NEW-YORK, April 10.

Yesterday arrived the British Packet, Earl Gower, Captain Deake, in 54 days from Falmouth—the latest London Papers brought by her are to the 8th of February inclusive.

A SUMMARY

Of late European news, received by the British Packet Earl Gower.

The English government had received dispatches from James Saugerez, at Jersey, containing accounts of two engagements between the Chouans and Republicans, which terminated in favor of the former.

That the most active preparations continue to be made for opening the campaign, the allied armies on the Rhine and in Italy being in the most formidable state.

That hostilities had commenced between Passwan Oglou and the Bashaw of Belgrade.

That the committee of the states of Wirtemberg, whose meeting was lately dissolved by the Duke, had laid their complaints before the public in a pamphlet—That Paris accounts to the second of February, stated that the warfare in the western departments has been rather favourable to the Republicans—Several of the chiefs have accepted terms of peace—the troops disarmed and disbanded—The Paris papers also state, that on the 25th of January a severe engagement took place between the Chouans and the Republicans, which terminated in favor of the latter—

Mr. Wallace in the British House of Commons, Feb. 7, called the recollection of the house to the vote for the navy last year. There was then voted 120,000 seamen, but from the alteration of circumstances since that time, particularly by the surrender of the Dutch fleet, it was deemed prudent to reduce the allowance this year 10,000 men. He should therefore move it as a resolution of the committee, that 110,000 men should be employed for the service of the navy for the year 1800, including 22,000 marines.

That Lord Grenville's refusal to treat with the

That a quarrel had taken place between Mr. Windham, the British minister, and the commander of the Austrian troops in Tuscany, in consequence of the disbandment of the peasants, contrary to the wish of Mr. Windham.

That Cadix and St. Lucar have been officially declared in a state of blockade by lord Keith.

That the long expected revolution in Switzerland had taken place on the 7th of Jan. the five directors displaced and the Executive power entrusted to a provisional government.

That Mamain, so detestable for the assassination of the Princess of Lambelle, has been arrested.

That on the 5th of February, 400 vessels under convoy, sailed from Portsmouth, for different parts of the world.

That on the 3d, the American West-India and Lisbon Packets for January, were detained by contrary winds.

That at a late meeting of the Whig Club, Mr. Fox was toasted with unbounded testimonies of regard.

LONDON, FEB. 8.

This morning capt. J. Bradby, commander of his majesty's ship Ariadne, arrived in town with dispatches to government, which were sent off to his majesty at Windsor.

By this conveyance accounts were received of Capt. Sir Home Popham having reached the Russian frontiers on his way to Petersburg, where this officer is to act as Inspector General of the Russian forces, which are to be brought into the field against France the ensuing spring.

The arrangements for the intended expedition to Brittany, which is to take place early in the ensuing campaign, are now nearly adjusted. General Sir Ralph Abercrombie, it is intended, shall have the chief command of the British forces; three battalions of the first, second and third regiments of foot guards are to accompany him. The Russian troops at Jersey and Guernsey, and a fresh quota, to be sent for the service of England, by the Emperor Paul, are to act in concert with the allied powers, in their endeavour to establish a Monarchical Government in France.

Several requisitions are now signed by the Livy of London, requesting the Lord Mayor to call a Common Hall, to petition for Peace. Westminster, and several counties and principal towns, throughout the country, we understand, will quickly follow the example.
