ARMS AND AMMUNITION QUESTION.

While the election was in progress yesterday, the radical Adjutant General and seeker after the mayoralty, Mr. J. C. Gorman by name, suddenly came to the conclusion to stir the matter of the issue of arms and ammunition to the colored troops who fought so nobly yesterday. His soul could not possess itself in patience at the thought the public was of the opinion that there was a question of veracity between him and his Commander-in-Chief, the Governor, in regard to the authority for the issue. He seized upon the local of the News when that unsuspecting youth was prowling around after items, and whirled him up to the gubernatorial office in his buggy, drawn by the spanking little banker. Here is what the News man says about the affair:

At the request of Mr. Gorman, we went with him yesterday to the room of Governor Brogden at the National hotel in regard to the matters a ding-ramming to exist between himself and the Governor as to issuing the arms to the colored company here. The error reported that he agreed for General Gorman to issue the arms, but didn't know when they were issued, but it seems Mr. Gorman issued them the same day the Governor agreed to it. This matter all arose from Gov. Brogden having said to a News reporter the other day, when the reporter asked if any arms had been issued to the negroes here: "I neither know of any nor have I authorized any to be issued." But the Governor since remembers he did agree for General Gorman to issue the arms.

It seems that the Governor has refreshed his memory wonderfully. The News man stated to the public not long ago that Governor Brogden had positively denied giving Adjutant-General Gorman authority to issue the arms, and the Governor tacitly acknowledged making such a statement. How comes it that his Excellency's memory is only refreshed at this late date? We are afraid that the gubernatorial thoughts are too fully occupied with recollections of the beautiful Crocres he saw during his recent trip to New Orleans to dwell long upon his official duties. Wake up, Governor, and shake off these unreal fancies or your character for veracity will be made the object of attack and your political friends will desert you and settle on some one else for the gubernatorial nomination.

THE BOGUS COMMISSIONERS.—The Commissioners chosen at the bogus radical election yesterday held a secret meeting this morning in the court-house. What they did had not transpired when this issue was put to press. The meeting was attended, we believe, by Messrs. Barbee, White, Ellison, col., Johnson, Yearby and James H. Jones, colored. The Middle ward Commissioner, Messrs. Lumsden, Garner and Pescud, belong to the list of Aldermen properly elected and did not, of course, put in an appearance at this unlawful convale. We hardly think that this bogus Board will endeavor to pretend to administer city affairs. If they do so good citizens will recognize in any manner their authority until they are put in possession by the proper legal tribunal—the Supreme Court. Partisan as in the make up of this court, yet we cannot think they will so outrage law and justice as to place this lawless faction in power.

P. S. Since the above was written we have been informed that Justice of the Peace Magnin swore the unlawful body into "office," also Mr. Gorman as "Mayor." We also learn that this faction will have the audacity to appoint officers and attempt to put them on duty.

ORGANIZATION OF THE NEWLY ELECTED BOARD OF ALDERMEN.—RE-ELECTION OF MAYOR MANLY AND COLLECTOR WILLIAMS.—This morning the newly elected Board of Aldermen met at 6 o'clock and were sworn into office by Justice of Peace Paschall Sorrell, of Cary township. A full Board was present and this is the roll call:

1st Ward—L. H. Adams, Alfred Upchurch and John Armstrong. 2d Ward—W. E. Anderson, A. C. Sanders and G. T. Cook. 3d Ward—J. C. S. Lumsden, P. C. Walker, J. S. Pescud, J. H. Garner and R. H. Bradley. 4th Ward—N. W. West, D. C. Murray and J. H. Green. 5th Ward—R. H. Jones, J. R. Williams and P. C. Fleming.

The Board was called to order by Alderman R. H. Jones. "On motion the election of Mayor was gone into, and B. C. Manly was unanimously re-elected and was sworn into office by P. A. Adams, J. P. The Board then went into an election of a clerk and collector, and Geo. H. Williams was unanimously re-elected. Upon motion all the present officers were directed to retain their positions until their successors should be chosen. On motion the Board adjourned until Thursday evening.

THE MUNICIPAL ELECTION YESTERDAY.

We are glad to be able to state that the election yesterday passed off very orderly. The democrats carried every ward in the legal election and now have a full Board of Aldermen. The radicals had no candidates in the lawful election. The votes in the five wards stood as follows:

First Ward—Len H. Adams, 130; Alfred Upchurch, 131; John Armstrong, 133; D. L. Royster, 4; W. W. White, 2. Second Ward—W. E. Anderson, 75; A. C. Sanders, 74; Geo. T. Cook, 75. Third Ward—R. H. Bradley, 101; Joo. S. Pescud, 101; Phil C. Walker, 98; J. C. S. Lumsden, 101; J. R. H. Garner, 101. Fourth Ward—D. C. Murray, 24; J. H. Green, 26; N. W. West, 23; Wm. Simpson, 1; C. B. Root, 1. Fifth Ward—John R. Williams, 228; P. C. Fleming, 227; R. H. Jones, 2-6.

All of these gentlemen are good citizens and sound conservative democrats, and the city is to be congratulated that their services have been obtained as Aldermen.

The bogus election held by the radicals is hardly worth writing about, but as readers may be curious as to the result we give the vote:

FOR MAYOR. Eastern Ward—Gorman 367. No opposition votes. Western Ward—Gorman, 452; Manly, 1; Johnson, 1. Middle Ward—Gorman, 79; Manly, 121.

FOR COMMISSIONERS. Eastern Ward—Ellison, 357; White 360; Barbee, 360. Western Ward—Johnson, 452; Yearby 451; Jones, 451; R. H. Jones, 1; Scattering 4. Middle Ward—Lumsden, 117; Pescud, 117; Garner, 116; Badger, 81; Bunting, 80; Rix, 19.

In this bogus election the radicals have been whipped at their own game. Even under the order of Judge Henry there was only one box, the Middle ward, that had the least shadow of legality about it. This ward had the benefit of one day's lawful registration and poll-holders appointed by a recognized authority, while the other two wards, eastern and western, had none of these attributes and cannot possibly be counted, even if the Supreme Court should decide that the charter granted by the last General Assembly is unconstitutional. In the Middle ward Manly has 42 majority, while Messrs. Lumsden, Pescud and Garner, democrats, overshadow R. C. Badger, J. N. Bunting and Virgil Bieks, radicals, by a handsome majority. So if the old charter is put in force again Manly is the legally elected Mayor and Messrs. Lumsden, Pescud and Garner the only legal Commissioners.

IMPUDENT.—We understand that J. C. Gorman, pretending to be Mayor, went around to the various liquor saloons this morning warning the proprietors not take out licenses under the legal Board. We hope none of our citizens will pay the least attention to the ravings of this would-be usurper and his following. They are unlawful pretenders and have no claim in law and in fact if they seek to interfere with you in your pursuits apply to Mayor Manly and have them arrested.

TEMPERANCE NOTES.—A lodge of Good Templars was organized at Wake X Roads, in this county, on Saturday last.

A convention of Good Templars convenes at Lumberton on Thursday next. Prohibition was carried by a large majority at the election in Greensboro yesterday.

Installation of officers at Hickman lodge to-night.

DISTRICT CONVENTION.—A convention of the Democratic-conservative voters of the Fourth Congressional District will be held in the city of Raleigh on Tuesday, the 13th day of June next, for the purpose of nominating a candidate for congress and a presidential elector, and selecting two delegates to the St. Louis Convention. A full attendance is earnestly desired. Each county will be entitled to one vote for every one hundred votes and fractional part over fifty given for Merriam in 1872.

By order of the District Executive Committee. H. A. LONDON, JR., Chairman. March 31st, 1876. Papers in the district will please copy.

Richard McIlhenny, a young lad of Wilmington, was set upon the other night in the streets and beaten by a mob of negroes. No more need of having your collars washed, when you can wear Elmwoods and Warwick's that are for sale everywhere.

NEWS AND NOTES.

"What kind of a man is Tyndall?" asked a northern man recently of a cattle-ranger near the Kilmontee Prairie. "Oh, he's lived very high twenty years," he replied; "his principal business is cow stealing, but he preaches occasionally."

Henceforth in the great country which extends from the Himalayas to the Amazon, Queen Victoria is to be called Empress of India. The first practical result of this important addition to the royal title will be to give the Queen equality in rank with the imperial rulers in Europe.

In a play of which Cleopatra was the heroine, Vanocson, the celebrated manager of automata, had been intrusted with the manufacture of the asp, which lashed himself as the principal act upon which it had been based. A critic being asked what he thought of the piece, replied drily, "I agree with the asp."

A Mexican walked into a pawnbroker's shop at Silver City, New Mexico, the other day, took from the counter the hat of the proprietor, whose back was turned, and when that individual was ready to attend to him he obtained a loan of six bits on the hat, which was duly stowed away, and the trick was not discovered till the hat was needed.

Senator Hayard seems to recognize the fact that Gov. Tilden is the coming man, for he is reported as saying: "I cannot expect much support from New York when she has such an excellent candidate as Tilden to offer for the position. I regard him as a man of unquestioned ability, and there is no doubt that the country at large so regards him."

A study of election statistics and "an unbiased survey of the political field" has led the Buffalo Courier to the conclusion that the group of eastern states, including New York, New Jersey and Connecticut, are those upon which the democracy must rely for a triumph in the presidential election if the national policy of the party is in accord with the general sentiment of these closely contested states.

A startling account of the prevalence of the crime of incendiarism was given in the convention of fire underwriters, in New York, on Thursday. The committee on the subject reported that thirty-five per cent. of all the fires of last year originated from incendiarism, and that fifty-five per cent. of the whole amount of property destroyed by fire was through incendiarism, or, in other words, that the losses by this crime for the year in the United States and Canada ran up to fifty millions of dollars.

Attorney-General Pierpont will soon move for the appointment of a receiver to take possession of the Hot Springs tract in Arkansas for the government, which has been decided to be the owner of the property by the United States Supreme Court. The persons who have had possession of the property have for years maintained their supposed rights by open violence, and it is now believed that the government cannot obtain it without military aid. Measures will be taken to have the receiver well protected in case of resistance.

Last Monday week a bloody tragedy was enacted in Stokes county, near Martin; Lane K. Lu. Mr. Dick Martin and his two sons, Euel and Tom, in company with a Mr. Ben Smith, were returning from a house-raising. Euel Martin had his hand re-ting confining on Smith's shoulder, not an angry word had been spoken, when Smith secretly drew his pistol and placed it near Martin's temple and deliberately fired. Without a groan Martin fell to the ground and died in a few hours afterwards, only speaking two words. Smith then turned and fired at Tom a tin, who was eight or ten feet off, the ball passing diagonally through his bowels, inflicting a painful and it is feared a fatal wound. As Tom fell he cried to his father to run for life, and as the old man made off, Smith followed him for at least a quarter of a mile and shot at him two or three times, but fortunately neither shot took effect. Smith deliberately returned to where his first victim was lying and remarked, that if his first shot had not killed him he had had three more balls to dispose of. When asked by his brother what he had against the Martins, he replied that he had killed two of them, and if he could kill four more men he would be satisfied. At last accounts the murderer had not been arrested.
