## The City.

The Oak City Pleasure Club gives a hop at the National Hotel this evening. Deputy sheriffs are busy serving capias on delinquent poll-tax payers. Cotton receipts 250 bales Market steady at 12 1/2, and dull at 13. Orders light. Trade dull.

Remember that A. C. Sanders & Co. have for sale five (5) a No. 1 young and well broke mules. They will sell them cheap.

The Holman troupe, said to rival Tostee and Oates, at Tucker hall, next week. Rarest treat of the season. 27 performers.

The Wilmington Journal, of yesterday, says Gov. Brogden is at the Purcell house receiving the calls of a large number of citizens.

At the request of many citizens, we have introduced our fine "DIAMOND GIL," 30 degrees higher test than any in town. Price 40 cents. Law & Co.

John A. Jarboe of the great hat and cap firm of White, Jarboe & Co., of Baltimore, was in the city to-day. He and R. E. Best made some large sales in their lines here.

A package of the new fifty-cent fractional currency was received to-day at the state department. The whole thing is new, new plate, new paper and signed by the new treasurer, New, of Hoosierdom.

Gaylor's minstrels came up to time at Tucker hall last evening, and deservedly had a slim house. It is a very poor concern. The troupe were so discouraged by their failure that they concluded not to risk a performance here this evening, and left this morning.

POLICE COURT.—His honor had a slim court this morning. Leonard Fleming, an African pigmy of 14 years, was found guilty of stealing a 5 1/2 foot lead pipe and trying to barter it for fifty lumps. He was turned over to his fond mamma, who turned him over her knee and administered 40 save-one.

J. M. Pitmore, as black as the bottomless pit, had to pay \$5 fine and \$2.25 costs for his last night's drunk, and was cautioned to go and sin no more.

ONE BY ONE.—Another sheriff put in an appearance to-day, Nathan Barefoot, of Sampson county, and if he did come barefoot he didn't come empty-handed. He went to see the auditor and figured himself in debt to the state to the amount of \$4,617.76, which he promptly forked over to the state treasurer. Sheriff Barefoot is a one-armed Confederate soldier, and makes as efficient an officer with his one arm as many fellows would with a dozen.

BEAR-LY POSSIBLE.—Under the head of "Take the Man that Drew the Elephant," the Roanoke News, of Nov. 17, is responsible for this mixed up yarn: "Our young barrister friend, Fab. H. Busbee, while absent from Raleigh attending Halifax court, had a Carolina (not Beany's) bear presented to him, awaiting his (Busbee's) return back home. Fab. says he don't know what to do with his bruta unless he can teach him to "practice" among the darkeys in other words Busbee is evidently tired of his bear before he sees him."

THE TORCH SILENCE BURNING.—The torch of Hymen has been vigorously blazing in these parts for some time past, nor is it likely to be extinguished soon if rumor is correct. Wednesday, we chronicled the wedding of two of our best known young gentlemen, and now another is to be recorded. Last evening at the Edenton Street Methodist church, Rev. Mr. Cole, assisted by Rev. Dr. Burkhead, linked for life the destinies of Charles P. Hill and Mary L. Jenkins, both of this city. The bride is one of the fairest of the fair daughters of Raleigh, and the groom so popular that while all envy all congratulate. The attendants were: Mr. Charles C. Crestmore and Miss Alice Perkinson; Mr. John M. Carver and Miss Nellie Seawell; Mr. William Manning, of the Weldon News, and Miss Mary Crowder; Mr. Frank C. Dunn and Miss Mary Williams. If the breath of good wishes will speed the bark of the young couple safely over life's troublous sea, their final anchorage in a blissful haven is assured.

We are glad to hear it. Our druggists inform us that Dr. Bull's Cough Syrup sells better than any other medicine, and always gives satisfaction.

## RAILROAD MATTERS.

ANNUAL MEETING OF STOCK-HOLDERS. WILMINGTON AND WELDON RAILROAD. The stockholders of the Wilmington & Weldon railroad held their 40th annual meeting in Wilmington last Wednesday. Governor Brogden presided, and J. W. Thompson acted as secretary. Of the stock, 2,899 shares were represented in person, and 5,732 by proxy. The report of President Bridgers stated that the road was in excellent condition. Hon. R. B. Bridgers was unanimously re-elected president, and W. A. Wright, A. J. DeRossett, Geo. Harris, C. H. Brogden, W. H. Willard, Geo. Howard, S. M. Shoemaker, J. D. Cameron, W. T. Walters and B. F. Newcomer were chosen directors. The next annual meeting was fixed for the third Monday of November, 1876. The thanks of the meeting were returned to Governor Brogden for the ability and grace with which he had presided. The governor acknowledged the compliment in a few appropriate remarks. At a subsequent meeting of the directors, B. F. Newcomer was re-elected vice-president, and J. W. Thompson secretary and treasurer.

WILMINGTON, CHARLOTTE AND AUGUSTA RAILROAD. In the same city and on the same day, was held the 6th annual meeting of the stockholders of the Wilmington, Columbia & Augusta railroad. Col. H. B. Short, of Columbus county, presided, and J. W. Thompson acted as secretary. Of the stock, 2,867 shares, almost the entire number, were represented in person. The annual reports of Col. J. B. Palmer, president, and Hon. R. R. Bridgers, general manager and vice president, were read and ordered to be printed. Col. Palmer having declined a re-election, Hon. R. R. Bridgers was unanimously elected president. J. B. Palmer, W. T. Walters, B. F. Newcomer, Geo. S. Brown, W. H. Graham, S. M. Shoemaker, J. D. Cameron, H. B. Short and L. D. Childs were elected directors. The next annual meeting was fixed for the third Monday in November, 1876. The chairman was complimented by a resolution of thanks. The directors elected Col. J. B. Palmer and W. T. Walters vice-presidents, and J. W. Thompson, secretary and treasurer.

