W. W. HOLDEN, P. M.

LOCAL DOGS.

Rev. Dr. Pritchard left this morning for Charlotte.

The old fire engine "Victor" is being furnished up to be sent to Durham.

Nothing has been heard of Kinton, the escaped United States prisoner.

The delegates to the Cincinnati convention are expected home this evening.

St. John's Society meet to-morrow evening at 8 o'clock at St. John's church.

The adjournment of the U. S. Circuit Court has taken many strangers from the city.

There will be a regular communication of Itham lodge this evening, at 7:30 o'clock, at the old Masonic hall.

The promised music in the Capitol Square has been minus for a number of Saturday evenings. What's the matter?

The recent address of R. T. Gray, of this city, before the young ladies of Davenport College, is highly complimented.

The city has got to be very dull again. Even the dog brigade has ceased operations. The Supreme Court is now the only machine running.

Benediction of the Blessed Sacrament at St. John's (Catholic) church Monday, Tuesday, Wednesday and Thursday evenings at 7:30 o'clock.

It is reported around that some gentlemen of this city are getting up an excursion to Philadelphia on the 15th of next month to return on the 26th.

Judging from the stream of people on the streets yesterday morning, while the Sabbath bells were ringing, large congregations must have attended the various churches.

The members of Manteo Lodge, No. 8, I. O. O. F., will bear in mind that at the meeting to-morrow evening nominations of officers for the next term will be made. A full attendance is desired.

A new novel, "Ellen Story," has been placed on our table. It is a good book and contains no attack on religion or morality, probably, therefore, not a popular book. It is published by E. J. Hale & Son, New York, and is for sale by Alfred Williams, of this city. Price 75 cents.

Cotton receipts for the week ending June 17th, 1876, 162 bales. Same week last year, 99 bales. Increase in receipts for week this year, 63 bales. Whole receipts since 1st September, 1875, to date, 37,976 bales. Whole receipts same time last year, 33,856 bales. Increase in receipts to date, 4,120 bales.

Col. S. H. Wiley, of Salisbury, who is now cruising in the Mediterranean for the benefit of the health of his young son, writes to a friend in this city, under date of June 2, that there are strong hopes that the object of the voyage will be realized. The letter was written on the steamer Castalia as she was on the point of sailing from Glasgow.

PROF. KERR AT THE CENTENNIAL.—This gentleman, our State Geologist, is now at Philadelphia on duty as one of the judges. He has been commissioned by Governor Brogden to deliver the address before the National Centennial Commission on the history and growth of North Carolina in wealth, population, &c., embracing agricultural, manufacturing, mineral and other statistics of the state. The address will be delivered at such time as may be designated by said commission, and is to be published in book form with similar addresses in regard to other states.

The Professor represented this state in the annual meeting of the National Prison Reform Congress, recently in session in New York. He reports that the congress was largely attended and the proceedings full of interest.

THE NEW BAPTIST CHURCH.—Owing to some misunderstanding the new Baptist church, near Yates' mill and not far from this city, was not dedicated yesterday, and the ceremony has been postponed until Sunday after next at half-past 3 o'clock in the afternoon. Yesterday morning Dr. Pritchard, pastor of the Salisbury Street Baptist church, preached there, and Rev. J. K. Howell made a Sunday School address. A Sunday School with 44 members was organized. The building is a very neat one, and is a monument to the liberality of Messrs. W. G. Uphurch and Anderson Betts, of this city, and Mr. Yates, who resides in the immediate vicinity.

Y. M. C. A.—The monthly meeting of the Young Men's Christian Association, which was postponed from last Tuesday evening, will be held at the hall of the Association, over L. Branson's book store, to-morrow evening at 8 o'clock. The question of establishing a Sunday School at the penitentiary will be finally decided. Delegates to the convention of Young Men's Christian Associations of the United States and British Provinces, to be held at Toronto, July 12th, will be elected. Other important business will be considered and a prompt and general attendance of the members is earnestly solicited.

GRAND EXCURSION TO PHILADELPHIA.—We are pleased to learn that a few prominent gentlemen of our city are making arrangements with the railroad and steamship lines for a grand excursion to Philadelphia on the 15th of August. Tickets good for 15 days, thereby affording visitors ample time to make a thorough tour of the great centennial exposition at a nominal cost. It is the intention of the managers to perfect arrangements by which the excursionists can be landed near the exhibition grounds with only a single change between here and Philadelphia. Arrangements will also be made for hotel accommodations at greatly reduced rates. Parties going on the excursion train may return on any of the regular trains between the dates specified on the tickets. Splendid palace cars, elegant steamers, indeed, every comfort will be offered to those who desire to see the great world's show. We are assured that our best citizens will patronize this enterprise and we cordially endorse it. We will refer to this matter again in a few days.

HONOR TO WHOM HONOR IS DUE.—The local radical politicians are very much exercised over the action of J. J. Nowell in the election of treasurer for the institution for the deaf and dumb and the blind. The facts of the case seem to be that a ring was formed to beat L. E. Heart who has for some years been treasurer of that institution and has discharged the duties of the office faithfully and well, and to put in Jno. B. Neathery. Mr. Nowell was personally notified to be present at the meeting when the arrangement was to be carried out, but refused to attend, or to make himself a party to combinations to break down an old and tried officer, and for this action every radical manipulator around Raleigh is howling curses upon him. Mr. Nowell's firmness in acting thus cannot be too highly praised. Although he knew it was a republican arrangement to turn out Mr. Heart and install Mr. Neathery, he refused to allow his party to make a tool of him to assist in turning out a good and faithful officer and put in his place a new man. He allowed his honesty to rise superior to the claims of party, and his comports in the radical camp are naturally astonished and outraged.

RACES AT THE FAIR GROUNDS.—The races at the Fair Grounds Thursday afternoon were largely attended. Probably 500 people were on the ground when the first race was called at 3 o'clock. This was a scrub trotting race, and was won by an unknown black horse from Johnson in slow time. Then came the running race, mile dash, \$100 a side. The horses were the old favorite "Jock Roul-hae" and Pomeroy's chestnut horse. The horses went away at the first time of scoring, with Jack at the pole. Bounding the first turn the chestnut went to the front and went along the back stretch at a rattling pace. Jock held hard, being two lengths away. The position of the horses were unchanged until rounding the upper turn on the second half mile, when Jock took sides with the chestnut, and on entering the home stretch came away and won by a neck. Time not announced. Then came a trotting match between "Mattie Gray" and Pomeroy's "Big Yaller." Won by Mattie, she taking the 1st and 4th heats. Pomeroy's horse took the second heat, and the third was declared a dead heat for foul driving by both parties.

John C. Syme is for the present in charge of the Sentinel. He is a fully authorized manager, and all his contracts and engagements with patrons are binding on the future of the paper.

DEATH IN THIS CITY OF A PROMINENT CITIZEN OF NEWBERN.—Col. R. F. Lehman, a prominent citizen of Newbern, and quite a distinguished member of the bar, died at the National hotel, in this city, this morning at 5 o'clock. He left his home in his usual health, never quite good, on Saturday, arriving here on professional business at noon. In the afternoon he complained of feeling cold, and about six o'clock took his bed with a chill. Dr. E. Burke Haywood was called to see him during the afternoon of yesterday, (Sunday) and found the case of Mr. Lehman to be an affection of the kidneys—the same as that of which Gov. Caldwell died in a similar sudden manner. During the afternoon and night Mr. Lehman several times roused up, and once, about ten o'clock, became quite bright and cheerful, receiving a visit from Judge Settle and others of his friends here. About midnight he fell into a stupor, from which he never again aroused, and gradually sank into the sleep of death at five o'clock.

Colonel Lehman came into the state several years before the war and settled at Edenton as a teacher. He there married a lady teacher from his native state, Pennsylvania, and they continued to reside at Edenton until during the war they removed to Newbern. After the war he was appointed Register in Bankruptcy, a position he faithfully filled to the day of his death. In 1870 he was elected to the state Senate, serving one term and declining re-election. Last year he was chosen one of the delegates to the late constitutional convention from Craven. In politics Mr. Lehman was a republican and represented the very best element of his party. He was so candid, honorable and high-minded in all political matters that he carried with him the confidence and highest regard of his political opponents.

Robert F. Lehman was of the highest type of man. He was greatly beloved by all classes in Newbern. He was regarded as a model citizen and wise counsellor. His opinion was sought and quoted on all important matters, whether local or otherwise. A noble and generous gentleman, he was the friend alike of rich and poor. His social relations at home included the best people of a city celebrated for more than a century for its good society. We can but sympathize with the good people of Newbern in the loss they sustain by the death of their eminent fellow-citizen.

Mr. Lehman leaves a wife and two children, the youngest a son about seventeen years old. The friends of the family here and in Newbern deeply sympathize with them in their bereavement. The Supreme Court adjourned this morning out of respect for the deceased, and to-morrow there will be a meeting of the local bar and visiting lawyers.

TOBACCO CONVENTION.—The convention of tobacco manufacturers will meet to-morrow at 11 o'clock, at the Yarbrough house.

Persons of sedentary habits, and overworked, find in Dr. Bull's Vegetable Pills a specific for want of Appetite, Palpitation, Debility, Constipation, and many other nameless ailments. At the drug stores.

"FOR THE BLOOD IS THE LIFE."

See Deuteronomy, xii: 23. The blood being the source from which the system is built up, and from which we derive our mental as well as physical capabilities, how important that it should be kept pure! If it contains vile, festering poisons, all organic functions become enfeebled. Settling upon important organs, as the lungs, liver and kidneys, the effect is most disastrous. Hence it behooves all to keep their blood in a perfectly healthy condition, and more especially does this apply at this particular season of the year than at any other. No matter what the exciting cause may be, the real cause of a large proportion of all diseases is bad blood. Now, Dr. Pierce does not wish to place his Golden Medical Discovery in the catalogue of quick patent nostrums, by recommending it to cure every disease, nor does he so recommend it; on the contrary, there are hundreds of diseases that he acknowledges it will not cure; but what does he claim in this, that there is but one form of blood disease that it will not cure, and that disease is cancer. He does not recommend his Discovery for that disease, yet he knows it to be the most searching blood-cleanser yet discovered, and that it will free the blood and system of all other blood poisons, be they animal, vegetable, or mineral. The Golden Medical Discovery is warranted by him to cure the

worst forms of skin diseases, and all forms of Blisters, Pimples, and Eruption; also all Glandular Swellings, and the worst form of Scrofulous and Ulcerated Sores of the Neck, Legs, or other parts, and all the Scrofulous Diseases of the Bones, as White Swellings, Fever Sores, Hip-joint and Spinal Diseases—all of which belong to Scrofulous diseases.

CONFIRMED—HIP-JOINT DISEASE CURED. W. GROVES STATION, IOWA. Dr. PIERCE, Buffalo, N. Y.

Dear Sir: My wife first became lame nine years ago. Swellings would appear and disappear on her hip, and she was gradually becoming reduced and her whole system rotten with disease. In 1871, a swelling broke on her hip, discharging large quantities, and since that time there are several openings. Have had five doctors, at an expense of \$125, who say nothing will do any good but a surgical operation.

July 10, 1875, he writes thus: My wife has certainly received a great benefit from the use of your Discovery, for she was not able to get out of the bed and was not expected to live a week when she commenced using it a year ago. She has been doing most of her work for over six months. Has used twenty bottles, and still using it. Her recovery is considered as almost a miracle, and we attribute it all to the use of your valuable medicine. I can cheerfully recommend it as a blood-purifier and strength-restorer. J. M. Robinson. Golden Medical Discovery is sold by druggists.
