Where Advertising Contracts can be made.

Success in Advertising.—In times past it was thought inadvisable to proclaim the virtues of one's goods, or to solicit patronage for them in newspapers. During the past twenty-five years through the immense competition in trade, it has become a necessity. The public are always anxious to learn of progress, but are equally desirous to avoid all frauds, as they have been humbugged by useless wares until they have become skeptical of an article possessing genuine merit, and are particularly prejudiced against startling announcements of some new and wonderful medicine without character or worth. Still the public are grateful to manufacturers or inventors of articles of merit, even if known as medicines; many of them are the result of years of careful study by our most eminent physicians, and embrace such principles and productions as Quinine, Chloroform, Chloral Hydrate, Pops Plasters, &c.

Success in advertising depends much upon the intrinsic worth of the article itself even though it be a medicinal preparation. As an evidence of this, a celebrated physician of New York made a great improvement in Pops Plasters by adding Capsine on account of its giving increased effect and quicker relief and cure than any known medicinal property; he hesitated about advertising, fearing his reputation would be injured. A firm of Pharmaceutical chemists in his city learning of this decided improvement, made an arrangement with his physician and commenced advertising in the best newspapers; in a short time the sale increased from hundreds to thousands until now the sale of Benson's Capsine Plasters is exceedingly large and daily increasing. They can be obtained of any Druggist at 25 cents each.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharge falling into the throat, sometimes profuse, watery, acrid, thick and tenacious mucous, purulent, mucopurulent, bloody, putrid, offensive, etc. In others, a dryness, dry, watery, weak, or inflamed eyes, ringing in ears, deafness, hawking and coughing to clear the throat, ulcerations, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired smell and taste, dizziness, mental depression, tickling cough, etc. Only a few of the above symptoms are likely to be present in any case at one time. When applied with Dr. Pierce's Nasal Douche, and accompanied with Dr. Pierce's Golden Medical Discovery as constitutional treatment, Dr. Sage's Catarrh Remedy produces perfect cures of the worst cases of Catarrh and Ozena of many years' standing. This thorough course of medication constitutes the only scientific, rational, safe, and successful manner of treating this odious disease that has ever been offered to the afflicted.

AN IMPORTANT CURE BY DR. TUTT'S EXPECTORANT.—We have been informed by Mr. William, grand-daughter of Gen. Israel Putnam, that she suffered for many years with Asthma, accompanied with great difficulty of breathing. Indeed, she says, it prevented her from lying in a recumbent position, and often suffocation appeared inevitable, for which she used TUTT'S EXPECTORANT. The relief was so great that she was encouraged to persevere in its use until every vestige of the painful disease was entirely removed.

"We can not speak too highly of this valuable preparation of Dr. Tutt, and for the sake of suffering humanity hope that it may become more generally known."—Christian Advocate.

DISTRICT CONVENTION.—A convention of the Democratic-conservative voters of the Fourth Congressional District will be held in the city of Raleigh on Tuesday, the 13th day of June next, for the purpose of nominating a candidate for congress and a presidential elector, and selecting two delegates to the St. Louis Convention. A full attendance is earnestly desired. Each county will be entitled to one vote for every one hundred votes and fractional part over fifty given for Merrimon in 1872.

By order of the District Executive Committee.

Railroad conductors should wear Elmwood collars, as dirt will not stick to them.

The Tarboro Southerner says that the revival feeling is spreading in that locality, but it hasn't got deep enough to affect arrangements on newspaper books.

SPECIAL NOTICES.

NORTH CAROLINA

FARMER'S JOURNAL

Prospectus.

The undersigned proposes to establish in the city of Raleigh, an agricultural newspaper, to be entitled the "North Carolina Farmer's Journal," to be as large as any in this State, and to be published weekly. The first number will appear early in August of the present year.

The "Farmer's Journal" has no connection whatever with the State Agricultural Journal. It will be operated in the interest of the farmer of North Carolina, and is designed to include every department of agriculture, stock-raising, horticulture and domestic economy.

In addition to this it will contain all the important news of the day; a record of the weather, crops and prices; full market reports; movements in cotton, and pleasant or instructive reading for the home circle.

There will be connected with it several special features to which I desire to draw attention, to wit:

An organized staff of regular contributors, composed of our ablest agricultural and scientific writers;

Regular correspondence from the several departments of the N. C. State grange;

Monthly crop reports from officers of granges in every section of the State;

A department devoted to the development of our material resources;

A column of inquiries and answers;

A literary page for original stories, poems and other writings by native authors.

Each department of the Journal will be rendered as complete and as good of its kind as it is possible for enterprise, energy and close attention to accomplish.

The Farmer's Journal will be edited for the whole State, and not any particular section. Partisan politics and sectarian discussions will be excluded. It will be independent of all sects, parties, factions, or rings. It will constantly aim to watch the farmers' interest; to improve their condition; to keep them well informed; to secure among them harmony, good-will, and vital brotherhood; to promote friendly relations between producers and consumers; to bring to the notice of the world the vast agricultural and mineral wealth of North Carolina; to induce immigration, and to increase the productive industries of the country in every line.

Besides this, it will labor to secure a rigid economy in the administration of government; to suppress national, sectional and local prejudices; to promote the cause of genuine reconciliation with the North; and in a word, to do whatever fidelity to the people may require; and thus come, in good time, to merit a warm welcome in every household in North Carolina.

The subscription price is two dollars a year. Persons desiring to subscribe may send in their names and post-offices now, or at any time between now and July 1st, the subscription price to be paid on receipt of the second number of the paper, which will be issued about the middle of August next. Advertisers wishing to secure prominent positions in the columns of this journal, will find it to their advantage to apply at once to the undersigned. For further information, address,

JOHNSTONE JONES, Raleigh, N. C.

Papers of the state will please copy or notice.

NORTH CAROLINA—WAKE COUNTY

IN THE SUPERIOR COURT, February, 1876.

Joseph D. Powell, plaintiff against, Richard M. Allen, William H. E. Feltwell, Richard Ferrell, James Whitley and others. Proceeding for partition of land.

To William H. E. Feltwell, one of the defendants above named, who is not a resident of this State.

You are hereby required to appear at the office of the Clerk of the Superior Court for the County of Wake, by the 31st day of March next, 1876, and answer the complaint filed in said office, or the plaintiff will apply to the Court for the relief demanded in said complaint.
