TO CONSUMPTIVES.

The advertiser, an old physician, retired from active practice, having had placed in his hand by an East India Missionary the formula of a simple Vegetable Remedy, for the speedy and permanent Cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a Positive and Radical Cure for Nervous Debility and all Nervous Complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send (free of charge), to all who desire it, this recipe, with full directions for preparing and successfully using. GILES' LINIMENT
IODIDE OF AMMONIA
"GILES' IODIDE OF AMMONIA IS, in my judgment, the best remedy for neuralgia ever put before the public. I have been afflicted with this disease for 32 years, and never until I fell upon Mr. Giles' remedy did I find an assured relief. I take pleasure in saying this, inasmuch as I desire always to be a benefactor of the human family.

MAYOR'S COURT.—A dark lot at his honor's reception this morning:

Jeff. Humphreys, darkey, violating dray ordinance, $1 and costs. Fred. Thomas, shady complexion, larceny, $5 and costs. Hardy Bragland, dusky citizen, drunk on streets Sunday, $5 and costs. Chas. Johnson, Africo-American, drunk on streets, Sunday, $5 and costs. Nelson Hogg and ——— Harris, disorderly on Sunday, $5 each.

OVER THE SEAS. Col. Wm. H. Tucker, one of our Oak City merchant princes, left this morning, with three daughters of his brother, Maj. R. S. Tucker, for a six months European tour. They will take a bird's-eye view of places of interest in Great Britain, France, Germany and Italy; and return in October in time to visit the centennial in the mellow autumn days. A host of friends join in wishing them a delightful trip and a safe return.

EPIZOOT. The real old original horse-disease is raging among our people. Such a lot of red eyes, fevered faces and sloppy noses as meet one at every turn, were never seen hereabouts before. And the roar of hawking, spitting, coughing, sneezing is as the ceaseless sound of many waters. The congregations of all our city churches were thinned out, in spite of the beautiful weather of yesterday, by the prevailing sniffling plague. In some cases, the distemper has assumed the more serious form of pneumonia.

A GOOD SERMON.—Rev. Dr. Vaughan, of the Presbyterian church, gave his congregation an excellent sermon last evening, on the declaration of Paul: "I am not ashamed of the cross of Jesus Christ." He argued that the christian should glory in his religion, because it is rational, simple, universal in its application and all-potent to save sinners. Jupiter reigned only near Olympus; Vishnu's dominion never leaves the Ganges shores; but the cross of Christ is the symbol of purity, salvation and power in every land and every clime, wherever a human heart has felt its sinfulness and its need of a Savior.

LODGE OF GOOD TEMPLARS.—Under this head, the Charlotte Observer, of April 9, says: A meeting was held yesterday morning, in the hall of the Y. M. C. A., for the purpose of organizing a lodge of Good Templars. Mr. Thos. N. Ramsay, lecturer of the state, was present, and after a few remarks by himself and Mr. Geo. E. Wilson, the following officers were elected and installed: G E Wilson, W C T.; Miss Emma Eagle, W V T.; A L Butt, W C.; G F Bason, P W C T.; G T Coleman, W R S.; Miss J Hollis, W T.; W O Eastlake, W F Sec.; De Witt Allen, W M; Miss Emma Franklin, W I G.; Geo W Hales, W O G. The appointed officers were: Miss A Robertson, W D M.; Miss Julia Franklin, W A S.

The other appointed officers will be chosen at the next meeting, which will be held at the hall of the Y. M. C. A. on Thursday, April 13th, at 8 p. m. All persons joining then will have the privilege of being charter members. The lodge is called Charlotte Lodge No.—

COUNTY EXECUTIVE COMMITTEE.

RALEIGH, N. C., April 10th, 1876.

There will be a meeting of the executive committee of the democratic party of Wake county, at 12 m., on Saturday, the 15th day of April, 1876, at the office of Jones & Jones in this city. The county executive committee consists of three central committeemen and the chairman of each township committee. There will be business of great importance to be considered.

ATTENTION DEMOCRATIC VOTERS OF THE 2D AND 4TH WARDS.—There will be meetings held in the second and fourth wards to nominate democratic candidates for aldermen as follows, at election to be held May 1:

2nd Ward—Court house Thursday evening, April 13th, at 8 o'clock.

4th Ward.—Western ward school house, near old foundry, Friday evening, April 14th, at 8 o'clock.

Let voters turn out and nominate good men.

By order Democratic Executive Committee, Raleigh township.
JOS. A. HARRIS,
Chairman.

CHRIST CHURCH.—Rev. Dr. Marshall, rector of Christ church, catechised a large class of young people yesterday afternoon, instead of holding the usual service. The answers were generally given fully and promptly, though occasionally some little fellow would get a wee bit astray. The church will be elaborately and beautifully decorated during the week, for Easter.

CITY ELECTION.—We understand that our city authorities will pay no more regard to Greasy Sam's injunction or mandamus or radical jackeruption, than to the barking of a long lean mangy stray yaller dog. They propose to go right ahead with the election just as though his (dog) honor had never said a word.

THE COUNTY FRAUDS AND THE GRAND JURY.

