DR. ROBERTSON'S CELEBRATED

Which has proved by thousands, who have experienced its beneficial effects to be the most valuable medicine ever offered to the public for the cure of Coughs, Colds, Consumptions, the Hooping Cough, Asthma, pain in the breast, cramps and wind in the stomach, removing costiveness, Head Ache, loss of appetite, indigestion, &c. &c.

For the Dysentery or lax, Cholera Morbus, severe gripings and other diseases of the bowels, and the Summer Complaint in Children, it has proved a certain remedy, and restored to perfect health from the greatest debility.

Persons afflicted with Pulmonary complaints, or disorders of the Breast and Lungs, even in the most advanced state, will find immediate relief. Common Coughs and Colds, which are in general occasioned by obstructed perspiration, will yield to its benign influence in a few hours.

In Asthmatic or Consumptive complaints, hoarseness, wheezings, shortness of breath, and the Hooping Cough, it will give immediate relief.

DR. ROBERTSON'S

Vegetable Nervous Cordial,

Or Nature's Grand Restorative.

Price 1 Dollar and 50 Cents.

It is confidently recommended, as the most efficacious medicine, for the speedy relief and cure of all nervous complaints, attended with inward weakness, depression of the spirits, head ache, tremor, faintness, hysteric fits, debility, seminal weakness, Gleet, & various complaints resulting from secret impropriety of youth & dissipated habits, residence in warm climates, the immoderate use of tea, the unskilful or excessive use of Mercury, so often destructive to the human frame, diseases peculiar to females at a certain period of life, Fluor Aibus, barrenness, &c. &c.

Under the denomination of Nervous Disorders, are included several diseases of the most dangerous kind, and are so various that a volume would hardly suffice to complete a description of them. It pervades, with its baleful influence, the whole nervous system, writhing the heart with inexpressible anguish, and exciting the most dreadful suggestions of horror and despair. To this demon have thousands fallen a sacrifice, in the direful transports of its rage.

The most common symptoms at its commencement are weakness, fatulence, palpitation, watchfulness, drowsiness after eating, timidity, flashes of heat and cold, numbness, cramp, giddiness, pains in the head, back and loins, hecup, difficulty of respiration, and deglutition, anxiety, dry cough, &c.

The Vegetable Nervous Cordial is also a great anti-scorbutic medicine, and is of infinite service for Purifying the blood, and curing those foul disorders of the skin which commonly appear in the form of Scary, surfeit, Red Blotches, Carbuncles, Ulcers, &c. &c. A dose of Dr. Dyott's highly esteemed Anti-Bilious Pills, taken occasionally with this medicine, proves of additional service in the last mentioned cases.

Dr. Dyott's Anti Bilious Pills.

Which prevent and cure all Bilious Complaints Malignant Fevers, &c.

If timely administered, they will surely counteract the causes which commonly produce the yellow or the bilious fever, the ague and fever, bilious vomiting, sick and foul stomach, loss of appetite, fatulence, epileptic fits, hypochondria and hysteric complaints, indigestion, habitual costiveness, colds and coughs, asthma, gravel, strangury, rheumatism and gout.

Also, an effectual cure for the scurvy, surfeit, scorbutic blotches, and for carbuncles—and all impurities in the blood, yield to their happy effects, whether proceeding from constitutional ailment, or arising from indiscreet intemperance.

They are an infallible medicine for Female Complaints generally, and especially for removing those obstructions which are the source of their ailments at certain periods—they possess the eminent advantages over most other purgatives, that while they operate gently, they produce neither costiveness, debility, nor too great excitement.

And whenever there is predisposition to receive disease from marsh effluvia, from a too copious use of ardent spirits, or from a vitiated state of the bile, these pills will surely counteract it.

They are highly recommended to travellers by sea or land, and may be made use of with safety, without change of diet, and in situations where no exercise can be used. They will be found particularly valuable for preventing diseases incidental to hot climates, they deterge and cleanse viscid humours, open obstructions, and promote the secretion of good bile, operate as an easy cathartic, as a powerful diuretic, and as a diaphoretic.

Dr. Dyott here, under the strong conviction of the power of his pills to relieve the afflicted, when other medicines have failed, recommends the use of them (at least once a fortnight) during the spring and summer months, in which he feels assured that those who attend to his advice, will find the benefit they seek.

A bill of directions accompany each box of Pills, small boxes 25 cents. Large boxes 50 cents.
