John C. Syme is for the present in charge of the Sentinel. He is a fully authorized manager, and all his contracts and engagements with patrons are binding on the future of the paper.

SUBSCRIBERS.

All persons now living, who have ever been subscribers and readers of the Sentinel since its establishment by the late and lamented Rev. Wm. E. Pell, are respectfully solicited to again become subscribers and readers of the paper. In everything that is desirable, we promise to make it equal to what the Sentinel ever was, either under the management of Mr. Pell or Mr. Turner.

ADVERTISERS.

To the old Advertising Patrons of the Sentinel: The old patrons of the Sentinel in Raleigh are respectfully and earnestly solicited to renew business relations with the paper, and renew their contracts. It is especially desired to have them do so before the first of July, as the paper will on that date appear entirely renewed and perfectly restored. All advertisements handed in under such contracts, between this and July, will be published to that date free of charge.

Mr. John C. Syme, an old institution of the Sentinel is on hand, and will make contracts to date from the beginning of the last half year, with pleasure.

THE SWEPSON TRIAL.—At the time we close to go to press during the early hours of the session of the court we have no reporter at the trial. In noticing the progress of the case yesterday we stated, on information hurriedly derived, that the little boy witness, Sam Oliver, bore himself remarkably well, and that his evidence varied very little from that given before the Magistrate's Court at Graham last Spring, and which was taken down at the time and published. We are now informed that the little witness failed to corroborate his previous testimony in several important particulars.

We expect to have on a good and reliable reporter next week, and will give a fair and impartial report of the proceedings. We would not prejudice the case either way, and would not for the world misrepresent either prosecution or defense, or improperly report counsel, court or witnesses.

RALEIGH HIGH SCHOOL.—The closing exercises of the Raleigh High School will be held this evening at 8 1/2 p. m. After the speeches by the boys, and the awarding of distinctions, an address will be made by Major Gates. The friends of the school are cordially invited to attend.

RALEIGHITES IN EUROPE.—The Continent, a paper published in Geneva, Italy, announces the arrival in that city of Col. W. H. H. Tucker and his three nieces, Miss Maggie P., Miss T. P., and Miss L. S. Tucker, daughters of our esteemed townsman, Maj. R. S. Tucker, of this city. They have been traveling on the Continent for a month or more.

LOCAL DOGS.

All quiet along the police lines this morning. Centennialwards the wave of travel now takes its way.

Wm. G. Hill lodge holds a special meeting to-night. The buzz of the mosquito is becoming unpleasantly frequent.

Two sickly watermelons put in an appearance in market this morning. A. Kroth, Fayetteville street, has a Tilden and Vance flag over his establishment.

Every night the benches in the Capitol Square are filled with people trying to get cool. There are a good many cases of sickness in the city. Hot weather and dirty back lots is the cause.

Our conscript local wants to know where are the julep and alligator soup men we sometimes read of.

J. C. S. Lumsden last night sent up a mammoth Tilden and Vance balloon. It sailed away a north course.

John T. Pullen and M. J. Jordan left this morning for a trip to Saratoga. They will centralize before returning.

The telegram of congratulation from the Tilden and Vance Club of this city was read before the St. Louis Convention.

The Raleigh Light Artillery meet this evening in the Mayor's office to transact business in regard to the 4th of July parade.

We have before us the third number of the North-Carolina Farmer, and it keeps fully up to the high standard adopted at first.

Are our military companies going to receive at the depot, to-morrow, the Fayetteville Light Infantry on their way to the centennial?

His Excellency, Governor Brogden, goes to the centennial to-morrow escorted by the Fayetteville Independent Light Infantry as his guard of honor.

The Young Men's Zeb Vance Club have changed the name by dropping the word "Zeb," making it stand thus: "The Young Men's Tilden and Vance Club."

The Young Men's Christian Association have organized a corps of thirteen teachers for the Penitentiary Sunday school, and the school will commence next Sunday.

The News says that \$40,000 changed hands among some of the sports of this city over the result of the St. Louis convention. There must be a mistake about this. There isn't a man in the city who would bet that can raise 1,000 on his check.

NAUSEATING NUISANCE.—The city authorities should pay some attention to the filth-gathering, disease-breeding and unwholesome-smelling ditch on the west side of Wilmington street, south of Davie. It is a sort of omnia-gatherum for the refuse matter of grog alley, and constitutes a standing nuisance that ought to be speedily abated.

