The Wake Forest College commencement begins to-morrow. A large crowd from this city usually attend the exercises, and we suppose it will be so this time. We hope to give our readers a full report of each day's exercises.

G. W. Wynne & Co., proprietors of the large livery stables in this city, lost two fine horses in service between this place and Chapel Hill during the commencement. One of the animals was valued at \$200. Hot weather and hard driving done it.

SUPREME COURT.—This tribunal met this morning at 10 o'clock. A full bench was present. The day was consumed in the examination of applicants for license to practice law. The class is a large one and it is expected that to-morrow will be devoted to their benefit. When the examination has been finished we will, according to custom, publish a full list of the successful parties.

The choir music at the Salisbury Street Baptist church yesterday, morning and evening, was unusually good. Prof. Norman, of the Baptist Female Seminary, presided at the organ, while his accomplished wife charmed all ears by her exquisite vocalization. This choir, assisted by Professor and Mrs. Norman, are preparing some fine music for the concert which takes place at the close of the present session of the Baptist Female Seminary.

To-day Judge Waite hears the mandamus case in Salisbury in reference to the convict laborers on the Spartanburg & Asheville railroad. The Western North Carolina railroad company claim that, under the law farming out convict labor, they are entitled to all of it, and got a mandamus to compel the penitentiary authorities to withdraw the convicts from the first mentioned road in order that they may be set to work on Western road.

U. S. CIRCUIT COURT.—This morning not a federal Judge put in an appearance, though Chief Justice Waite, Judge Bond and Judge Brooks were expected to open the court in Metropolitan hall at 10 o'clock. It is now thought that Judge Brooks will arrive this afternoon. If he does not, the clerk, N. J. Riddick will open the court at 4 o'clock this afternoon and adjourn it over until to-morrow at 10 a. m. Judges Waite and Bond are now expected to arrive to-morrow.

A RAILROAD ITEM.—A new schedule went into effect on the Richmond & Danville railroad last Sunday. There are now two daily passenger trains. No change of schedule has yet been announced for the North Carolina division. The mail train leaving Raleigh at 11:47 a. m., arrives at Greensboro at 4:10 p. m. The train leaving Greensboro at 10:55 a. m., arrives at this place at 8:22 p. m.

THE GLORIOUS 4TH.—We are going to have a celebration of the coming 4th of July after the old fashion. K. P. Battle has been selected as the orator and Geo. H. Snow will read Tom, Jefferson's lying document, yepeled, Declaration of Independence. The committee appointed by the Board of Aldermen to make the necessary arrangements for the celebration will submit a programme in a few days. We are heartily sorry that our city dads have embarked in this farce of the past, the Centennial year to the contrary, notwithstanding.

A LITTLE GIRL AT CHURCH.—A little three-year old child in this town was at church the first time about two months since on an Easter occasion in the church of the Good Shepherd. She sat very still and saw the procession of children march into the church, with flowers in their hands, and all singing, "Onward, Christian Soldier." Yesterday this little miss made her second visit to church, and this time, to the Presbyterian, where she entered at the head of the family and marched down the aisle singing, "Onward, Christian Soldier," to the astonishment of the congregation and the utter demoralization of her parents. She remembered, it seems, her first visit, and wanted to "go through the motions."

DELEGATES TO THE COUNTY CONVENTION.—The following are the names of the delegates to the Democratic County Convention, appointed by the chairman of Raleigh township meeting, W. H. Bledsoe. By a resolution of the meeting all democrats from Raleigh township who attend are also delegates. The convention meets June 10: J. A. Harris, B. G. Dunn, Matthew Moore, P. F. Faison, A. H. W. Thompson, M. T. Leach, D. G. Fowle, W. R. Cox, J. M. Harris, Jesse Taylor, Geo. H. Snow, W. W. Jones, J. M. Heck, J. A. Haywood, J. W. Horton, Plummer Batchelor, S. A. Ashe, C. B. Root, W. N. H. Smith, James M. Betts, T. H. Briggs, Jr., C. B. Edwards, A. D. Hewlin, C. H. Weathers, C. M. Busbee, N. A. Steadman, C. E. Johnson, Sherwood Haywood, J. C. Syme, Geo. B. Ennis, M. J. Bledsoe, Z. W. Gill, B. Y. Rogers, Malcolm Harrison, S. C. White, Walter Clark, R. H. Battle, Jr., E. R. Stamp, J. J. Lewis, A. D. Royster, W. C. Upchurch, A. B. Andrews, P. McGowan, Frank Stronach, A. H. Temple, C. D. Rice, John B. Sugg, Alexander Creech, J. G. Bart and D. M. Carter.

