTALION!

Friend, we mean you. Are you in debt to the Sentinel? Hundreds of good men are. You may be. If so, we are speaking to you. "Owe no man anything," is as much a scriptural command as "Thou shalt not steal" or "Thou shalt not kill." To give you an opportunity to obey this long-neglected injunction of holy writ, we have just started R. W. Best, of this city, on a general collecting tour. He will call upon all our friends along the railroad, from here to Greensboro, and we trust they may find it convenient to do their christian duty promptly and fully. We have recently bought a press and ordered a large lot of new material, to furnish you an improved paper; and we need all that is due to meet the payments we shall have to make. Brothers, friends, pay up!

EXON.—The Oxford Orphans' Friends, of Nov. 3, say:

Our Baptist friends have erected a new church edifice five miles from Raleigh, on the Roxboro road, to which the name of Exon has been given. The house, when finished, will be a neat and comfortable one, and affords another evidence of the progress of public sentiment and spirit in regard to country churches, that marks the present age. Last Sunday, there was a Sunday School mass meeting held at this new church and a Sunday School Institute organized. Prof. Taylor, of Wake Forest, preached in the forenoon to a crowded audience, and delivered a fine discourse on the subject of education in connection with religion and church enterprise, in the afternoon.

The new building will be dedicated the fourth Sunday of the present month. Rev. Mr. Marsh, of Oxford, is the pastor.

THE WATER QUESTION.

At an adjourned meeting of the board of aldermen held last evening, Mayor Manly stated that the object was to receive the report of the committee appointed at a former meeting of the board to examine into the feasibility of supplying the city of Raleigh with water.

Alderman Pescod, chairman of the committee, stated that they were not ready to report, and asked for further time, which was granted.

J. H. Allen, of Baltimore, was called on, and made this statement: He, in company with the committee, had visited several points near the city for the purpose of making an estimate of the cost of supplying the city with water. The points inspected were Holloman's road, Fayetteville road, Rosemont road, Spring Hill, Mordocan's pond, and Pigeon-house creek. These places were on the waters of Walnut creek, Rocky branch and Pigeon-house creek. He considered all better than Pigeon-house creek; he did not think the volume of water sufficient in that for all the purposes. The other places would yield 1,500,000 gallons of water a day; enough for a city "three times the size of Raleigh. The cost of constructing water-works complete, including a fire-alarm telegraph, would not exceed \$200,000; but a survey and estimate would be necessary to get accurate figures, as he had no data from which to make a correct calculation, and had merely to approximate the amount. The cost in the different places mentioned would not vary many thousand dollars. He mentioned two systems of supplying water, the reservoir and direct pressure. The latter he considered least expensive to construct and keep in repair; while the former would cost less in the annual management. The direct pressure would altogether be more satisfactory. By that system, steam fire-engines could be dispensed with. The operating expenses would not exceed \$5,000 a year. He thought it best for the city to own the whole of the stock, as it could not be worked well in connection with other people, and the city bonds would command a higher price. He stated that when they commenced operations in Norfolk, there was a decided and bitter opposition, but now every one is pleased; and since the completion of the works, and even without any fire-alarm telegraph, no fire has been permitted to get out of the building in which it originated. The Holly system, on account of its simplicity, is preferable. With it, water can be forced through an inch nozzle, over 200 feet high. The charges he said vary in different cities. In Norfolk, the price is so much for each room into which water is conveyed. In Richmond and Baltimore, it is so much for the number of feet front. In Norfolk, a tax of 25 cents on the \$100 worth of property is levied to create a sinking fund to liquidate the bonds at maturity and to pay the annual expenses. In Baltimore, it is a source of considerable city revenue. That city has spent \$3,000,000, and is making arrangements to invest \$5,000,000 more.

Mr. Allen stated that it would afford him much pleasure to give the board or their committee any and all the information at his command, and he returned thanks to the members of the board for the many kindnesses shown him during his short stay in the city. His statement was received with much interest by both the members of the board and spectators generally, after which the board adjourned to the next regular meeting.

STILL THEY COME.