SUPREME COURT.—Friday, June 30th.—Court met this morning at 9 o'clock. All the justices present.

Causes from the 9th district were disposed of as follows: A. E. Moors et al. vs J. W. Gidney, administrator, from Cleveland. Argued by Shipp & Bailey and J. F. Hoke & Son for defendants. No counsel for plaintiffs.

Farmer's & Merchant's National Bank vs City of Charlotte, from Mecklenburg. Argued by Shipp & Bailey for plaintiff, and Jones & Johnston, contra.

Thornton Bradley vs James Jones from Polk. Continued. Smith & Strong for plaintiff. No counsel contra. A. M. Sloan & Company vs E. I. McDowell, from Mecklenburg. Argued by Wilson & Son for the plaintiffs, and Vance & Burwell for defendant.

Court adjourned until to-morrow at 9 o'clock.

PERSONAL.—Col. W. Foster French, of Lumberton, is in the city. He will be remembered as the counsel for George Applewhite, the other day released by the Supreme Court, under the provisions of the kullux amnesty act. The success of Col. French in behalf of his client has been highly complimented in professional circles.

TO ARRIVE.—Mr. George A. Smith, of Caswell county, the new manager of the Sentinel under its changed auspices, has telegraphed that he will arrive in the city this evening. The Sentinel will next week appear under its new management, and the public will speedily see what it is like.

TAR DROPS.

Littleton is now making regular shipments of peaches to the northern markets.

Preparations are being made for the publication of a live democratic paper in Newburn.

John White, 5 miles from Mt. Airy, fell from a cherry tree and broke his shoulder and collar bone the other day.

Visitor Mr. Vincent H. Lewis, living near Mt. Airy, accidentally shot himself through the leg one day last week, while at work in the field. He is recovering.

The revival meetings in the Methodist church at Monroe were closed last Thursday night. Ten persons professed conversion during the week.

Dr. Edward Ransom, of Tyrrell, says that he intends to work hard to have the Constitutional Amendments adopted, and will take the stump in advocacy of them.

Charlotte Observer: Jackson Massey, the Gaston county blind boy, gave a vocal and instrumental concert at the Court House Saturday night in the presence of a considerable crowd. He is endowed with wonderful musical talent.

A convention of the democratic voters of the first congressional district will be held in the town of Edenton, on Tuesday, the 20th day of July next, for the purpose of nominating a candidate for Congress, a Presidential Elector and sub-Elector.

The Goldsboro Messenger says: "The present prospect appears to be an abundance of peaches and apples this year. The old saying that March frosts never hurt fruit has proven correct. Many of our farmers are preparing to ship peaches next week."

The Observer says half the people in Charlotte don't go to dinner at all these days, and don't want to go home when night comes. Haven't got time to stop playing backgammon and checkers. They hold up a little, every now and then, in order to put in another shew, but don't lose any other time, and begrudge this.

The Lynchburg News says: A friend from Durham, N. C., informs us that the extensive tobacco manufacturing establishment of Blackwell & Co., at that place, has been assessed by the United States government for the sum of \$89,000, being arrears for taxes upon their business, including scraps, stems, &c., not reported by them, because not considered legitimate subjects of taxation. Other establishments in that place have been assessed in equal proportion for similar cause.

The Portsmouth Enterprise says: Last Sunday, while the schooner Southerner was lying in Edenton bay, loaded with lumber, a good sail breeze sprang up, and the schooner's yawl boat got loose from her. The mate, by the name of James Rowe, jumped overboard to catch the yawl, but before he could reach it, he gave up and sank. The captain of the schooner, seeing the mate was about to drown, jumped overboard to save him. The captain being very much excited, did not know what to do, gave up, and was about to sink his last time, when he called for help. Mr. Henry Harrell heard the cries of the captain, got a boat and went to him as soon as he could. Mr. Harrell reached the scene just in time to save the drowning man. The body of the mate was found to-day. The coroner held an inquest, the verdict was that the mate came to his death from accidental drowning. He was a native of Fredericksburg, Va., and has two sisters living there.

FRIGHTFUL DEATH.

