

**HILLSBOROUGH
FEMALE SEMINARY.**

THE First Session of this Institution closed on the 17th ultimo—at which time an approved Examination of the pupils was sustained in the presence of the School Committee. The exercises of this Seminary will be resumed on Thursday the 12th of January next. Competent Instructors will be in readiness at that time to meet the wishes of those Parents and Guardians who may commit their Children to our care, with a view to their instruction, in either the useful or ornamental branches of Female Education. The Superintendent, deeply impressed with the importance of rightly training those who are now the daughters, but are shortly to be the wives and mothers of the community, pledges himself, as before, to exercise a parental watchfulness over his pupils; and to give such direction to the instructors of the Seminary, as shall adapt them to the eternal as well as temporal interests of those committed to his care.

Every thing taught shall be taught thoroughly and with a view to practical life. And although the lighter gratifications of female education, usually called "accomplishments" shall be attended to in their proper place and measure, yet the chief aim of the Instructors shall be to fit their pupils for usefulness, by inculcating, both by precept and example, moderation, forbearance, good temper, self control and the morality of the Gospel.

To Parents and Guardians at a distance, who may commend their children to his attention, the Superintendent engages to provide them with board, in families convenient to the Academy, and where all due attention will be paid to their moral, their manners and their comfort.

Terms of Tuition at the usual rates.—Board can be obtained in the most respectable families at \$10 per month, including wood, washing, candles, &c.

W. M. GREEN,
Superintendent.

Americans Interested!

To all who would not be Deceived!

COMPARE

AND THEN JUDGE FOR YOURSELVES!!

SINCE it has become quite common for many engaged in the Lottery business, to publish even inferior Schemes as being very brilliant, and not the most splendid of any Lottery before the public, and to continue like publications—the MANAGER of the University Lottery of the State of Maryland, respectfully invites all lottery adventurers, and others, to contrast the Scheme of the Eighth Class of said Lottery with any Scheme before the public, in either of the two AMERICAS—and he is confident, that if a comparison of the Schemes be made for a moment, that the said Eighth Class will be pronounced the most MAGNIFICENT of any ever adopted and drawn in the United States; and that the attempts of vendors to palm off any other on the public, as really the most brilliant, will not only be vain and fruitless, but folly in the extreme. Next to the University, the MANAGER hesitates not to say, that the New-York Lottery, (to be drawn on the 4th of January,) may be classed, in which there are but a small number of Tickets, and which contains One Hundred and Thirty seven PRIZES, above the denomination of ONE HUNDRED DOLLARS. The Union Canal Lottery contains more than three times the number of Tickets than the New-York Lottery, and only Eighty-four Prizes above those of \$100 each.—The "Second Consolidated Lottery," it will be seen, contains 35,000 (!!!!!) Tickets, and only Thirty Prizes above the denomination of \$100. If the time fixed for the drawing of the latter was intended to class, or injure, or interfere with the following splendid Scheme—notice is hereby given to those principally concerned therein, that to draw this Lottery with safety before the University will be drawn, they must not only be very active, but extremely fortunate in effecting sales of their tickets; and it will perhaps yet be found, that the Consolidated State Lottery will not, but that the University WILL BE, the "first Lottery" drawn in the State of Maryland. And the MANAGER of this Lottery again publicly states, that no discount can be made to vendors either "at home or abroad," from the genuine Price, whether it shall or shall not be then disposed, will be fairly and liberally supplied. It will be noticed that the University Lottery contains but a small number of Tickets, (19,000) and Three hundred and Twenty eight PRIZES over the denomination of One Hundred Dollars, being seventy-seven more Prizes exceeding that sum, than are to be found in three classes of Lotteries, mentioned as above, which together contain 94,950 Tickets!!!!!!—Observe this difference, for the truth should be known, and then determine as your own judgment shall dictate, and act at all times hereafter in conformity thereto. Many orders from abroad have been and are constantly received, and the sales of the tickets at retail have been very considerable and are daily made; and the Manager will take pleasure in further waiting forthwith upon those who call personally for tickets or Shares, or Certificates of do; and all orders for Tickets or Shares, per letter, will be thankfully received and as promptly attended to as a personal application, if addressed to the Manager, at either of his Offices—where "Equal Justice is rendered to all."

PUBLIC SECURITY.

