LEA & PERRIN'S is the only GENUINE WORCESTERSHIRE SAUCE. Wm. G. Lodge meets this evening. There are 600 delinquent city taxpayers. The police court this morning couldn't furnish an item. W. G. Hill lodge meets this evening for work in the third degree. Col. H. C. Jones, of Charlotte, is in the city attending the supreme court. By getting Zeigler's cigars you will not be deceived. All he asks is a trial. J. J. WOLFENDER & Co., dealers in grain. Corn a specialty. Newbern, N. C. Cotton market quiet; middlings 13 1/2; low middlings 11; clean stains 10a10 1/2; deep stains 8a10. Prime seed oats from 1 to 1,000 bushels for sale cheap at Sylvester Smith's Feed Store. 27-31. PEASE.—150 bushels at \$1.00 per bushel, by the quantity, at Sylvester Smith's Feed Store. 27-31. H. B. Reeves, of Surry county, an ante bellum member of the general assembly, is in the city. Zeigler's Raleigh favorite cigar store is the place to get the best and the purest cigars in the city. Rev. J. D. Huffman has nearly completed his new residence in the north-eastern part of the city. Col. I. J. Young, revenue collector of the 3d and 4th districts, has had his bond approved by the treasury department. The finest stock of chewing and smoking tobacco, pipes, &c., at Zeigler's, next door to the Yarbrough House. The store formerly occupied by Petty & Jones, Fayetteville street, is having a handsome new front put to it. It is to be occupied by Fassnach, the jeweller. If you want to be sure to double your crops of cotton, corn, wheat, tobacco, &c., call on A. C. Sanders & Co. for a pamphlet telling you how to do it, and then buy some of their guano. THINK OF IT.—Mr. J. D. Whitaker offers good wood's pine wood delivered for \$3.00 per cord. You can find him in rear of Citizen's National bank. STRAY COW.—Adam Stanley has a stray cow at his house, four miles north of this city. She has a white face, keen horns and no mark, and is "reddish and white," the "reddish" predominating. Let the owner look after her and pay Adam his charges for taking care of her. EATING HOUSES.—As a general thing railroad eating houses are humbugs, but there are some exceptions to this rule in North Carolina. The dinner-house at Company Shops, by Mrs. Bobo, and the breakfast and supper house at Salisbury, by Mr. Trammell, are first-class houses, and the traveler is sure to get the worth of his money. DEBATING SOCIETY EXTRAORDINARY.—The colored men of Cary have formed a debating club. Last Saturday night they discussed this "Which is the most profitable to raise, cotton or cotton seed?" The discussion was very warm, and after it was concluded, the president, David Stroud, who, by the way, is from Orange county, in rendering his decision said, "cotton seed is good for manure, and to feed to milk cows, but as for cotton, it ain't wuf'n'n no how. I decides in favor of the cotton seed being de most profitable." TEMPERANCE ADVANCE.—Ramsay has just closed a temperance campaign at Elizabeth Church in Johnston county. He began at Hickory and canvassed Rowan, Cabarrus, Catawba, Guilford and Johnston. He reports the order solid and on the increase, and unless specially interrogated never tells of a brother falling in the ditch. On Friday night next he opens the great eastern campaign at Kinston. He will visit Hyde county where the people are addicted to tangling a little whiskey with their water. He will visit Patego, the newly discovered town, where they fox hunt with double barrel guns and in a buggy. LOST.—Between the Baptist church and the Peace Institute, a heavy gold ring. "To Rebecca, 1875," engraved on inside. A liberal reward will be paid the finder by leaving it at the Sentinel office. 27-21. The Elmwood collar is made so that the corners cannot turn up. It holds its shape under all circumstances.

THE SWEPSON-MOORE AFFAIR. NOTHING DEFINITE YET—CONFLICTING REPORTS—MOORE IN A CRITICAL STATE. Strange to say, up to this writing, 12 m., nothing really definite has been ascertained in regard to this unfortunate affair. The rumors as to the origin of the difficulty, and the attendant circumstances of the shooting, are almost innumerable. The last version is that Moore had started partridge hunting and in passing Swebson's house and that gentleman in his yard. A few words passed between them, when Swebson got behind a chimney and fired at Moore with an army repeating rifle, the ball not taking effect. Moore then told him he would not fire at him in his own yard, but to come out into the road. Swebson then retired into the house and fired upon Moore through the partially opened door, the ball taking effect in the left shoulder, ranging down through the body. Moore fell and laid in the road until carried to the office of Dr. G. W. Long, where he now is in an extremely critical condition. It was found impossible to reach the ball by probing, it having lodged somewhere in the spine. It is also reported that the wounded man is paralyzed from the waist down. Another version of the story is that Moore had frequently threatened Swebson's life on account of some old grudge and had reiterated the threats since the circulation of a slanderous postal card, charging Moore with despicable conduct, Moore charging that Swebson had caused it to be circulated. It is reported that on the morning of the day of the shooting Moore went to Swebson's house and cursed and abused him, making various threats and returned in the afternoon, and seeing Swebson in the yard snapped his gun at him, when he was fired upon by Swebson and wounded. Immediately after the occurrence of the affair Swebson is said to have sent for the sheriff of the county and surrendered himself. Late yesterday afternoon the matter was undergoing a preliminary examination before magistrates. We will give the testimony in full as soon as it can be obtained. NEGLECTED THEIR DUTY.—We have now beyond all doubt the most efficient police force that we have ever had, and it affords us no little pleasure to accord them praise whenever they deserve it, but we are sorry that all order-loving citizens have just cause to complain of their negligence yesterday afternoon in not protecting people on the street from being drenched with water in order to make sport for some of the members of the Rescue fire company. If the members of this company desire to practice with their engine they can do it at a number of places and in various ways, without injuring and interrupting spectators and people attending their business on the street. Yesterday the stream was thrown in every direction for the purpose of wetting those looking on or passing by. The whole thing was a violation of the city ordinance in regard to disorderly conduct, to say nothing of the injury inflicted, or attempted to be inflicted, on others. It is no excuse to say that this has been done before; the more despicable the evil the more prompt and strong should be the remedy. The Rescue is composed of our best young men, and we hope they will not repeat the proceedings of yesterday. CHATHAM AND ORANGE.—These two counties were represented at market this morning. The first by Aaron McPherson, of Cain Creek, who brought in pork, eggs, oats, flour and honey. He reports the county as improving. J. J. Peoples represented Orange. Mr. Peoples is of Chatham, but now lives near Chapel Hill, in Orange. He brought cotton to market. There are no hard times for the men who bring oats, honey, pork and cotton to market when they have not made them by hired labor. JOURNALISTIC. We feel highly complimented with Bro. Donan's notice of our Sutton leader. Be kind enough to do so again. In our feeble condition we need and appreciate all such. Tell Turner (that is our Jo.) that we want to get into the ring, and if he is posted please send us a little batch of ring news occasionally, and we will help him in his honest efforts to improve bee culture and deep ploughing. Go slow, Joe, and plough deep. While in the bath, rug sleep, and you'll have stock to sell and to keep. COWS—Go slow, Joe, go slow; And never mind kicking up behind and betwixt. [Forward Sent.] The poor and humble, alike with the rich and powerful, find in Dr. Bull's Cough Syrup a true, tried and tested friend. Price 25 cents; large size 50 cents.

