Daily Sentinel

VOL. XXI. RALEIGH, N. C. SATURDAY, FEBRUARY 12, 1876. Issue No. 149

Advertisements will be inserted in the Daily Sentinel at the following rates per square of one inch, or less, unless otherwise specified.

LEA & FERRIS' WORCESTERSHIRE SAUCE THE CITY.

Plum trees hereabouts are white with snowy blossoms. J. J. WOLFENDEN & Co., dealers in grain. Corn a specialty. Newbern, N. C.

Weather gloriously bright, warm and beautiful; more like May than February. Thomas Bruner, of the staunchly democratic Salisbury Watchman, is in the city.

Surry county, last month, drew \$1,300 from the state treasury on account of lunatics.

Cotton market very dull. Middlings 12; low middlings 10 1/2; clean stains 10 1/2; deep stains 8 1/2.

Woods' pine at \$3.50; seasoned oak at \$4.00; field pine at \$3.00. Call on J. D. Whitaker near Citizens Bank for supplies.

Policeman Carver should have been mentioned as one of the officers assisting in the arrest of the burglars at Gully's store.

Let all corn buyers ask for corn that has been fanned and cleaned at the City Granary expressly for this market. Feb 2-1w.

The Franklin Courier announces that our fellow-citizen, N. B. Broughton, will deliver a temperance lecture in the court-house at Louisburg, next Tuesday evening.

The Wilmington Star, of Feb. 11, says: "A forthcoming number of the Carolina Household Magazine is to contain a portrait and sketch of Rev. Dr. Pritchard, of Raleigh."

John M. Robinson, president of more railroad and steamship lines than any other man of his age in America, after spending a day or two in this city, left for Baltimore this morning.

Last night, while endeavoring to un-coup some cars at the depot, Captain Jordan, freight conductor on the N. C. railroad, had the misfortune to break his left arm. Dr. Royster was called and dressed the injury.

Our esteemed friend, Gen. Lilley, is succeeding splendidly for the Lee Memorial in South Carolina. The list of contributors in Charleston embraces every prominent citizen, male and female, of the place.

Many Carolina frequenters of the old Virginia White Sulphur Springs, will be glad to hear that a splendid modern hotel is rapidly rising on its grounds. It will be ready to open by the 1st of June, will be elegantly furnished, and in every respect worthy of the most charming watering-place in America. Peyton says this will be the biggest season the "White" has ever known.

The very fine results and increasing demand of the Star Ammoniated Soluble Phosphate seem to have created quite a sensation among manufacturers of and dealers in commercial fertilizers. Other manufacturers have even commenced manipulating and offering for sale a fertilizer called the "Star Bone Phosphate." Farmers should beware of imitations. The original and only genuine Star Ammoniated Soluble Phosphate has the trade mark of a star printed on each sack with the analysis manufactured by Lorentz & Rister of Baltimore, Md., and for sale by A. C. Sanders & Co., or their agents.

The Baltimore Card-Basket, a society paper, of Jan. 29, in its account of a recent "kettledrum," contains this mention of a fair Marylander who has many friends in our state and city: "The usual singing took place between 8 and 9:30 o'clock, wherein Miss Ella Williams really excelled herself in a charming vocal rendition. This lady has a sweetly modulated as well as highly cultivated voice, which only needs the constant practice that an amateur can, unfortunately, never enjoy, to make it of immense power. She was greatly applauded, as were also Miss Barnard, Mr. Emory and Mr. Martine."

GOOD ENOUGH.—A Battleboro correspondent of the Wilson Advance thus gracefully begs to enter another thoroughbred for the gubernatorial race: "While recently traveling about, I have heard the name of Major Seaton Gales, of Raleigh, prominently mentioned in connection with the lieutenant governorship. Our people would be extremely fortunate in his nomination for this position, and still more so in his election. His equal as an orator is seldom found; his purity of character endears him to the hearts of those to whom he is known; and his action upon the field of battle has been faithful as his discharge of his peaceful duties at home."

SAW MILL ACCIDENT.—Yesterday afternoon at Wyatt's saw mill, 15 miles south of this city, a serious accident happened to Jeff Dupre, the miller. While engaged in removing some lumber he accidentally stumbled upon the saw while it was in motion, and had his right hand and arm split up to the elbow, a thumb cut off and a severe wound in the back.