The new Atlas hotel, Philadelphia, Pa., conducted with special reference to quiet and pleasant accommodations, at small cost.

THURSDAY'S EXCURSION.—All should be here bright and early for the excursion to Norfolk, Thursday morning. The cheapest pleasure trip ever made in this country. Five dollars covers all railroad expenses to Norfolk and return, and the three days trip, with the best board and lodging at the Atlantic hotel, will cost each man only eight dollars inclusive of everything. Besides this is dancing, boating, bathing and fishing, and a beautiful ride up the Bay. For business or pleasure now is the chance for every man to go to Norfolk. Remember the time, Thursday morning. We are glad to see that quite a number of ladies will go down on Thursday with the excursion. Palace cars, good marshals, good servants, and plenty of ice, will add much to the comfort, and we are pleased to hear nothing has been omitted to make it a pleasant trip.

James Robinson, of Fayetteville, who was recently so badly injured by a fall from his horse, has greatly improved, though his condition is still thought critical.

On Wednesday of last week the democratic convention for the 3d congressional district assembled at Fayetteville. All the counties were represented. B. K. Bryan, of Pender county, presided. Hon. A. M. Waddell was renominated for Congress on the 5th ballot. The following delegates were elected to the National Convention: F. W. Kerchner, of New Hanover; J. H. Myrover, of Cumberland; alternates—G. W. Shackelford, of Onslow, and J. I. Macks, of New Hanover.

The paper both West and South are almost unanimous in the expression of the opinion that to carry the election in November, New York must be secured, and that Governor Tilden is the only Democrat who can certainly carry New York. This being the general feeling, Tilden's nomination appears to be a certainty.—N. O. Sentinel and Guide.

THE GRAND EXCURSION.

The Rev. George A. Leakin, who has paid considerable attention to the law of periodicity, that is to say the return or repetition at certain periods of the same phenomena, and who published in 1868 a pamphlet on the subject, writes in regard to the recent disastrous fire in Quebec and in illustration of some remarks on epidemic periods quoted by him in his pamphlet from the Insurance Monitor: "It is a strange coincidence that the fire in Quebec, May 30, 1876, was on the anniversary of the destruction of the same suburbs thirty years ago." It is a strange and it is also a noteworthy coincidence; but a "coincidence" does not prove that the recurrence of a fire at the same place thirty years ago establishes it as a periodic law, and that thirty years hence the same suburbs will be burnt over again. Of course there are periodic laws, but surely this is not one of them.

NEWS AND NOTES.

Only \$7,000,000 of silver has yet been issued.

Illinois has 200 cheese factories, to which 2,000,000 milk cows make daily contributions.

A number of northern capitalists have agreed to undertake the development of the mica lands near Rome, Ga.

Nearly twenty altarpieces are said to have followed the British warship Challenger from the coast of Japan to within two days' sail of Honolulu, a distance of about 4,000 miles.

Although the prosperity of Egypt almost depends upon the cotton crop, yet Egyptian cotton that used to sell at a shilling a pound in Liverpool now only fetches seven pence.

Gen. Fitzhugh Lee has been compelled to decline the command of the southern battalion of the centennial legion which is to parade in Philadelphia on the fourth of July.