TAR DROPS. Gen. Joe Johnson was in Charlotte Tuesday. The Wilmington wells and cisterns are nearly dry. The Charlotte Baptist parsonage is ready for occupancy. Wilmington still glows with the temperance excitement. Charlotte has tournament and ball on St. Valentine's day. The Spanish gunboat Gracioso is cruising in our sounds. The par value of Wilmington gas stock is \$60, and it sells for \$37.50. The republicans of Robeson county are about to start a paper at Lumberton. The house of Edgar Walker, near Charlotte, was burned Saturday night. 245 guests were registered at the Central hotel, Charlotte, on Monday and Tuesday. So far the authorities of Charlotte have had 15 applications for license to sell liquor. Wooten's express and the Southern express company are to come to an agreement. In the west they are pushing the North Carolina & Georgia railroad movement. Last Saturday at Marion, a white man named Powers killed a nigger. No particulars. Col. R. T. Bennett, of Anson, member of the late constitutional convention, has moved west. The Second Baptist church of Wilmington had 7 ladies and 1 gentleman immersed Monday. Wilmington is going to photograph the house occupied by Lord Cornwallis for the centennial. Robert F. White, a worthy citizen of Alamance county, had his arm broken a few days ago by a falling limb. The gin-house of Col. R. C. D. Beaman, near Speight's Bridge, rene county, was burned one night last week. John Andrews, of Alamance county, a fireman on the North Carolina railroad, got his foot crushed the other day. It is said that Col. Jasper Stone, of Gaston county, is to be the editor of the orange organ soon to be published in Raleigh. Mrs. Bensley, of Charlotte is to have a boarding house in Philadelphia for the accommodation of North Carolinians who visit the centennial. In Washington, last Sunday morning, Stephen Carson and a Mr. Sutton got into a row, and the latter received a probable fatal wound in the face. The dwelling house of John A. Williams, of Bladen county, was destroyed by fire Sunday morning. Incendiarism is suspected, and the loss is \$2,900. The Charlotte Observer insists that the story of Stamper's escape from the Caldwell county jail in his wife's clothes is true, and the Messenger, published at Lenoir, says it isn't. The reader pays his money and takes his choice. THE MOST REMARKABLE REMEDY EVER DISCOVERED.—BENSON'S CAPSICUM PLASTER.—At no time in the history of true medicine has an article appeared which has met with greater approval and success than Benson's Capsicum Plaster. Why they are preferred to all other porous plasters, is owing to their improved composition; they act instantaneously, cure speedily and effectually. Physicians and the general public who acknowledge the great benefits derived from the use of the ordinary porous plaster, however, maintain that their action is not sufficiently prompt, requiring time, patience and continuous wear to effect a cure. Benson's Capsicum Plaster overcomes this difficulty by accomplishing in a few hours that which it takes any other plaster a many days. Although a recent discovery—Capsicum has been thoroughly tested by physicians, and in each instance has been pronounced the most remarkable, safe, certain and thoroughly efficacious remedy ever discovered. Incorporating Capsicum in an improved Porous Plaster has been accomplished after repeated collections from the medical fraternity and is now prescribed by them with unprecedented success; especially in Rheumatism, Pleurisy, stubborn Colds, Kidney Complaints, and all diseases for which a Porous Plaster has been used. Its marvellous influence over the circulation, and general effect on the system is almost incredible; from the moment of its application to the affected part, it operates with astonishing vigor—brings relief and cures more effectually than any known Plaster, Lintment or Compound. It is a genuine pharmaceutical preparation of the highest order of merit; its ingredients are entirely vegetable and free from Mineral or Metal Poisons. One trial will convince the most skeptical of its superiority over the ordinary Porous Plasters. When you desire prompt and immediate relief, ask your Druggist for Benson's Capsicum Plaster. Price, 25 cents. SEABURY & JOHNSON, Pharmaceutical Chemists, Wholesale Agents, N. Y. For sale by Williams & Haywood and Paschal, Lee & Co, Raleigh. M. C. Haff, reading clerk of the house, and J. W. Clayton, journal clerk, have been displaced.