No shadow of doubt remains that the Radical hotel, presided over by Warden Wm. H. Thompson, in the suburbs of our city, is becoming one of the most popular resorts for loyal citizens, between the Potomac and the Rio Grande. Deputy Sheriff Morris, of New Hanover county, arrived last night, with 11 new boarders, 8 of them men and brudders and voters of the straight woolly ticket. Roll 'em in. At this rate, the Democrats will soon have a majority in New Hanover. Room for the loyalists! 50 acres more penitentiary! Here is the list of new arrivals, and length of time for which they have engaged rooms: Jim Hall 5 years, Benjamin Jones 10 years, Winslow Howard 10 years, Chas. Gaston 10 years, Jesse Nicholson 5 years, Josephine Hall 3 years, Scipio Gillespie 3 years, Serena Marshall 3 years, Martha Hill 3 years, John Taylor 3 years and John H. Howard 10 years.

Do not spend your money for bad washings. The Warwick collar looks better than linen, and does not need washing.

ROW ON A TRAIN.

Something of a scene occurred on the Richmond & Danville train last night. Two gentlemen got on at Danville with a local ticket from Burkeville to Greensboro. The ticket had been punched twice and the gentlemen had "laid over" on it at Danville which is against the established rates of the road. At Pelham, the parties insisting on going through on this ticket, Capt. Duvall, conductor, put them off, but they ran and climbed on the rear platform of the sleeper, and one of them drew his knife and declared he would cut the man that attempted to touch him. Duvall acted coolly and quietly, and as the train was then between Pelham and Ruffin, told the gentlemen he should put them off at Ruffin, and said, "You must not cut me with that knife." At Ruffin the gentlemen concluded, as they no doubt meant, to "make a case" against the road, and took the names on a memorandum of two passengers who were from that section, and asking the conductor if there was a ticket office at Ruffin, one of them took his seat and requested to be forcibly ejected. No one responding right off, said he: "Just put your hand on me," and then the brakeman touched him on the arm, and he and his friend got off, and bought tickets from Ruffin to Greensboro, and again resumed their journey. It is possible the whole thing may be merely a dodge to "raise the wind," in these tight times.

WHO WAS HE?

The "Editor's Drawer" of Harper's Magazine for November contains this slam at some Tar-heel functionary of the olden time: An anecdote is told of a gentleman who filled the office of district attorney in one of the western judicial circuits of North Carolina many years ago, which is worth preserving. A "professional gentleman" established a faro bank in one of the towns of his district during the sitting of the superior court. This fact coming to the knowledge of a law-abiding citizen, who was shocked at the flagrant and scandalous disregard of the laws of the good old state by this adventurer, he informed the attorney general of the presence of the wicked man of the "chips." The attorney general was engaged in the court-house at the time in the discharge of official duties, and when he got through and retired to his room in the hotel, he could not recollect the crime of which the new comer had been guilty, but remembered that it sounded very much like the name of a king of Egypt, of whom he had read in his boyhood days; but here again his memory was at fault, for he could not call to mind the name of that king. So, going to the minister of the town, he stated to him that he had that morning been reading about a very wicked king of Egypt, but had forgotten the place in the bible where it was to be found, and wishing to refer to it immediately, had come to him for the information he desired. The minister referred him to the book and chapter, and he retraced his steps with a satisfied air; but his memory proved treacherous again, for when he reached his room he could not recall anything the minister told him. Determined, however, to vindicate the majesty of the law, our attorney drew an indictment in the usual form, and sent it to the grand jury, charging the contemptuous individual with having violated the laws of North Carolina "in manner and form following, to wit: Having taken the name of the King of Egypt (name not recollected) in vain."

HALL'S COMBINATION.