Mr. James Gallatin, son of Albert Gallatin, who was Secretary of the Treasury under Jefferson, died in Paris Wednesday aged 80 years. He was some years ago President of the Gallatin National Bank, of New York, and was noted as an able financier.

John Walton, who styles himself a young novice pedestrian, has just completed a walk of a thousand miles in a thousand consecutive hours, at Wrexham, England. At the finish he declared himself quite fresh, and walked an extra mile with a child in his arms.

The Durham Linn herd of short-horns, owned by Colonel Robert Holloway, of Alexis, Ill., was sold at auction last week. Buyers were present from all parts of the United States and Canada, and the bidding was spirited. Sixty-five head were sold, and a total of over \$70,000 realized.

The New Jersey Episcopal convention, which has been in session at Trenton, adjourned Wednesday night after a lengthy discussion of the Sunday question. A resolution was passed commending the closing of the centennial and the suspension by everybody of all unnecessary work on that day.

Theodore Tilton is "rebuilding shattered fortunes" on his lecturing tour. Seeing a dilapidated gravestone at North Attleboro bearing the name, "Elizabeth Richards," he gave five dollars to have it restored and some flowers put on the mound, saying that he did not know the deceased, but it represented a reminiscence. It will be remembered that his wife's maiden name was Elizabeth Richards. And he doubtless wishes she had always kept it.

The depressed state of British industry may be partly accounted for by the remarkable decrease in our imports from Great Britain during the first four months of this year. Compared with the corresponding period in 1875, cottons have decreased from—in round numbers—36,137,000 to 27,752,000 yards; linens from 46,438,000 to 35,844,000 yards, and silk broadstuffs from 180,731 to 90,640 yards. Worsted goods have likewise decreased from 23,368,000 to 19,789,000 yards. The iron and steel imports have become almost nominal.

It is proposed to increase the capital stock from time to time, as occasion may demand.

An excellent remedy, Dr. Bull's Vegetable Pills are superior as a cathartic to any other in all the uses to which a purgative is employed.

ANSWERS TO CORRESPONDENTS.—In answer to "Alphabetical" in your last issue, for a remedy for consumption in its first stages, I can recommend Dr. Pierce's "Golden Medical Discovery," if taken according to directions, it has been thoroughly tried in my family, and the results were glorious. "Alphabetical" must not expect one bottle to do the work—my wife took three bottles before she could discover any change, but after the third bottle every dose seemed to strengthen the lungs, and now she is well and hearty. If "Alphabetical" will write to me I will get witnesses to the above.

HENRY H. M. PATTON, Lawrence, Marion county, Ind.—Cincinnati Times, Feb. 4, 1875.

THE STRUGGLES OF LIFE.—From the cradle to the grave life is full of struggles. Some struggle for riches, some for pleasure, some for honor, and others struggle to regain that greatest of all blessings—health—and in their efforts they often resort to means which place it further and further out of their reach. They take drastic compounds, which shock the system, or violent minerals which poison by degrees and thus the vital energies are weakened and the very fountains of life polluted. Nature provides remedies for every disease, and it is from the vegetable kingdom that Dr. TUTT'S LIVER PILLS derive their ingredients, and in their use there is the happy certainty that if they do no good, they do no harm. But of their efficacy, thousands who have been cured of diseased liver, kidneys, spleen, stomach and bowels, live to-day to testify.

A NEW MUSTARD PLASTER.—The medical value of a mustard plaster is understood in every family. Much time is spent in preparing a poultice and often the mustard is of poor quality and will not act, causing great suffering. This trying inconvenience is now perfectly overcome by Benson's Prepared Mustard Plaster. It is a great improvement on the ordinary article. It is very clean and can be applied and removed without discoloring the clothing or soiling the skin. It does not deteriorate with age. It is always reliable, as only the best quality of mustard is used in its preparation. It is ready for use at any moment, by simply dipping it in water. It is sold in half yard pieces at 25 cents per roll by all druggists. Sent by mail on receipt of price, by SEABURY & JOHNSON, Pharmaceutical Chemist, N. Y.
