QUARTERLY MEETING .- The 2d quarterly meeting for Person Street church will take place next Saturday and Funday. The presiding elder, Rev. J. P. Moore, will be present.

HILLSBORO ITEMS. - A private letter from Hillsbere says the whole town is in distress over the Illness of Mrs. John W. Norwood and Mrs. James Webb, Jr. Their condition is alarming and little hope of recovery is entertained by their friends.

DECLINES. - In a letter to the demeratic executive committee, Col. S. D. Pool announces that he will, under no circumstances, be a candidate for reelection to the position of superintendent of public schools. Col. Pool has filled the office usefully and acceptably to all parties and, if he had concluded o be his own successor, would have been hard to beat.

Manning, of the Danville News, was in the city last night and left for his new headquarters this morning. He and his brother have just bought the whele establishment, and we venturenothing of our prophetic reputation in predicting that they will speedily push it to the front rank of smaller-town dailies. It is wide awake, newsy and spunky, and those qualities will make a paper anywhere./

NEW INSURANCE COMPANY .- A new fire insurance company has just been organized in this city, under an act of the last legislature. The officers of this company are, Armistead Jones, president; George W. Blacknall, treasurer; and R. W. Best, secretary. The company is styled the Southern Underwriters' Association, It starts out under the very best auspices, and will no doubt reap a full measure of success. The inauguration of such an undertaking in the face of the cry of hard times speaks well for the energy and enterprise of North Carolinians. Their advertisement will appear to-morrow, when we will give a more extended notice.

KIDNAPPED.—Governor Brogden has received information that Hardin buckets of aqua-fortis. Let us have Martin, nigger, was decoyed from his peace or pieces. home in Rockingham county a few days ago, tied and taken by two men to-Henry county, Va. It is said that Martin is charged with the perpetration of some crime in Henry county, but the citizens of Rockingham are indigpant that all the forms of law of state and county were violated in his arrest, and a couple of magistrates have informed the governor of the facts in the case. Governor Bregden has laid the matter before Governor Kemper, of Virginia, and Martin will doubtless be returned to this state. If Mertin has been guilty of crime in Virginia a requisition from the executive of that state will be sufficient to cause his arrest and prompt delivery.

A TISSUE OF FALSEHOODS. -The Wilmington Star of yesterday, under this head, says :

We have beretofore noticed to the ex tent that it deserved, the fact that R. M. Norment, republican contestant for a seat in the late constitutional convention, had made affidavit before U. S. Commissioner Cassidey to the effect that Gen. W. B. Cox, chairman of the democratic state executive committee, had corruptly conspired with the county commissionconspired with the county commissioners of Robeson county to defeat himself and colleague in that election. Yesterday we received from Gen. Cox the following dispatch, in which it will be seen that he pronounces the charges in the affidavit mentioned a tissue of false-books:

"RALEIGH, N. C., March 15, 1876. "To Stan: I have seen Norment's affidavit for my arrest, which is simply a tissue of falsehoods, and I defy the fullest investigation on the part of those of whom he as simply the figure-head.

W. R. Cox."

The examination of the case is set for a hearing before Commissioner Cassidey to-morrow at the U. S. district court room, and will doubtless attract much

ROUSING RUMPUSES IN RAL-EIGH.

LIBELS AND COUNTER-LIBELS-AR RESTS, SUITS, PEN-AND-INK KNOCK-DOWNS AND DRAG-OUTS AND GENERAL MUDDLEMENT.

Yesterday was a breezy day in Raleigh. The March zephyre went cavorting and singing, howling around corners, clattering signs and dashing dust enough into every open mouth and eye to enable its possessor to go into the real estate to capital. But more breezeful by far than all the March weather was the hellabelloo kicked up by "man's inhunanity to man" which makes countless cribblers mourn. The gir was hot and thick with rumors of wrath and tribulation. About noon, Gen. W. R. Cox, chairman of the state democratic committee, was arrested by United States marshal, and taken off to Wilmington on a lying charge of conspiracy in the Robeson county convention case. A little later in the day, the card of Secretary of State Howerton appeared, charging Col. Walter Clark, of the News, with offering to well the influence and champ of that paper to him for \$1,000 in publie printing; and charging the proprie tors of the News with having made a false affid avit in regard to their circulation. Within an hour after the appearance of these-grave charges, Josiah Turner, of the Sentinel, was arrested charged with libel in allowing Howerton's publication to be made through the Sentinel's columns. A warrant was out for Howerton too. Add to all this the arrest of, or serving of warrants on, Col. Walter Clark, Col. Thomas Holt. Col. John D. Cameron and Dr. George Graham, of the News, in a suit for \$50,000 for libel of Howerton; and the dear public have the bill of fare of about as lively a day's work as we have witnessed in Carolina journalistic and political circles in many a day. Brethren, dear brethren, permit a venerable christian with green glass eyes, seated up on a very high fence, to suggest that your little hands-es were never manufactured to claw each other's optical orcanisms in this exacerbating style.
