BLEEDING FROM LUNGS, CATARRIE BRONCHITIS, CONSUMPTION, A WON DERFUL CURE.—BOCHESTER, N. Y., Jan 18th, 1874.—B V. Princis, M. D. Buffalo, N. Y.:—Dear Sir—I had suf fered from Catarry in an aggravated form for about twelve years and for several years from Bronehial trouble. Tried many doctors and things with no lasting benefit. In May, '72, becoming the remaining Editoria. lasting benefit. In May, '72, becoming nearly worn out with excessive Editorial labors on a paper in New York City, I was attacked with Bronchitis in a severe-form suffering almost a total loss of voice. I returned home here, but had been home only two weeks when I was completely prostrated with Hemourhage from the Lungs, having four severe bleeding spells within two weeks, and first three inside of nine days. In the September following, I improved sufficiently to be inside of nine days. In the September following, I improved sufficiently to be able to be about, though in a very feetle state. My Bronchial trouble remained and the Catarrh was tenfold worse than before. Every effort for relief seemed fruitless. I seemed to be losing ground daily. I continued in this, feeble state, raising blood almost daily until about the first of March, 73, when I became so bad as to be entirely confined to the house. A friend suggested your remedies. But I was extremely skeptical that they would do me good, as I had lost all they would do me good, as I had lost all heart in remedies, and began to loos gust. However, I obtained one of your circulars, and read it carefully, from which I came to the conclusion that you understood your business, at least-finally obtained a quantity of Dr. Sag Catarrh Remedy, your Golden Medical Discovery and Pellets, and commenced their vigorous use according to directions. To my surprise, I soon began to improve. The Di-covery and Pellets, in a short time, brought out a severe cruption, which continued for several weeks. I felt much better, my appetite improved, and I gained in strength and flesh. In three months every vestige of the Catarrh was gone. Bronchitis had nearly disappeared. had no Cough whatever and I had entirely ceased to raise blood; and, contrary to the expectation of some of my friends, the cure has remained permanent. I have had no more Hemor-rhages from the Lungs, and am entirely ree from Catarrh, from which I had suffered so much and so long. The debt of gratitude I owe for the blessing I have received at your hands, knows no bounds. I am thoroughly satisfied, from my experience, that your medi-cines will master the worst forms of that oddous disease Catarrh, as well as Throat and Lung D seasos. I have re commended them to very many and shall ever speak in their praise. Gratefully yours, WM. H. SPENCER. P. O. Box 507, Rubester, N. Y.

THE MOST REMARKABLE REMEDY EVER DISCOVERED-BENSON'S CAPCINE POROUS PLASTER. - At'no time in the history of true medicine has an article appeared which has met with greater approval and success than Benson's Capcine Plaster. Why they are preferred to all improved composition; they act in stantaneously, cure speedily and effectu-

Physicians and the general public who acknowledge the great benefits derived from the use of the ordinary porous plaster, however, maintain that their action is not sufficiently prompt, requiring time, patience and continuous wear to effect a cure. Benson's cap-cine Plaster overcomes this difficulty by accomplishing in a few hours that which it takes any other plaster as many days.

Although a recent discovery—Cap-cine has been thoroughly tested by physicians, and in each instance has been pronounced the most remarkable, safe, certain and thoroughly efficacious remedy ever discovered.

Incorporating Capcine in an improved Porous Plaster has been accomplished after repeated solicitations from the medical fraternity and snow prescribed by them with unprecedented success; especially in Rheumatism, Pleurisy, attabborn Colds, Kidney Complaints, and all diseases for which a Porous Plaster has been used.

Its marvellous influence over the cir-culation, and general effect on the sys-tem is almost incredible; from the moment of it-application to the affected part, it operates with astonishing vigor-brings relief and cures more effectually than any known Plaster, Limment or

Compound.

It is a genuine pharmaceutical preparation of the highest order of merit; its ingredients are entirely vegetable and free from Mineral or Metal Poisons. One trial will convince the most skeptical of its superiority over the ordinary Porous Plasters. When you desire prompt and immediate relief, ask your Druggists for Bensun's Capcine Plaster.