EVIL "SPIRITS."—Some Raleigh boy has evidently put the red nose of the Fayetteville Public-Spirit's local man out of joint. The spirits of this public spirit don't seem to be high. He is evidently an evil spirit, and it is to be hoped the spirits of just men made perfect may play upon his fiddle of 1,000 strings until they make him show a better spirit, and let bad spirits severally alone. Here's what the fellow says: "A Fayetteville girl is engaged to be married to a Raleigh gent, and in the course of four or five years she may be looked for on the street with a hand-organ playing the usual tunes."

HISTORY ABOUT TO REPEAT ITSELF.—The discussion of the water-works question has stirred up a little piece of the history of our city. Only a few of the older inhabitants are aware of the fact that Raleigh ever had water-works on a small scale. The works were located near the residence now occupied by Sylvester Smith, and the water was carried by wooden pipes into three reservoirs on Fayetteville street. The expense of keeping the pipes in repair was so great and the supply so inadequate, that the whole thing was abandoned after a short trial. If we succeed in establishing water-works on an improved plan and of real benefit to the city, this will be history repeating itself to a good purpose and improving on it.

THE CAREER OF ANDREW JOHNSON. This statesman and patriot has passed away, but his deeds will live in our hearts. What a commentary is his fame on the advantages of an American citizen! Unlettered and unaided, relying upon himself, he advanced step by step from the lowest station in life, to the highest office in the gift of the American people. All this was accomplished by unwavering integrity, dauntless courage, and persevering research. By the exercise of these principles, it is in the power of any poor and friendless boy to attain the same grand result. The same success is attainable in the commercial world as in the political, as is proven in the case of Dr. Tuttle's Standard Preparation. He, conscious of their value, labored patiently, and to day no medicine has taken so firm a hold on the public estimation as his Liver Pills. They stand on the dopmost round of the healing ladder.

That terrible son of Neptune, old Robeson, chief of our national nautical department of floundering cheese-boxes and sarcophaguses, is to recommend a small naval establishment at Fort Royal, South Carolina.

## TAR DROPS.

The Newbern riflemen are fully equipped. West India fruits are a drug in the Wilmington market. Wilmington canary market dull at \$3.50 a head and tail.

James Forest has got sick of Indiana and returned to Hillsboro. The Wilmington cotton-factory has stopped for lack of hands.

Newbern wants her fire department reorganized and supplied with aqueducts. Winston has a shake-foot university, which being interpreted means dancing-school.

Henry Sikes was badly beaten a few nights ago, by a pair of Fayetteville bruisers. Charlotte, to be in the fashion, claims to have been shocked by an earthquake last Monday.

Nine little orphans from the Oxford asylum concurred in Washington last Tuesday evening. In the two mile race yesterday at Charlotte, Mary Long and Vanderbilt tied; time, 2:45 1/2.

Our Tourgee writes for Beecher's paper, the Christian Union. Buzzards of a feather scribble together.

Five sweet poughtlighteaux weighing 28 pounds are making Newbern optics bug out with wonderment. Farmers in our northern counties are advised to hold their tobacco out of Danville for a while. Prices too low.

Granville Boush, a young Wilmingtonian, isn't as pretty as he was before the accidental discharge of his gun sprinkled his phiz full of small shot.

A bear had barely put in an appearance in the woods about Cedar Grove, Orange county, till a panic ensued among the natives. Seeing Bruin, they saw trouble brewin' for their pigs and children.

The Baltimore Sun, of Nov. 18, pays this neat paragraphic tribute to our late constitution-mill: "The North Carolina constitutional convention, lately in session, was an economic and business-like body. The entire expense, including the pay and mileage of its one hundred and nineteen members, were only \$23,836, and the business of the convention was transacted in thirty-six working days. This was business and economy combined in a degree which presents a good example for imitation by other legislative bodies."

Louisiana's illustrious nigger, Pinchback, is on the war-path again. He maintains, with reason, that the recognition of Kullogge's claim to the governorship insures his senatorial seat, for both elections vested on the same conditions.

(From the Missouri Republican (St. Louis). A REMARKABLE PROFESSIONAL SUCCESS.—Among the notable professional men of this country who have achieved extraordinary success is Dr. R. V. Pierce, of Buffalo, N. Y. The prominence which he has attained has been reached through strictly legitimate means and, so far, therefore, he deserves the enviable reputation which he enjoys. This large measure of success is the result of a thorough and careful preparation for his calling, and extensive reading during a long and unusually large practice, which have enabled him to gain high commendation, even from his professional brethren. Devoting his attention to certain specialties of the science he has so carefully investigated, he has been rewarded in a remarkable degree. In these specialties, he has become a recognized leader. Not a few of the remedies prescribed by him have, it is said, been adopted and prescribed by physicians in their private practice. His pamphlets and larger works have been received as useful contributions to medical knowledge. He has recently added another, and perhaps more important work, because of more general application, to the list of his published writings. This book, entitled "The People's Common Sense Medical Adviser," is designed to enter into general circulation. Dr. Pierce has received acknowledgments and honors from many sources, and especially scientific degrees from two of the first medical institutions in the land.