Too much praise cannot be given to the grand jury of our last court for their earnest and untiring efforts to ferret out the frauds which have been practiced on our county. It was a true, faithful, earnest, honest, determined set of men, and in the name of the people of Franklin we thank them for the arduous duties they so faithfully performed. They held their session until Saturday evening of the second week, meeting sometimes at night. Of course we do not know what they did, but we know that if work and determination will accomplish anything, then they have accomplished something. If they have succeeded in finding the thieves who have been fattening on the county, then a part of what we have labored for night and day for the past twelve months will have been accomplished. We earnestly hope that they collected together sufficient evidence to find a true bill against the party or parties, and that they will have meted out to them at the hands of the law that punishment which their crimes deserve.—*Franklin Courier.*

A Terre Haute writer, misled by one warm day, went off in this extravagant style: "The gay and festive jaybird will soon fill the hillside with his swelling strains, and pluck the voluptuous hopper-grass from cereal luxuriance. The variegated caterpillar will soon vermiculate over occiferous continuations. The thump of the woodpecker, as he goes after the xylophagous milleped, will soon undulate the gentle spring morning. As Phœbus retraces his course through the zodiac, gently touching up recuperative nature, the vindictive bee will gather treacle from the pendant primrose. Salubrious June, with its somnific effect upon the juvenile element, will usher in that speckled grazer, the fun-loving potato-bug. The blithesome jackass will escapade on the virent sward, and pursue happiness in its various ramifications."

A Chatham county correspondent to the Raleigh News nominates congressman Jo. Davis for governor, and says the people of that section are "decidedly opposed to him."

The above extract we find in the Petersburg Index-Appeal. We refer that paper to the letter copied in full in this week's paper from this correspondent, and by reading it it will see that a grave mistake was made. There is no more popular man in the state than the Hon. J. J. Davis, and if nominated for governor will, in our opinion, carry the state by a very large majority. Please make the correction.—*Franklin Courier.*

1876. —THE— 1876.
NORTH CAROLINA
FARMER'S JOURNAL.
Prospectus.

The undersigned proposes to establish in the city of Raleigh, an agricultural newspaper, to be entitled the "North Carolina Farmer's Journal," to be as large as any in the state, and to be published weekly. The first number will appear early in August of the present year.

The "Farmer's Journal" has no connection whatever with the State Agricultural Journal. It will be operated in the interest of the farmers of North Carolina, and is designed to include every department of agriculture, stock-raising, horticulture and domestic economy.

In addition to this it will contain all the important news of the day; a record of the weather, crops and prices; full market reports; movements in cotton, and pleasant or instructive reading for the home circle.

There will be connected with it several special features to which I desire to direct attention, to wit:

An organized staff of regular contributors, composed of our ablest agricultural and scientific writers;

Regular correspondence from the several deputies of the N. C. State grange;

Monthly crop reports from officers of granges in every section of the state;

A department devoted to the development of our material resources;

A column of inquiries and answers;

A literary page for original stories, poems and other writings by native authors.

Each department of the Journal will be rendered as complete and as good of its kind as it is possible for enterprise, energy and close attention to accomplish.

The Farmer's Journal will be edited for the whole state, and not any particular section. Partisan politics and sectarian discussions will be excluded. It will be independent of all sects, parties, factions, or rings. It will constantly aim to watch the farmers' interest; to improve their condition; to keep them well informed; to secure among them harmony, good-will, and vital brotherhood; to promote friendly relations between producers and consumers; to bring to the notice of the world the vast agricultural and mineral wealth of North Carolina; to induce immigration, and to increase the productive industries of the country in every line.

Besides this, it will labor to secure rigid economy in the administration of government; to suppress national, sectional and local prejudices; to promote the cause of genuine reconciliation with the North; and, in a word, to do whatever fidelity to the people may require; and thus come, in good time, to merit a warm welcome in every household in North Carolina.

The subscription price is two dollars a year. Persons desiring to subscribe may send in their names and post offices now, or at any time between now and July 1st, the subscription price to be paid on receipt of the second number of the paper, which will be issued about the middle of August next. Advertisers wishing to secure prominent positions in the columns of this journal, will find it to their advantage to apply at once to the undersigned. For further information, address,

JOHNSTONE JONES,
Raleigh, N. C.

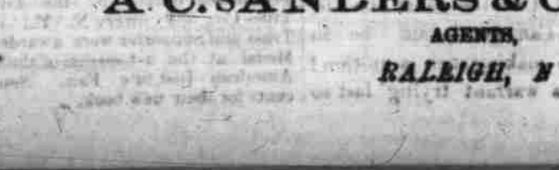
THE BEST FERTILIZERS IN USE.

The Star Ammoniated AND Mape's Nitrogenized



SOLUBLE PHOSPHATE SUPER PHOSPHATE OF LIME.

We have found by several years experience in selling the above Fertilisers, as well as by actual observation, that they have no superior, if any equal among Commercial Manures. Our prices are much lower than others, not so universally popular, and that have proven unequal in results, upon sworn statements from many of our best farmers. All we ask is a fair trial with anything sold in the South. We refer to the following gentlemen of large experience, who have used our Phosphates for several years:
