JUDGE WATTS IN THE WEST .- OUR transmontaine people don't seem to like Judge Samuel Watts, of this judicial district. Particularly did his conduct in the Strange murder case excite their ire. Last Thursday night an indignation meeting was held in Asheville, and the Judge's course in the above mentioned trial condemned in the severest manner. The meeting was participated in, it seems, by both democrats and re-Resolutions condemuing Watts, and declaring the trial a mockery of justice, were unanimously adopted. Judge Watts is no favorite in these parts and it is not strange that the people of the west should find him out so speedily and repudiate him. Don't go west any more, Sammy, but go east among your African constituents who alone appreciate you.

By some means the report has gone out that the federal soldiers stationed at this place took part, as a body, in the memorial ceremous of the 10th. This is not so. Perhaps there were individuals among them the attended and showed a respectful sympathy in the obser-
