AND VALUE OF

THE GRADED SCHOOL AGAIN. - Our school committeemen are entitled to credit for securing the services of one so capable as Captain Dugger, of Warrenton, in introducing the graded school system. He is just the man for the place, of fine linguistic attainments, skilled in mathematics, a live, practical instructor of 18 years' experience in preparing boys for college and the practical pursuits of life. He is a graduate of the university of North Carolina, a polished christian gentleman, member of the board of trustees of the university, secretary of the state educational association, school examiner of Warren county, an agent for the Peabody fund, and an enthusiast on the subject of popular education. As a disciplinarian he has no superior in the state. The full programme we have not yet learned. We learn that every denomination will have a teacher in the school, as five gentlemen, one from each denomination of christians, will form the board of trustees. The township and Peabody fund, supplemented by donations from our people, will make the school a success and place it in the power of Captain Dugger to give the benefits of an education to every poor child in the city. That it cares every case of cough and The plan and object appeal to every citizen, and we know the school will be sustained by our people.

F. PORTER, THE ALLEGED CONVICT, SPEAKS FOR HIMSELF-HIS STATEMENT TO THE PUBLIC.

From the Wilmington Star, of Dec. 19.] We give below the statement of J F. Porter, alleged to be an escaped convict from Georgia, whose arrest and imprisonment, together with the fact of his arraignment before Judge Henry on an application for release under writ of abene corpus, the decision of his honor remanding him to the custody of the officer from Georgia, his appeal to the supreme court, &c., were mentioned in the Star a few days since. Of course we know nothing personally as to the facts in the case, but deem it no more than justice under the circumstances to give the accused the benefit of his own statement in the premises :

NEW HANOVER COUNTY PRISON, (Dec. 17, 1875.

Editor Morning Star-

DEAR SIR: In your issue of the 16th nstant, I see an article headed "The Escaped Convict," which I suppose is a statement of Mr. J. S. Wise, who came to take me back to Georgia, which article does me great injustice. Therefore I hope you will give me space in your columns that the facts in regard to my imprisonment may be made known, as I am a stranger here.
The facts of the case are as follows:

In the latter part of 1867 I was ap-cointed a constable for the 1,234th district of Georgia, which embraced a por-tion of Atlanta, Georgia, to fill an unex-pired term of a gentleman who had been filling said office. When the term expired and an order for an election was issued to fill said office, I was elected by a public vote and filled said office during the time for which I was elected, giving full satisfaction in all my official acts. When the second election came I was reelected. During my second term there was considerable dissatisfaction expressed, all owing to my political principles, but with all they could bring against me I was elected to fill a third term. Soon after there were quite a number of charges brought against me, but I succeeded in defeating all but two. The one beside this was for gambling, which was ma-licious: I was fined \$125, which I paid but they seemed determined to break me from office, so the solicitor general went to the jail and told a man who was confined there awaiting trial that if he would be a witness against J. F. Porter, when his trial came up he would use his influence with the court in his behalf. All this was admitted by the solicitor. On my trial all the evidence I could bring seemed to avail nothing ; the jury seemed determined to convict me, which they did. The judge passed the following sentence on me: "Let the defendant pay a fine of \$600 and cost, and in default thereof to work twelve months on the public works of Fulton county," and not \$1,000 or twelve months in the penitentiary, as the gen-tleman swore in my hearing before Judge

During the pending of my trial my office was declared vacant and another man appointed. I declined to pay said fine and I was sent off, and instead of being sent to the county works I was sent to the state prison. A few days after my arrival I learned that some parties were trying to get up other charges against me, and felt confident that my liberty would be taken from me. I had been allowed the liberty of the When such fact came to my camp. knowledge I considered it a duty I owed to my wife and children to prevent an imprisonment which might continue for years ; therefore I made my escape.

The statement that I went back on my constituents is wholly untrue, and so far as my ever having received a bribe to allow a prisoner to escape, or receiv-ing illegal fees, no greater falsehood ever fell from the lips of man. If ever I go back no punishment that could be imposed upon me would be too great.

The parties that had me in charge paid eleven dollars for my services for twelve mouths. The gentleman who came after me told me that a considerable sum had been expended in trying to capture me,

Now, in conclusion, I respectfully ask the public if it does not look more like a malicious persecution than vindicating the law. Hoping the readers of this article

will believe me when I say every word of it is true, I remain very respectfully, J. FLOURNOY PORTER. Night Sweats are often the Sympton

of Disease in the Pulmonary Organs that may be cured by Wishart's Pine Tree Tar Cordial, which druggists all over the country admit to be the Best Consumptive Remedy they have any knowledge of. Curea Coughs. Colds, Sore Throat, Pteurisy, Diptheria and Catarrh.

WHERE DOES IT ALL COME FROM ?-Pints and quarts of filthy Catarrhal dis-charges. Where does it all come from? The mucous membrane which lines the chambers of the nose, and its little glands are diseased, so that they draw from the blood its liquid, and exposure to the air changes it into corruption. This life-liquid is needed to build up the system, but it is extracted, and the system is weakened by the loss. To cure, gain flesh and strength by using Dr. Pierce's Golden Medical Discovery, which also acts directly upon these glands, correcting them, and apply Dr. Sage's Catarrh Remedy with Dr. Pierce's Nasal Douche, the only method of reaching the upper cavities, where the discharge accumulates and comes from. article appeared which has met with greater approval and success than Benon's Capcine Plaster. Why they are preferred to all other porous plasters, is owing to their improved composition they act instantaneously, cure speedily and effectually.

Physicians and the general public

who acknowledge the great benefits derived from the use of the ordinary porous plaster, however, maintain that their action is not sufficiently prompt, requiring time, patience and continuous wear to effect a cure. Benson's Capcine Plaster overcomes this difficulty by accomplishing in a few hours that which it takes any other plaster as many days.

Although a recent discovery-Cap cine has been thoroughly tested by phy sicians, and in each instance has been pronounced the most remarkable, safe, certain and thoroughly efficacious remedy ever discovered

Incorporating Capcine in an improved Porous Plaster has been accomplished after repeated solicitations from the medical fraternity and is now prescribed by them with unprecedented success; especially in Rheumatism, Pleurisy, stubborn Colds, Kidney Complaints. and all diseases for which a Porous Plaster has been used.

Its marvellous influence over the circulation, and general effect on the system is almost incredible; from the moment of its application to the affected part, it operates with astonishing vigor— brings relief and cures more effectually than any known Plaster, Liniment or Compound.

It is a genuine pharmaceutical prepaation of the highest order of merit; its ingredients are entirely vegetable and free from Mineral or Metal Poisons. One trial will convince the most skeptical of its superiority over the ordinary Porous Plasters. When you desire prompt and immediate relief, ask your Druggists for Benson's Capcine Plaster, Price, 25
