THINK OF IT.—Mr. J. D. Whitaker offers good wood's pine wood delivered for \$3.00 per cord. You can find him in rear of Citizen's National bank.

TAR DROPS.

The Cape Fear is falling. An eagle flew over Charlotte yesterday. The "spoils pork" item is so stale that it stinks.

The Charlotte circulating library is in full blast. Game of all kinds is plentiful in Pender county.

The money bill of Harry Hancock's store, Wilmington, was robbed Monday night of \$7.

The ladies of the First Presbyterian church of Wilmington have been requested to give an "old folks" concert at Goldsboro.

NEAL KNOX, the leader of the nigger gang of highwaymen who have been depredating in and about Charlotte for some time, has been captured.

Mr. John M. Francis thinks that the people of India will never be really civilized into English ways, and is further disposed to believe that missionary efforts in their behalf are vain.

THE WILMINGTON COTTON MILLS have gotten out a few bolts of prints to show what they can do. The company will go largely into the manufacture of prints in a short time.

MORE ABOUT THE FLOURNOY CASE.

It will be remembered that on the 14th of December last Joseph F. Porter alias Flournoy, an escaped convict from the Georgia penitentiary, was arrested in this city and lodged in jail.

ADAM STANLY UNDER MORTGAGE. Old Adam Stanly, alias Adam Mordecai, came yesterday to advertise a stray cow at his house.

FACTS are stubborn things, and so are coughs and colds, but the latter will invariably yield to Dr. Bull's Cough Syrup, which costs but 25 cents.

NEWS AND NOTES.

Congressman Starkweather is dead. Our consular and diplomatic bill appropriates \$222,847.

The English government has received intelligence of the arrival of Lieut. Cameron's party on the west coast of Africa. A steamship has been ordered to take him and party to Zanzibar.

There is a revolution going on in Hayti. The insurgents are in possession of the capital, Port au Prince, but Basset, the American minister, who is president of the club, refused to accede to the demand.

It now appears that Nubar Pasha was really dismissed from the service of the Khedive for the offense of having recommended his august master to invite England to send Mr. Cave as a commissioner to Egypt.

THE NEW YORK JOURNAL OF COMMERCE opposes the proposition to make a president, on his retirement from office, a senator for life, and says that there is nothing now to prevent an ex-president, if he possesses the confidence and can win the votes of the people, from making himself as useful as he wishes by being elected to congress.

THE MOST REMARKABLE REMEDY EVER DISCOVERED.—Benson's CAPSINE POROUS PLASTER.—At no time in the history of true medicine has an article appeared which has met with greater approval and success than Benson's Capsine Plaster.

Physicians and the general public who acknowledge the great benefits derived from the use of the ordinary porous plaster, however, maintain that their action is not sufficiently prompt.

It is a genuine pharmaceutical preparation of the highest order of merit; its ingredients are entirely vegetable and free from Mineral or Metal Poisons.
