R. H. BATTLE, Jr., President. C. B. ROOT, Vice-President. SEATON GALES, Secretary. P. COWPER, Supervisor of Agencies.

Raleigh, March 21st-1m.

The underwriter proposes to establish in the City of Raleigh, an agricultural newspaper, to be entitled the "North Carolina Farmer's Journal," to be as large as any in the state, and to be published weekly. The first number will appear early in August of the present year.

The "Farmer's Journal" has no connection whatever with the State Agricultural Journal. It will be operated in the interest of the farmers of North Carolina, and is designed to include every department of agriculture, stock-raising, horticulture and domestic economy.

In addition to this it will contain all the important news of the day; a record of the weather, crops and prices; full market reports; movements in cotton, and pleasant or instructive reading for the home circle.

There will be connected with it several special features to which I desire to direct attention, to wit: An organized staff of regular contributors, composed of our ablest agricultural and scientific writers; Regular correspondence from the several deputies of the N. C. State Grange; Monthly crop reports from officers of granges in every section of the state; A department devoted to the development of our material resources; A column of inquiries and answers; A literary page for original stories, poems and other writings by native authors.

Each department of the Journal will be rendered as complete and as good of its kind as it is possible for enterprise, energy and close attention to accomplish.

The Farmer's Journal will be edited for the whole state, and not any particular section. Partisan politics and sectarian discussions will be excluded. It will be independent of all sects, parties, factions, or rings. It will constantly aim to watch the farmers' interest; to improve their condition; to keep them well informed; to secure among them harmony, good-will, and vital brotherhood; to promote friendly relations between producers and consumers; to bring to the notice of the world the vast agricultural and mineral wealth of North Carolina; to induce immigration, and to increase the productive industries of the country in every line.

Besides this, it will labor to secure rigid economy in the administration of government; to suppress national, sectional and local prejudices; to promote the cause of genuine reconciliation with the North; and, in a word, to do whatever fidelity to the people may require; and thus come, in good time, to merit a warm welcome in every household in North Carolina.

The subscription price is two dollars a year. Persons desiring to subscribe may send in their names and post-offices now, or at any time between now and July 1st, the subscription price to be paid on receipt of the second number of the paper, which will be issued about the middle of August next. Advertisers wishing to secure prominent positions in the columns of this journal, will find it to their advantage to apply at once to the undersigned. For further information, address,