The unnatural habit of kissing dogs has been the cause of a horrible death to a young lady. Lady M., a Berlin paper tells us, had for some time been afflicted with periodical indisposition, frequently becoming so serious as to produce swelling of the abdomen. The medicines prescribed by physicians availed nothing, and as little benefit did the patient receive from visiting, several years, watering places of established reputation. On the contrary, the malady grew to be so intolerable that, upon conference held, physicians called in Privy Counselor Wilms for a consultation. This physician, observing the sick lady for some time, and after having propounded several questions, suddenly asked: "Has this lady, perhaps, a dog?"

Surprised at such a question, her friends shook their heads negatively. "But did she ever have one?" the physician continued.

"Yes, some three years ago," was the answer. "And the lady certainly allowed the dog to kiss her once in a while?" Mr. Wilms asked. "No, had to be admitted, when the doctor felt fully satisfied of the cause of the indisposition. He concluded that in kissing the dog bladder worms—infectious animals with which none but sick dogs are troubled, as usually—were made to pass into the liver of the patient. The operation performed by Mr. Wilms, shortly afterward, fully established the correctness of the diagnosis. The liver of the patient was peopled by innumerable worms, which it was patent had passed from the dog. The lady was operated on three times, and the fourth she died.

We are of the opinion that this case should be read far and near. We'd another medical observation in regard to calf's liver, so popular in most families. The consumption of this article ever calls for great care, and it should never be used except when in its raw state. It is of one color. Calf's liver is also frequently full of worms. A more speck lighter or darker than the rest is enough to cause suspicion.

THE GRAND SECRET OF BEAUTY is health. The secret of health is the power to eat, digest and assimilate a proper quantity of wholesome, nutritious food. This can never be done when the liver does not act its part. It is the great driving wheel in the mechanism of man, and when it is out of order, the whole organization becomes deranged, and fever, dyspepsia, sick headache, constipation, sandico, bilious colic, kidney disease and general debility ensue. To restore the normal functions of the liver and impart that beauty, which always attends a healthy, robust constitution. DR. TOTT'S VEGETABLE PILLS are conscientiously recommended. They are designed solely for the disordered liver and the disease which it produces. They are not a cure-all but in the cases mentioned they rarely ever fail to effect a cure. Jun 25-w2v.

The Louisiana republican convention met at New Orleans Tuesday. P. B. S. Pinchback was elected temporary chairman. Pinchback made a temperate speech, and the convention adjourned until Wednesday.

The convention of the National Board of Trade met at New York Tuesday. Representatives were present from the Associated Boards of Commerce of Great Britain and Ireland. The Vermont Republican Convention met at Montpelier Tuesday. L. P. Poland was chosen President, and made a speech against democracy generally. Redfield Proctor was nominated for Lieutenant Governor, and John A. Page for State Treasurer. Presidential electors were chosen, and the Cincinnati ticket and platform indorsed.

In the United States Senate, Tuesday, Mr. Morrill, of Maine, from the conference committee on the legislative appropriation bill, reported that they were unable to agree with the House conferees, and a new committee was appointed. The bill to regulate the assessment and collection of taxes of the District of Columbia was taken up, amended and passed. House bill for the issue of silver coin, and the Senate substitute therefor, were debated, without action with the understanding that the matter will be disposed of soon. In the House a bill was passed providing for the issue of artificial limbs every five years to soldiers and sailors who lost limbs in the United States service. Mr. Payne, from the special committee appointed to investigate the charges of corruption against Hon. Geo. M. Adams, clerk of the House, submitted a report entirely exonerating the clerk, and declaring the charges groundless and without a shadow of foundation. The report was unanimously adopted.

The exercises will commence immediately after the termination of the military review, at about 10 o'clock, and will be initiated by a prayer by Right Rev. Bishop Simpson, ecclesiastical successor of the chaplain of the Continental Congress. Overture, "The Great Republic," by Geo. F. Bristow, of New York, a member of the group jury on musical awards. Invitations to witness the demonstration on the evening of the 3d, and to participate in the observances of the 4th, have been sent by Gen. Hawley to the Governors of all the states and territories of the Union, and from several assurances of their intention to be present have been received.

From Gov. McCroery, of Kentucky, and Rice, of Massachusetts, telegrams were received on Saturday, the former stating that he would be here on the 3d, and the latter that he would arrive on the 4th, but without staff or escort.

The young man who by mistake swallowed a whole box of Dr. Bull's Vegetable Pills is out again. He says he feels rather "pale" but otherwise is all right. He will, however, follow the directions next time.