NEWS AND NOTES. The Carlist General Ello is dead. Senator Christiancy opposes Morton's Mississippi bill. Congressman Starkweather is reported hopelessly ill. A large number of Carlist prisoners have arrived at Hernani. The law creating a supreme court in Canada is to be repealed. It is said that the Spanish ministerial majority is too large to be beneficial. A government of employes attempted to assassinate the prime minister of Greece. The English are getting alarmed at the decline of their trade with America. The acceptance of Andraszy's vote by the Sublime Porte is considered certain. The English centennial commission, under Prof. Archer, sailed yesterday for Philadelphia. The rumored extensive warlike preparations of Austria are denied by Vienna advices. Snow crushed the court-house at Shasta, California, and has blocked up railroads in Nevada. C. F. Smith, of New Hampshire, has been appointed assistant journal clerk of the house of representatives. On account of errors and omissions the committee on revision of laws will report in favor of a new edition. The senate committee on appropriations has reported favorably on the house bill providing for the interest on District bonds. A Charlottesville, West Virginia, mob yesterday lynched a nigger by the name of Hines for killing another by the name of Dorileys. Ten additional whisky fraud indictments have been found in Milwaukee. About a dozen thus far have put in a plea of guilty. At a recent meeting of the creditors of Edwin Booth, in New York, a dividend of 5 per cent. was declared by the assignee. At the instance of Sobenck, writs were served in London, Wednesday, on various financiers connected with the Emma mine swindle. Dawson and Estess, the Lee murderers, were taken from the jail at Charlottesville, West Virginia, yesterday, and hung in the woods. The French senate will include 22 radicals, 16 ultra Bonapartists, 47 moderate Bonapartists, 70 legitimists and Orleanists and 14 ultra legitimists. Winslow, the Boston forger, has been traced to the steamer Rotterdam, which sailed Friday. The United States has no extradition treaty with Holland. Babcock and his witnesses have been notified that they need not appear at St. Louis until Monday, as McKee's trial will not be concluded before that time. A fire at Boulogne, France, destroyed the refreshment and waiting rooms of the International railway station. The freight and custom house depots were saved. The national woman's suffrage convention met in Washington yesterday. Mrs. Stager presided, Olympia Brown prayed, and Fred Douglass made a speech. The democratic senatorial caucus appointed Stevenson, Gordon and Wallace a committee to confer with Lamar, or the president of the congressional executive committee. Winslow certainly issued a large quantity of bogus stock of the Boston Post. At the instance of N. G. Greene, former proprietor of the Post, a writ of attachment was served on the Daily News, based on Winslow's transaction. A. C. Hensing, editor of the State Zeitung, Jacob Rhen, ex-superintendent of police and J. F. Hoyt, ex-deputy revenue collector, all of Chicago, have been indicted for whisky frauds. Hoyt was caged in default of \$50,000 bail. A squad of 23 U. S. soldiers while out hunting 50 miles south of Santo Fe, were attacked Jan. 17 by 200 Apache Indians. The troops were armed with carbines and fought well. 23 Indians were killed before they retreated. The soldiers had three wounded, one fatally. Commissioner Haines is held in \$15,000 bail, and W. H. Bristow is also indicted in the Parkman-Brooks cotton matter. Bristow, who passed on the claim, acknowledges having received a gold watch. Foreign residents in China are alarmed at the threatening demeanor of the natives. They think that the celestials are about to make war on all foreigners. England has sent a man-of-war to each of the treaty ports. OUR STATE CONVENTION. The subject being agitated as to when and where our state convention shall be held, we rise to put in nomination Raleigh as the place, and suggest that the appointment of the time be postponed till after the time for holding our national Convention is named. There are a number of reasons why our state convention should assemble in Raleigh. It is the most central point, easy of access and the hotel accommodations are ample. This will be of considerable importance to those who attended the convention of '72 in Greensboro and know what a rush there was at the hotels. To the executive committee we say by all means select Raleigh.—Durham Tobacco Plant.

