AT last November Court, a bay Horse, the property of the Subscriber, was taken from Pittsborough by a Mr. Womble, through mistake, I presume, he thinking him to be his own horse. Mr. Womble rode him to his residence, (Deep River, Chatham county, N. C.) during which time it seems he was unable to discover his error—he still supposing him to be his horse, let him loose thinking he would continue about his plantation; he has never since been heard of.—He is a horse of ordinary size, and trots tolerably hard; his hind feet are white, extending ten or twelve inches above the hoof; his ears are remarkably small. There are no other particular marks remembered. Any information respecting him will be thankfully received and liberally rewarded by the Subscriber, living in Orange county, N. The first session will commence on the 2d Monday in January, 1826. There will be an examination in June and November at the close of each session. The only vacation of the Seminary, will be between the November examination and the commencement of the succeeding year.
Though not required, it is desirable, for many important reasons, that the Young Ladies should board with the Teachers.—They will be under their more immediate inspection—the Teachers will themselves more responsible for their conduct when out of school—they will also have many more opportunities of improving their minds and manners, while members of their family; for as such, strictly and truly, all Boarders will be considered and treated—together with many other advantages. Those who board with them must come provided with a pair of Sheets and Blankets and a Counterpane, each as heretofore required in the school.
THE TEACHERS of this Seminary beg leave to say a word on the important subject of morals. While their attention will be devoted to the formation of lady-like manners in their Pupils, their morals will be still more the subject of anxious watchfulness. Ever solicitous as they will be to win the affections of their Pupils, those who reside over the Seminary will avail themselves of that affection to instill the principles of morality.