The Manager of the University Lottery of the State of Maryland, returns his sincere acknowledgments for the munificent patronage he has received in the former classes; and he now has the honour of presenting to his friends and the public through-out the Union, the SCHEME of the Eighth Class, which is far more brilliant than any scheme ever adopted and drawn in the United States, and probably infinitely more so than any that will be offered for several years. He flatters himself that, as all classes of adventurers may be accommodated, the present scheme will be duly appreciated and approved. By an attentive perusal of the scheme, many unusual advantages will be discovered, and as this lottery is granted for a truly laudable purpose, viz: that of acquiring and spreading knowledge, the citizens of Maryland, and those of the United States generally, will not, it is hoped, be backward in giving it their support; but will patronize it as well from feelings of patriotism, as from the excellent chance now offered of adding to their property. Those not yet abounding in wealth, will not doubt seize at once upon the unparalleled opportunity of securing a fortune.

The demand for Tickets in the last or 7th Class, was so great, that none could be drawn for sale in this City at the time the Lottery was drawn; and similar, no doubt, will be the case, some days previous to the drawing of the present scheme, even though it be not the pleasure of vendors generally to engage in the sale of these Tickets, and should any vender decline taking Tickets in this Lottery, unless he can procure them from the Manager at a deduction from the scheme price, he will find an application for Tickets on such terms, made in vain; and it also will be lost labour for any vender or readers to attempt, by any manoeuvre whatever, to assume to themselves the management of this Lottery, so that it shall result to their own particular benefit, regardless whether it shall or shall not tend to be just or unjust towards the community. But the Manager pledges himself to be consistent with his motto—"Equal Justice"—and a few months will satisfactorily prove to the public the truth of this declaration. In no instance can a credit for any large amount be allowed, unless a satisfactory security be given; for, notwithstanding the integrity and property of many of those in the trade, the Manager must and will endeavour to guard against all casualties, and it must be expected that this will be looked for and adhered to by him in all cases, not only for his own protection and safety, but because it is his intention to proceed with the Lottery in such a manner, that he will have it in his power to pay the prizes promptly, and that it shall result to the entire satisfaction of all concerned.

If the foregoing considerations are not a sufficient incentive to vendors who are not opposed to the fairness of this Scheme in all respects, as well as to adventurers, to take an interest in this Lottery, in preference to any other, the Manager trusts that the following new arrangement and voluntary act on his part, will at least stamp it with such a character, in the minds of adventurers, as shall render it justly deserving of that preference, and he is confident it will duly receive merited patronage.

To insure public confidence, and to prevent the possibility of loss to the holders of Tickets in consequence of any casualties whatever, "it is hereby covenanted and agreed on the part of the Manager, (in addition to the security given to the State of Maryland for the punctual payment of Prizes,) that the current funds, received for sales of Tickets in this Lottery, shall be deposited every thirty or sixty days from and after the 10th day of October ensuing, either in the Merchants' Bank in the city of New-York; in the United States' Bank in the city of Philadelphia, in the Philadelphia Bank of said City; or, in the Union Bank of Maryland, in the city of Baltimore, and in all, or in some one of the above named Banks respectively, the said funds shall remain as a security for the holders of tickets until the drawing shall have in-

zen place, which deposits will, from time to time, be made known by some of the nine gentlemen named in the Circular annexed to the Scheme of this Lottery when first published, who are highly respectable citizens of the City of New-York, Philadelphia, and Baltimore, and who have kindly consented to act, if necessary, upon this occasion, and to attend the duties therein assigned them: all of whom are appointed and constituted trustees, and in whom by these presents, in case of the death of the Manager previous to the drawing, full power is vested to continue the sale of the tickets, and to cause the Lottery to be drawn, and the prizes paid, deposited as above, pursuant to the Scheme;" and it is with much pleasure, that the Manager announces this fact to the public, because he is confident that, to all who adventure in Lotteries, this arrangement will be highly satisfactory and truly pleasing.

P. CANFIELD, Manager.

P. C. constantly keeps Tickets in all the Lotteries for the accommodation of his friends and others, therefore, all adventurers desirous of procuring the Capital Prizes in the above Brilliant Lottery, or in any other now before the public in the United States, will do well to apply personally, or by letter, immediately to him for the same. And all orders, whether for Whole Tickets, Shares, or Certificates, will be thankfully received and promptly attended to, if addressed to P. CANFIELD, 139 Broadway, New-York, 129 Chesnut-street, Philadelphia, or at 180 Market-street, Baltimore.