This troupe has engaged Tucker Hall for next Monday evening. The Norfolk Landmark, of Nov. 2, gives the troupe and play this handsome notice:

The drama of The Two Orphans is one of the most remarkable of modern dramatic compositions, and in the hands of a good company must eclipse anything of kindred character that has been presented. While the plot is simple, the characters are so strongly marked that the play is intensely interesting from the start, and increases in interest to the close, defying the anticipation of the auditor at every point, and still maintaining a beautiful consistency. It is essentially an acting play; it is not a mere dialogue, but in it the actor of good judgment has the most abundant opportunity for display and that quick, nervous stage business which makes one feel as though he was looking upon real life instead of stage declamation and theatrical attitudes. In the combination are Louis L. James, late leading man of Daly's Fifth Avenue Theatre, pronounced by New York critics, "a great actor"; Fred. Chippendale, from Wallace's, the best "old man" on the stage; Thomas Whiffa, late of the Gallon Opera Company; Edwin Coleman, a great character actor; Henry Lee, E. B. Holmes, Will Sands, Geo. Stoddard, J. D. German, Robert Hill, and also the talented ladies, Misses Mamie Monk formerly of the Jananschek company; Ada Gilman, a Boston favorite; Ada Kinkel, Agnes Proctor, and Emma Pierce, Mrs. J. H. Rogers, Mrs. Geo. Stoddard, Mary Taylor and Miss Coleman in conjunction with the minor characters included in the cast."

The play will be presented with entirely new scenery, which is carried by this combination in order to present it with the same regard to detail that has characterized its production in the principal theatres. The wardrobe is also said to be very fine.

TAR DROPS.

Many fillings going up in Durham. Greensboro aspires to wholesale business honors. In some parts of Orange county, the corn yield is prodigious. The temperancers have got the heads of the gin-singers in Wadesboro. When criminal items are scarce in Wilmington, the papers say the police are quiet.

The address of welcome to the Post Fisher veterans will be delivered by Maj. J. D. Devane.

The Wilmingtonians are gormandizing on luscious autumnal fruits, one of which the oyster is what.

Farmer's store in Wadesboro, was cremated last Monday night. Loss, \$700; insurance \$545.

Mrs. Hannah celebrated her centennial last Sunday, by joining the Methodist church in Wadesboro.

A Wadesboro colored lady added a recruit to the bands of darkey cherubs, last Sunday night, by smothering her baby.

Plummer Miles, an Americanized African reposes in Wadesboro's calabash shades for picking cotton which he had not sown.

Narrow gauge railroad is the theme of all tongues from Greensboro to Mt. Airy. Out west, they are too often narrow gouges.

Special trains will run between Greensboro and Salem, Sunday, to accommodate persons desiring to attend the New Garden meeting of Friends.

A darkey fell from a train on the Carolina Central railroad, near Boggan's Cut, last Saturday, and fractured his skull. First case of the kind on record.

The New Garden fair, in Guilford county, took place last Saturday. Large crowd present, and a good display of home products, animate and inanimate.

The grand combination grange and temperance picnic at Lileville, last week, drew a huge crowd. Great disappointment over the failure of Gen. D. H. Hill to appear and orate.

The rumored coming of old John Robinson's circus, gladdens the heart of the Durham Tobacco-Plant-er, who has aspirations toward rivaling Harper, Frank Leslie and Pulphum's Age, as an illustrated periodical.

H. B. Short, of Columbia county, has been elected vice-president of the Cape Fear Agricultural Association, and W. W. Harris, Clayton Giles, John Har. W. H. Gerken, A. Wronski, W. B. Binford and Preston Cummings, assistant managers.

Eli Moore, one of that class of fellow-citizens of Grant and Sam. Watts, on whose countenance charcoal leaves a pallid streak, was arrested in Wadesboro last Monday, charged with outraging the person of Eva Springs, a white girl. If true, hang him and say nothing about it.

The nightly heavens, in Ireddell county, are illumined by the glare of burning barns. Last Saturday night, Robert McNeely lost his, with three horses; and Sunday night, J. T. Goodwin, of the same neighborhood, followed suit, losing his barn and one horse, and getting so badly burned himself that one of his feet will probably have to be added to his catalogue of losses.

You need not neglect your business when troubled with a cough or cold, if you only use a reliable remedy at once. Dr. Bull's cough-cure is the best remedy we know of. Price only 25 cents.