A FEW WORDS TO FEEBLE AND DELICATE WOMEN. By R. V. French, M. D., of the World Dispensary, Buffalo, N. Y., Author of "The People's Common Sense Medical Adviser," etc., etc. Knowing that you are subject to great amount of suffering, that delicate on your part has a strong tendency to prolong it, and the longer it is neglected the more you have to endure and the more difficult of cure your case becomes, I, as a physician, who am daily consulted by scores of your sex, desire to say to you, that I am constantly meeting with those who have been treated for their ailments for months without being benefited in the least, until they have become perfectly discouraged and have almost made up their mind never to take another dose of medicine, or be tortured by any further treatment. They have rather die and have their suffering ended than to live and suffer as they have. They say they are worn out by suffering, and are only made worse by treatment. Of any thing more discouraging, we certainly cannot conceive, and were there no more successful mode of treating such difficulties than that, the principles of which teach the reducing and depleting of the vital forces of the system, when the indications dictate a treatment directly the reverse of the one adopted for them, their case would be deplorable indeed. But, lady, sufferers, there is a better and far more successful plan of treatment for you; one more in harmony with the laws and requirements of your system. A harsh, irritating caustic treatment, and strong medicines, will never cure you. If you would use rational means, such as common-sense should dictate to every intelligent lady, take such medicines as embody the very best invigorating tonics and nervines, compounded with special reference to your delicate system. Such a happy combination you will find in my Favorite Prescription, which has received the highest praise from thousands of your sex. Those languid, tiresome sensations, causing you to feel scarcely able to be on your feet or ascend a flight of stairs; that continual drain that is sapping from your system all your former elasticity, and driving the bloom from your cheeks; that continual strain upon your vital forces that renders you irritable and fretful,—may all be overcome and subdued by a persevering use of that marvelous remedy. Irregularities and obstructions to the proper working of your system are relieved by this mild and safe means, while periodical pains, the existence of which is a sure indication of serious disease that should not be neglected, readily yield to it, and if its use be kept up for a reasonable length of time, the special cause of these pains is permanently removed. Further light on these subjects may be obtained from "The People's Common Sense Medical Adviser," in which I have devoted a large space to the consideration of all forms of diseases peculiar to your sex. This work will be sent (post-paid) to any address on receipt of \$1.50. My Favorite Prescription is sold by druggists. TO CONSUMPTIVES. The advertiser, an old physician, retired from active practice, having had placed in his hand by an aged India Missionary the formula of a simple Vegetable Remedy, for the speedy and permanent Cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a Positive and Radical Cure for Nervous Debility and all Nervous Complaints, after having thoroughly tested the wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send (free of charge), to all who desire it, this receipt, with full directions for preparing and successfully using. Sent by return mail by addressing—Dr. W. C. STEVENS, Munroe Block, Syracuse, N. Y. nov 23-wly THE BEST FERTILIZERS IN USE. The Star Ammoniated Mape's Nitrogenized SOLUBLE PHOSPHATE SUPER PHOSPHATE OF LIME. We have found by several years experience in selling the above Fertilizers, as well as by actual observation, that they have no superior, if any equal among Commercial Manures. Our prices are much lower than others, not so universally popular, and that have proved unequal in results, upon sworn statements from many of our best farmers. All we ask is a fair trial with anything sold in the South. We refer to the following gentlemen of large experience, who have used our Phosphates for several years: R. IVEY, Wake County. JOHN AVERA, Johnston County. W. H. WHITAKER, Wake County. W. H. SANDERS, " DAVID ADAMS, " M. H. HORTON, " JAMES PACE, Chatham County. M. C. UTLEY, " W. M. THOMAS, " COL. E. STEWART, Harnett County. R. H. WILSON, " JAMES A. JOHNSON, " ELIAS HAINES, " D. Mc. McKAY, " And many others who will gladly give their experience. For Sale by A. C. SANDERS & Co., RALIGH, N. C. Agents. Jan 26-11
