North Carolina Female ACADEMY.

THIS Institution, which, for several years past, has been conducted by Messrs. Andrews and Jones, will in future be superintended by the Revd. Joseph Sabree, assisted by the Revd. Thomas Skelton and wife, from Massachusetts, Miss Hannah Kennedy, who, for several years past, has taught Painting and Drawing in the school of Messrs. Andrews and Jones, and three other able and experienced teachers. The plan of instruction in the institution, will be the same as that heretofore pursued.

Except when parents or guardians have near relatives in town, the pupils will board with the principal, will take their meals at the same table with his family, and in all respects be treated as his own children.

Board and tuition, in all the branches of English study, and needlework, will be charged at only sixty dollars per session. Music at thirty, Painting and Drawing at twenty. The foreign and dead languages, if required, will be taught by competent instructors. The school will be a cheap one. The principal is determined that there shall be no cause of complaint in future of extra and unexpected charges. No charges will be allowed except such as are particularly required by the parent or guardian. The government of the school will be strictly paternal—the government of kindness and of reason.

The principal will feel himself responsible for the morals and manners of his pupils, and while every thing sectarian on the subject of religion will wholly be avoided, he will do all in his power to give them genteel manners and to imbue their minds with those moral truths, which elevate the views, ennoble the feelings, and give some just notions of the real dignity of our nature.

The first session will commence on the 2d Monday of January next. Each pupil will be required to furnish her own sheets, blankets, and counterpane.

Oxford Male Academy.

THE Exercises of this school will commence on the second Monday in January next, under the superintendance of Mr. Jas. D. Johnson, the gentleman who has for several years past presided over this Institution with so much ability.

Hillsborough Female Seminary.

THE First Session of this Institution closed on the 17th ult.—at which time an approved Examination of the pupils was sustained in the presence of the School Committee. The exercises of this Seminary will be resumed on Thursday the 12th of January next. Competent Instructors will be in readiness at that time to meet the wishes of those Parents and Guardians who may commit their Children to our care, with a view to their instruction, in either the useful or ornamental branches of Female Education. The Superintendent, deeply impressed with the importance of rightly training those who are now the daughters, but are shortly to be the wives and mothers of the community, pledges himself, as before, to exercise a parental watchfulness over his pupils, and to give such direction to the instructions of the Seminary, as shall adapt them to the eternal as well as temporal interests of those committed to his care.

Every thing taught shall be taught thoroughly and with a view to practical life.—And although the lighter gratifications of female education, usually called "accomplishments" shall be attended to in their proper place and measure, yet the chief aim of the instructor shall be to fit their pupils for usefulness, by inculcating, both by precept and example, moderation, forbearance, good temper, self-control, and the morality of the Gospel.

To Parents and Guardians at a distance, who may commend their children to his attention, the Superintendent engages to provide them with board, in families convenient to the Academy, and where all due attention will be paid to their morals, their manners, and their comfort.

Terms of Tuition at the usual rates.—Board can be obtained in the most respectable families at \$10 per month, including wood, washing, candles, &c.

Fayetteville Academy.

A PRINCIPAL TEACHER is wanted in this institution, well qualified to instruct youths of both sexes in all the branches of an English and Classical education, and to prepare young men for entrance into the Junior Class of any College in the Union. His moral character, and qualification for teaching the Greek and Latin Classics, must be undoubted.

It is the design of the Trustees to contract with a Gentleman who will take upon himself the sole management and responsibility of the School, comprehending both departments, Male & Female, supply the same with Teachers of his own choice, and furnish every other necessary, in consideration of which he will be entitled to regulate the price of tuition, and to receive all the emoluments derived from it.

This plan is recommended by the experience, that salary employments do not stimulate to that industry and zeal, which are necessary to the successful progress and reputation of a large School, and has its foundation in that principle of self love, which prompts the exertions most where interest lies, by identifying the interest of the Teacher with the character of the School, thus affording to the public the surest guaranty of having their children faithfully taught.

The Academy lot and buildings are situated in a very pleasant part of the town, on one of the principal streets, and in the neighborhood of the Episcopal and Presbyterian Churches. The lot is large, and well shaded in the front yard, which communicates with the street over a stile. The main building and wing are three stories high, with a double Portion in front, and is surmounted with a beautiful Belfry—the length & breadth of the main building is about 65 by 45 feet, divided into large apartments, separated by large halls or passages through the centre.

They are sufficiently capacious to accommodate a School of 200 scholars, and a family, and the lot is supplied from a Hydrant in the front yard with good and wholesome water.

Few prospects can be more inviting than the present, to a married gentleman with a family, qualified, to assist in the school, or capable of taking boarders, (and such a person the Trustees would greatly prefer) for it combines the advantages of two fold profits, to be derived from teaching and boarding children from abroad. And when it is known that the Academy is situated in a town with a population of 3600 souls, & that there is no Academy within 60 miles of it, in which the higher branches of learning are taught, the striking advantages of this offer cannot fail to make a strong appeal to the interest and enterprise of the first talents in the country devoted from necessity to the vocations of Literature.

The Trustees will lease the buildings, lot, &c. from the first day of January next; (when the present lease expires) for one year: after which they will extend the term to any number of years the contracting parties can agree upon.

Letters, post paid, may be addressed to the subscribers at this place.
