MEETING.—The Young Men's Christian Association will hold an adjourned meeting Tuesday evening in the Edenton Street Methodist church. Business of great importance will come before the meeting, therefore, all the members are earnestly requested to be present.

NORTH CAROLINA MEDICAL SOCIETY.—The Medical Society of the State of North Carolina will hold its twenty-third annual session at Fayetteville, N. C., Wednesday next, the 3rd of May. The Medical Board of Examiners will meet at the same time and place. Dr. P. E. Hines is President of the Society, and Dr. James McKee, of Raleigh, Secretary. Dr. Willis Aldon, of Littleton, will deliver the annual address. It is expected that there will be a large attendance of the profession on this occasion.

RUNAWAY.—Late yesterday evening the team belonging to H. F. Jones & Co got frightened while at the North Carolina depot and dashed off. The wagon was badly wrecked and a couple of lamp posts knocked down. This is the sum total of the damage done. The driver was not in the wagon at the time the horses concluded to take the jaunt. Runaways of this description have been so common lately that no notice would have been taken of this occurrence had it been of a different character than more plentiful.

MURDER AT LILLINGTON.—Intelligence has reached this city of a brutal murder which was perpetrated at Lillington, Harnett county, last Tuesday night. Some one crept up to a log cabin occupied at the time by a negro woman by the name of Fannie Turner and a man of the same color, name not given, and fired upon them by thrusting the muzzle of the gun through a crack. Fannie was instantly killed and the man seriously wounded in the legs. A negro by the name of Sam McKay has been arrested on suspicion, but as to the character of the evidence against him we have not heard. The people of the community were very much excited over the occurrence.

THE METROPOLITAN HALL ENTERTAINMENT.—Despite the threatening aspect of the weather last evening quite a crowd attended at Metropolitan hall and spent their money very liberally. Thus far the success of the ladies has been very gratifying, and we hope that the closing hours of the fete this evening will add considerably to the wealth of the exchequer. To-night a number of very handsome articles will be auctioned off and opportunities given for excellent bargains. No species of extortion is put in practice, but prices put at reasonable figures. At the auction this evening only bona fide bids will be received, and the custom of knocking down articles to persons innocent of a bid will not be indulged in. This is the last evening of the fete, and those who have not yet attended should by all means take advantage of this last opportunity of doing so.

THE FRAUDULENT ELECTION.—That turbulent and plunder-loving element in our midst, the radicals, persist in their determination to hold a fraudulent election next Monday. This they will do without the least color of law, in order to embarrass, if possible, our lawful authorities by all sorts of capricious opposition. As we have before said, this farcical election would only excite laughter did it not display a spirit of lawlessness which may one day involve great trouble. It shows that these men have a disposition to set the laws at defiance when they operate as a bar to personal aggrandizement. The events following the close of the war opened the door to the perpetration of all sorts of plundering, and being insatiable as regards spoils, they can't bear the idea of being cooked off. Who will appoint the pollholders, &c., for this bogus election we have not yet ascertained. Under the law it is the duty of the Board of County Commissioners to do so, and these radicals who will play the part are entirely irresponsible. We understand that the polls for this mob election will be opened at the following places: Eastern ward, Morgan St. school-house; Middle ward, Court-house; Western ward, Hargett Street school-house. The only registration which has taken place for any of these defunct wards was in the Middle ward, that being kept open for two days. We hope Mayor Manly will take every precaution to preserve order, and that every movement towards a violation of the peace will be promptly suppressed.

REVENUE LICENSES.—With to-day will expire the time designated by law for taking out the various revenue licenses, April 30th falling on Sunday (to-morrow.) We understand that a large number of our business men are in default in this matter. The display of everything connected with fish and fisheries by the Smithsonian Institution at the centennial exhibition will be the largest of the kind in the world. Plaster casts have been taken from all the specimens in the institute and arranged under the direction of Prof. Baird, the Commissioner of Fisheries.

Pysa, entered the burning theatre at Rouen in search of her husband, and perished in the flames. Bristow is looming up, and his friends claim to have very encouraging information in regard to his prospects at Cincinnati. Congressman Williams has accepted the democratic nomination for Governor of Indiana. He says the platform is better than he expected. General legislation in Congress progresses very slowly, very few measures of importance having been agreed upon during the present session. The news current in Berlin diplomatic circles strengthens the chances of a renewed armistice and successful negotiations with the insurgents. The centennial item of \$73,000 in the deficiency appropriation bill has been agreed to by both Senate and House committee on appropriations. The Porte has been diplomatically cautioned against arming the Mahometan population in the insurgent provinces, owing to the danger of a wholesale massacre of Christians. Mr. Baine announces positively that he will not withdraw from the race for the presidential nomination. Also that there are several candidates to whom he would give his strength in preference to Bri-tow.

The garrison of Nisic made a sortie recently to procure provisions, but were repulsed. Both they and the inhabitants are said to be reduced to extremities, subsisting upon horses introduced from Montenegro during the night. So far eight corpses have been removed from the ruins of the Theatre Des Arts, which was burned at Rouen, France, on Tuesday night. About seventy-five per cent were in the theatre when the fire broke out, but the exact number of victims has not been ascertained.