KNIGHTS OF PYTHIAS. Supreme Representative Samuel Merrill, of this city, last Wednesday evening, installed as officers of Charlotte Lodge, No. 17, K. of P., for the ensuing year: H. C. Jones, C. C.; D. P. Hutchison, V. C.; J. R. Holland, prelate; W. L. Boyd, K. R. & E.; J. B. Reiss, M. of P.; J. C. Smith, M. of E.; J. J. Gormley, M. of A.; E. B. Springs, I. G.; C. U. Smith, O. G. A supper followed the installation.

CALENDAR AND SHOW-CARD.—We are indebted to Messrs. Edwards, Broughton & Co., printers and binders, of this city, for the handsomest calendar and show-card we have ever seen printed in the state, and it reflects great credit upon their skill and energy. These gentlemen not only deserve to be patronized because of being practical workmen, but because through energy, perseverance, hard work and honest dealing, they have established, as they claim, the only house in this state in their line able to compete with northern work and prices. Do you want printing or binding of any kind? Give them a call.

THE REVIVAL.—The nightly meetings, which have been in progress during the past two weeks in the Salisbury Street Baptist church, still continue with most gratifying results and prospects. The labors of Rev. Dr. Thomas, of Norfolk, have been able, earnest and effective. Last evening there were eight or ten anxious inquirers for salvation, and quite a number have already united with the church upon profession of their faith. Dr. Thomas left for home this morning, attended by the prayers and christian love of all the brotherhood here, and the meeting will be carried on next week by Dr. Pritchard and others.

SUPREMACY CASE.—The argument begun yesterday in the case of Richard P. Spiers vs. Haled, Haines & Co., from Halifax, concluded. Walter Clark for plaintiff and Moore & Gatling and Batchelor & Son for defendant. R. B. Peebles vs. J. W. Newsom, sheriff, from Northampton. Argued by R. B. Peebles for plaintiff and Smith & Strong and D. A. Barnes for defendant. L. A. Paschall, administrator, vs. Thomas Connell et al., from Warren; argued by L. C. Edwards and Batchelor & Son for plaintiff and Moore & Gatling and C. A. Cook for defendant. Court adjourned until 10 o'clock Monday morning.

SUE FOR SLANDER.—Under this head, with the addition, "\$20,000 wanted," the Washington City Star, of Feb. 9, contains the appended paragraph: "Yesterday Mr. D. W. Glamie, for E. S. Farrar, entered a suit against James L. Henry, of North Carolina, charging him with slander in having recently said of and concerning her that she took him to a house on 10th street and he staid with her, &c. She claims \$20,000 damages. The writ was served last night, and Mr. T. H. McPherson to-day entered his appearance for defendant. It is understood that the defendant denies the allegation.

Henry is the individual who, as judge, holds the next term of our superior court instead of Wats. THE SOUTHERN HISTORICAL MONTHLY.—The first number of Col. Pool's new magazine is on our table; and, though not entirely clear of defects, is a handsome guarantee of what it will be when he gets fully under way. Its table of contents comprises: The Causes which Produced the War; The Correspondence between the Confederate States Commissioners and Mr. Seward; Gen. Lee's Official Report of the Pennsylvania Campaign; North Carolinians at Gettysburg; Reply to Von Molke on West Point; Crossing the Potomac by the Confederate Cavalry; Carved in Brass and Marble; Virginia and North Carolina; and other articles, interesting, entertaining and valuable. Col. Pool's enterprise deserves the cordial co-operation and support of every southern man and every North Carolinian particularly. It is an effort to snatch from oblivion the memory of many a hero and heroic deed, that would otherwise be lost to history. The magazine will be worthy of success, and we sincerely trust may attain it.

THAT STATE FAIR. The meeting so suddenly and strangely called to save our State Agricultural Society from ruin, was held last evening at Metropolitan hall. We have only space for a brief mention of its proceedings, but shall take up the subject hereafter. No one of the questions propounded in the Sentinel of yesterday, was answered. No light was thrown on any of the dark points which our people would like to see illuminated.

Judge W. H. Battle was called to the chair and Major John Daventon acted as secretary. R. A. Wiley, treasurer, made a brief financial statement: The new fair grounds and buildings cost \$60,000; the old debt of the society was \$6,000; the old fair grounds sold for \$13,000; the citizens of Raleigh had subscribed \$6,500, and in the past four years \$4,500 had been received from the state; \$10,000 of the debt was owed to the N. C. State Life Insurance company; \$10,000 to mortgage bonds; \$10,000 to banks and individuals and the \$5,000 floating debt consisted of unpaid premiums on field crops.

W. R. Cox urged citizens to take up the 8 per cent. bonds of the society. A letter was read from President Holt, offering to take up \$1,000 worth of those bonds provided the whole amount was taken. Gen. Hoke said it was the idea of the society to fund the whole debt and to issue \$100 bonds to run 10 years at 8 per cent. He would take \$50 worth of the bonds. Alexander Creech was put down for \$1,000; J. G. Williams took \$500; Dr. Blackhall \$800; T. H. Briggs \$500; N. S. Harp \$500; Julius Lewis \$1,000; P. F. Pender, Sr., said he would place \$1,000.

Mr. Fulghum introduced a resolution to appoint a committee of five, two of the board of aldermen, the other three citizens, to examine the books of the treasurer and make a report to an adjourned meeting next Friday night. The chair appointed J. R. Williams, John Armstrong, R. T. Fulghum, L. E. Adams and G. D. Heart as the committee. Gov. Brogden was called on and made a stirring appeal in behalf of the fair.

TAR DROPS. The Charlottians are going to concert for hospital funds. Charlotte young men are full-dressed in smiles and white cravats.

Caldwell, of the Charlotte Observer, longs for robin-redbreast pie. Dr. J. B. Seavy, of Fender county, lost \$500 by the burning of his barn. Rufus Morgan is doing his best to make pretty pictures of the Saltibrians. Salisbury ladies are going to have a Martin Washington tea-sipping and gossip-swapping.

The Dejarrette place of 1,600 acres, in Anson county, has been sold to John Robinson, at \$10,000. Horace Ogden, an old citizen of Beaufort county, fell dead in his mill the other day, of apoplexy. Young Louisburgers are preparing for a dramatic entertainment for the benefit of the orphan asylum.

A nigger robbed the house of Peter Tharrington, of Franklin county, last Saturday in broad daylight. The New York Herald, of Feb. 10, reports Gen. T. L. Cumpman, of North Carolina, as staying at the Astor house. Major John W. Dunham was badly hurt, last Wednesday evening, by falling through an open collar door in Charlotte.

Sheriff Hearse, of Stany county, has returned from Arkansas with Alieu Carter, who murdered Bush Lilly in 1866. Hon. Jesse Yeates, former congressman from the Newbern district, recently cut his thumb nearly off while splitting a stick of wood. Asheville is deep in the ashes of mourning and woe. A rape flies from the door-knobs of her soul and the elbows of her ears. Her six-legged pig is dead—gone to meet all the rational angels.

W. Y. Moore, of Edgecombe county, bought a lot of ten pigs that, when killed at 18 months old, weighed in the aggregate 3,253 pounds. The Tarboro Southerner wants to know who can beat it. RELIGIOUS. Bishop Lyman preaches at Rocky Mount, Feb. 25. The Wadeboro Methodist ladies have bought a lot and are going to build a parsonage. It is claimed that the Baptists in the southern states have a grand muster-roll of 1,200,000. The five-weeks revival meeting in the Tarboro Methodist church closed Wednesday night, with 50 additions to the armies of Zion. The ladies of Staunton, Virginia, recently had a "festival of all nations," in costume, which netted \$600 for the Young Men's Christian Association. It is a great pity to see how many people allow a cough or cold to go unnoticed, and thus pave the way to an untimely grave from the effects of consumption. A pleasant, safe, reliable, and cheap remedy is Dr. Bull's Cough Syrup.

SOUL SHADOWS. Heavily o'er us the shadows are closing; Drearly and chill sounds the fast-falling rain; Hence to the pillow, that knows no repining— Hence, Love, never to view thee again— Parted forever, Fate bids us sever, Never, oh never, To meet, Love, again! Never again at the long day's decaying, Glad, shall I watch for thy coming of bliss; View the soft smile o'er by gentle lip passing, Thrill 'neath the fondness that grew in thy kiss. Hopeless the morrow Must dawn on my sorrow— Why should love harbor Anguish like this! O'er my cold bosom when the long gaze is waving, Sweep by the night-breeze that sighs round my head, Mourning not for him, whose thro' shrines I dream of, Calm, let me rest in that sorrowless bed, My life in weeping, Harms not the sleeping, The sleep of the dead.

NEWS AND NOTES. The military hospital at San Sebastian has been burned. Too much silver thread among their gold, is what bothers the Calif-rainers. Dr. Hambleton has resigned the clerkship of the committee of ways and means.

The flouring-mill of Voigt, Ostman & Spencer, at Pittsburg, Pa., was destroyed by fire yesterday. L. as \$51,000. The New York Herald predicts a terribly sickly season, as a consequence of the unnatural warmth of the winter.

The losses by the recent Gotham shermanization, incendiarization, conflagration, foot up the handsome total of \$1,000,000. In the Babcock trial yesterday Maj. E. B. Grimes, U. S. A., testified that Babcock corresponded with McDonnell after his (McDonnell's) indictment.

A couple of Mormon preachers are campaigning for recruits in the western part of the state. All eager aspirants for a one-99th part of matrimony can now be accommodated. Judge Billings opens the U. S. district court at New Orleans Monday week. He's far fitter for the penitentiary than the bench; but of such is the kingdom of Grantism.

As things go now, Mrs. Victoria will ere long be the final success—or of all the Pharoahs, with their murrain, hail and other insects. Britannia is getting a full-value mortgage on Egypt. A dead-beat, small scale imitator of our noble president, giving the name of Wisness and representing himself as a painter from Denmark, has been victimizing Murfreesboro landlords and landladies.

The Pendletonians are arraying themselves to defeat Hendricks. With out a vast improvement in democratic counsels and strategy, they will be saved the trouble of beating each other; we will all go under together. The bank of Commerce at New London, Connecticut, was robbed of \$21,000 Tuesday night Wednesday morning the bank officers not being able to open the vault, an expert was sent for who succeeded in accomplishing the job by night, when the loss was discovered.

The centennial appropriation bill passed the senate yesterday by a vote of 41 to 15. Alcorn, Hamilton, Wade and Howe, republicans, voted nay, and Hayward, Caperton, Dennis, Jones, of Florida, Kelly, Maxey, McDonald, Randolph and Ransom, democrats, voted aye.

Bismarck declares Germany is "in a state of profound peace, contented with what she possesses, with no wish for conquest and no thought of threatening any one." And France, Austria, Russia and Amsterdam are promptly sending more cavalry to their frontiers, and sleeping with their spectacles on.

Gen. John T. Morgan, appointed by Gov. Houston, of Alabama, to prosecute the case against Spencer, arrived in Washington yesterday and presented his credentials to the senate committee on privileges and elections. The committee will decide Tuesday upon its course of action. LOOK INTO THIS MIRROR AND SEE IF IT REFLECTS YOU.—1st. Of the head—heavy, dull aching over the eyes, sometimes extending back through different parts of the head, and causing a weight or heat or coldness on top of the head, snapping and cracking noise in the ears, dullness of hearing—often the secretion collects in middle ear, closing up the eustachian tubes, producing deafness—the lining membrane being the same from the head through the whole alimentary canal, and down into the lungs, it has but to extend itself to affect the whole system. It becomes violent in the nose sometimes, causing a tenderness, or producing offensive breath, discharges of yellowish matter and scabs the shape of the nostrils, or if the partition bone is only affected, then the lacryms are flat, and when they discharge, which is generally after erection, the nose is open, the patient breathes more easily and the head, feels more clear—the heaviness over the eyes and across the forehead is seldom entirely gone, but it is aggravated by every fresh cold. The offensive smell which the unfortunate chews many kinds of drugs to neutralize or destroy, and thereby is enabled to go into society without being a positive nuisance, which persons of both sexes are, on account of this barbaous and offensive disease, called ozena, which has now assumed a Tertiary form of cancer, destroying everything but the outside skin letting the nose sink in, extending to the throat, destroying the voice, etc., when the disease is called Laryngitis, Tracheitis, Bronchitis, etc. Dr. Jones at the Madoc House, Greenboro, cures this disease.
