**Pure Lemon Acid**

**Just received, a fresh supply**  
OF  
**DR. SANDFORD'S**  
IMPROVED  
**Powder of the Bark.**

**THIS ACID** retains all the grateful flavour of the fresh Lemon. It instantly dissolves in hot or cold water, and will make Punch or Lemonade equally rich with the fruit, at any time of the year. It is also adapted for every purpose in Cookery where the Lemon is required, such as SAUCES, JELLIES &c.

The convenience, therefore, of the PURE LEMON ACID, for Taverns and Public Places of Amusement, will be sufficiently obvious, particularly in the Country.

It is recommended to NAVAL and MILITARY OFFICERS, TRAVELLERS, MASTERS OF VESSELS and others going long voyages: it is in a state of dry powder, put up in small glass bottles, is quite portable, and will retain its delightful flavour and strength for years, in any climate. A tea-spoonful of this Acid is sufficient for a quart of PUNCH or LEMONADE.

It is warranted to contain no extraneous matter, or any thing in the least injurious to the constitution.

A constant supply of the LEMON ACID will be kept at the POST-OFFICE in Newbern, where it may be had by the dozen or single bottle at the Philadelphia prices.