Honduras appears doomed to a wasteful war. She has been invaded by Salvador and Guatemala, each pursuing self-interest, although nominally acting in the interests of peace. The death and death of the revolutionary chief, Gen. Medina, have only intensified the conflict, there being at last accounts two Presidents striving for mastery.

A curious will case has recently been decided in the city of Washington. A testator gave and bequeathed to his daughter his dwelling-house, "she saying for two masses every month for the repose of his soul as long as she lives." Doubt was expressed as to whether it was a life estate or an estate in fee simple which was vested in the daughter, but the court decided that the words of the will conveyed an estate in fee simple.

An emigration movement has recently sprung into large proportions among the colored people about Nashville, Tenn. It is claimed that it is the beginning of a general African exodus, at least from Middle and Western Tennessee, and that the destination of the emigrants is Kansas, though what is there to attract the colored man is not stated. The Nashville American predicts that Kansas will prove a sad delusion to him, as it has to thousands of eastern whites who went before him.

On the invitation of the Duke of Richmond and Gordon, Sir Charles Reed, chairman of the London School Board, has consented to act on the part of Great Britain as one of the judges in the Educational Department of the Centennial Exhibition. He will be absent from England during May and June. Sir Charles Reed withdrew from Parliament two years ago in order to devote himself more completely to the work of the school board, and his intimate knowledge and experience of the work of national education in England pre-eminently qualify him for the services he will have to perform at Philadelphia.

There are 16 prisoners in the Forsyth county jail feeding at the expense of the people. Charlotte mourns because she hasn't had a first-class conflagration for a year. A little son of J. T. Haywood, of Union county, got a pistol ball in his hip the other day through the carelessness of a brother. At a recent colored religious meeting in Richmond township, Forsyth county, an outsider stepped in and slashed several of the congregation with his knife. He was finally knocked down, tied and carried to jail. The Charlotte Catholics have a picnic May 3 at the Catawba River, on the Charlotte, Columbia & Augusta railroad. They have found a negro woman in Surry county said to be 110 years old who remembers everything that took place after the flood. Several slight accidents have recently happened on the Charlotte & Atlanta Air-Line railroad. Thursday night of last week the still-house of Isaac Atwood, Yadkin county, was destroyed by fire, and a man named Mike Myers, who had been locked up in the house the night before in a state of intoxication, was burned with the building. The flouring mill of Lord & Lindsay, on the Yadkin river, 19 miles from Salisbury, was burned Monday night. Fire accidental and no insurance. A number of Charlotte merchants have started a hose company on their own hook. Capt. Ligon, of the North Carolina railroad, married Miss Mary H. Taylor, of Sparta, S. C., Tuesday evening. Charlotte has gone to holding immigration meetings. Henry T. Barnes, a youth 16 years of age, was arrested in Murfreesboro the other day for attempting to fire the house of J. W. Devane. Cotton planting is the order of the day in Robeson county. Congressman Seales is going to have a competitive examination for the appointment from his district to the naval academy. The Charlotte banks have commenced paying out silver coin for fractional currency. Judgment was recovered last week at the Davidson county Superior Court against the Registrar of Deeds for \$200 for issuing a marriage license for the marriage of a couple, the girl being under age. The ladies of Charlotte are making preparations for the proper observance of Memorial Day, May 10. The democrats of Forsyth county held a meeting at Winston May 16, to nominate delegates to the State Convention. Burwell Newsom and Ben Smallwood, both negroes, are to be hanged in Windsor May 23. The first was convicted of rape and the other of murder. The London Spectator calls Mr. A. T. Stewart "the Emperor of shopkeepers," and pronounces his reported estate of £16,000,000 sterling perhaps the largest fortune that ever was at one man's entire disposal, and certainly the largest that was ever made out of a shop or accumulated by trade of any kind in one man's life time. It is four times the fortune acquired by the late Mr. Morrison, five times that of Mr. Thornton, two and a half times the highest estimate ever formed of the wealth of Mr. Brown, of Liverpool, and probably exceeds that of any business man now alive, and without partners, except, perhaps, Commodore Vanderbilt, the American railway speculator, who is credited by rumor—which may, however, be exaggerated—with a larger accumulation still.

Salem has at last put an end to base ball playing in the streets. The democrats of Union county are holding township meetings. Charlotte keeps her street sprinklers busy. Commencement at North Carolina College, Mt. Pleasant, Cabarrus county, takes place May 21. There are 16 prisoners in the Forsyth county jail feeding at the expense of the people. SOLUBLE PHOSPHATE SUPER PHOSPHATE OF LIME.

We have found by several years experience in selling the above Fertilizers, as well as by actual observation, that they have no superior, if any equal among Commercial Manures. Our prices are much lower than others, not so universally popular, and that have proven unequal in results, upon sworn statements from many of our best farmers. All we ask is a fair trial with anything sold in the South. We refer to the following gentlemen of large experience, who have used our Phosphates for several years:
