Broke the Jail of this County,

ON the night of the 9th instant, WILLIAM JAMES and JOSEPH KIRK, against whom a Bill of Indictment has been found for Negro Stealing...

Love is a small man, about 28 years of age, with light hair, blue eyes and a fair skin. He has a wife and one child, with whom he does not take his wife. His wife is a good looking dark skin woman.

Kirk is about 25 years of age, is tall and well made, with black hair, blue eyes and a fair skin; plays on the Fiddle, and is fond of a drink.

As they are notorious villains, it is hoped all good citizens will aid in their apprehension. They will probably go to Kentucky, where they have relatives. H. D. BRIDGES, Sheriff, Chatham county, Dec. 13. 26 2w

Smithfield Academy.

THIS Institution will be opened after the Christmas vacation on the 1st of January, 1828, under the superintendence of Rev. J. Wainwright, Principal.

Mr. W. is a graduate of Glasgow University; from his testimonials, which are numerous and satisfactory, from his experience and success in teaching during the last six years in this country, the Trustees feel confident in saying that the advantages of this Academy will equal any in the State.

The classical course will be adapted to that observed at Chapel Hill. From the unremitting attention which will be paid to the morals and improvement of Students sent to this Academy, the Trustees expect that it shall receive a liberal share of public support.

Six or eight Students can be accommodated with Boarding in the family of the Principal. By order of the Board of Trustees. SAM'L MITCHENOR, Pres't. Smithfield, Dec. 20. 28 3t

Will be published,

IN a few days, at the Book-store of J. Gales and Son, in Raleigh, price three dollars, a new Edition of the Office and Duty of a JUSTICE OF THE PEACE, and a Guide to Sheriffs, Coroners, Clerks, Constables and other Civil Officers in North-Carolina.

With an appendix, containing the Constitutions of this State and of the United States, and a collection of the most approved forms for the use of these Officers.

The new Edition of this valuable Work contains besides its former valuable matter, the substance of all the important Acts passed by the General Assembly from the year 1815, to the present period, which appear under their proper heads.

Orders for this new Work may be duly attended to from any part of the State. Dec. 20, 1827.

Raleigh and Newbern Stages.

ANOTHER arrangement has been lately made respecting this line of Stages. They now leave Raleigh, every Tuesday and Friday at 9 o'clock in the morning, and arrive in Newbern on Thursdays and Sundays by 2 o'clock in the afternoon.

Leaves Newbern, every Saturday and Wednesday at 8 o'clock in the morning, and arrive in Raleigh on Mondays and Fridays by 10 o'clock in the forenoon.

So that Passengers will be but little more than two days in going through the route, a distance of 120 miles, and that all in day time.

I have good light Stages, fine teams of Horses, and good careful Drivers, and intend to use my best endeavor to continue them, so that nothing shall be wanting on my part to render passengers comfortable.

I therefore solicit the public to travel with me. From and after the 1st day of January next, my Stage fare will be reduced from 8 to 6 cents per mile, in consequence of the hardness of the times and scarcity of money.

Passengers will be allowed 25 pounds of baggage, but it must be here understood, that I will not hold myself accountable for the safe conveyance of any baggage or bundles whatever, but will endeavor to have the best attention paid to them.

I must here add, that the present arrangement is the best one that has ever been yet on the route, as it enables me to procure the best public horses between the two places, for Passengers, and the route both ways is performed in little more than two days, and that without having to travel in the night. I have no doubt but after a little experience, all will be satisfied who are interested.

Notice to the Stockholders of the Bank of Cape-Fear.

WHEREAS it is the wish of the Directors, in duty to the interests of the Stockholders, and to the just expectation of the public, that the prospects of this institution be thoroughly canvassed; and whereas, from the smallness of the debt due this Bank, and the necessity which demands its still progressive diminution, while the institution is necessarily incumbered with its current expenses, and weighed down by an onerous State Tax, a curtailment of the profits to the Stockholder became unavoidable, and the expediency of continuing its operations rendered doubtful.

Therefore Resolved, That the President of this Bank be directed to call a meeting of the Stockholders, to consider the propriety of surrendering the Charter, and to discuss and act upon all other interests connected with the Institution.

In accordance with the above Preamble and Resolution, as taken from the Minutes of the Board of Directors, and by virtue of my office as President of the Bank of Cape-Fear, Notice is hereby given to the Stockholders of said Bank, to meet at their Banking House in the Town of Wilmington, on the first Monday of January next, then and there to consider of, and to act upon the matters and things as contained in the above Preamble and Resolution.

Witness my hand, this 30th day of November, A. D. 1827. JOHN R. LONDON, President of the Bank of Cape-Fear. Attest: JOHN HILL, Cash. 28 5w

Strayed or Stolen,

FROM the Subscriber, at Lexington, N. C. on Friday evening the 10th instant, a Dark Gray Mare, young with foal, 16 hands high, is a two small knots just above each eye, which are plainly to be seen on examination, also a scar on her left hind leg, just above the hoof; the name of her dam has been cut; she had when she went away, a tolerably long switch tail, white at the end, no other marks recollected. I am led to believe that the whole was stolen by a yellow fellow calling himself Michael Mitchell, & sold between Lexington and Raleigh. The Mare had on a common saddle with a new seat and old plated stirrups, placed on a dragon bridle, the bridle was striped. I will give a reward of \$20 dollars for the Mare and all reasonable expenses paid. DAVID WAGGONER. November 17. 21 oaw3w

SOUTHERN Female Classical Seminary

MR. & MRS. HOLLISTER will open a Seminary for young Ladies, at Buffalo Springs, Mecklenburg County, Va. on the first day of January, 1828.

They adopt the appellation of Classical, from its being used to designate those Female Academies, in which the method of instruction pursued is the Pictorial, or Inductive method. This plan of instruction, which is, in short, proceeding from facts to principles, which has its foundation in the nature of the human mind, and which is acknowledged to possess superior advantages, they have practiced upon for some time, and they propose to adopt it still more fully hereafter, and to extend it as far as practicable into all the branches of study.

The School will be arranged in three Classes, the studies of which will be as follows: 1. Minor Class: Reading, Writing, Spelling and Defining, General Outline of Geography, Mental Arithmetic, First principles of Grammar, and Etymological Parsing, the Composition of Sentences, and simple Descriptions.

2. Junior Class: The three first of the above continued, Geography, Arithmetic continued, Syntactical Parsing, Punctuation, Outline of Astronomy and Use of the Globes, Natural Philosophy, History of the United States, and Composition.

3. Senior Class: Arithmetic continued, Chemistry, History, Ancient and Modern, Chronology, Mythology, Astronomy, Rhetoric, an Composition.

Those who are not prepared to enter the first of these classes, will be retained for a time in a Preparatory Class.

Lectures will be delivered to the Senior Class on Mental Philosophy, Botany and Mineralogy. Mr. H. has a collection of Minerals, to which he has engaged an important addition. He has also a considerable Botanical collection to illustrate the interesting science of Botany. The recitations in Natural Philosophy and Chemistry will be accompanied with the most important experiments in those sciences, for performing which the School will be furnished with the necessary Apparatus and Materials.

In the department of Music, a lady is engaged, of approved qualifications, and experience in teaching. Instruction in the other Ornamental Branches, it is hoped, will be equally satisfactory. Other Teachers will be employed whenever the number of Scholars shall require it.

The Discipline of the School will be so managed as to stimulate to the greatest possible exertion, and at the same time, such as to discountenance envious feelings, or any inordinate thirst for praise. The regulations will extend to the manners of the young ladies, and to their habits of order and neatness in their dress and appearance. The hours of recreation and of study, will be arranged with due reference to their health, and a certain portion of their time out of school, will be devoted to study, under the immediate attention of one of the teachers. Divine Service will be regularly performed at the Springs on the Sabbath.

The terms will be, 100 dollars for Board and Tuition in the Branches mentioned in the list of studies, for 10 months. Music 40 dollars. Painting in water colors and Velvet Painting, 20 dollars French or Latin 20 dollars. Projection and Drawing of Maps 10 dollars. The charges for each session to be paid in advance. For the Lectures, and for Plain and Ornamental Needlework, no additional charge. Books and Stationery will be furnished, if desired, at the Richmond prices.

The young ladies will be expected to bring bed clothes; to any who prefer it, they will be furnished at a small additional charge.

The first Session will commence on the 1st of January and end on the 10th of July. The second will commence on the 10th of September, and continue until Christmas. At the close of each Session there will be a public Examination.

From the healthiness of the place, from its having the advantage of a Mineral Spring of highly valuable properties, from its retired & pleasant situation, the extensive accommodations, and the past experience and success of the teachers, they anticipate with confidence a liberal share of the public patronage.

It is desired that those who expect to join the Seminary, should be present on the 1st of January, that they may have the advantage of the whole course of instruction of the class to which they may be attached, and that they may hear the Introductory Lecture, which will be delivered on that day at 12 o'clock. Those Parents and others, who may find it convenient, are respectfully invited to attend on that occasion.

EDWARD HOLLISTER. Buffalo Springs, Oct. 19, 1827.

We have examined the Testimonials of Mr. & Mrs. Hollister, and find them to be numerous and satisfactory. The following extract from the one furnished by Dr. Benj. Robinson, President of the School Committee of Fayetteville, in 1826, and by the Hon. Henry Potter, President for 1827, will be sufficient to satisfy the public as to their qualifications to instruct youth:

"Our knowledge of this gentleman commenced in the Spring of 1826, when he took charge of our Academy as principal. His lady joined him in June, and conducted the Female Department. They both taught with much approbation and success, until the bad health of Mr. Hollister, compelled him to seek a situation in the upland country. The School Committee sincerely regretted the loss of their services, as teachers, and we, as members of that Committee, take pleasure in recommending them as intelligent, moral and pious, and well qualified for the instruction of youth."

Mr. & Mrs. H. have been, for the last year, engaged as instructors in the Academy at Oxford, and have given great satisfaction in that capacity. We entirely approve of the plan of instruction proposed to be adopted in their Classical Seminary, and think that with a judicious application, it will be possessed of superior advantages.

A CARD.

THE American Colonization Society, whose object it is to colonize the Free People of Colour of the United States, on the coast of Africa, has the satisfaction of informing the public that thus far their labors have been crowned with success. A colony has been planted in a fertile soil, in a climate suited to the constitution of the colored man, and is now in so flourishing a condition, that it offers inducements to free colored people to emigrate. The costs of transportation being about twenty dollars for every emigrant, to lessen this expense to the Society, it has been concluded to solicit public contributions for the purchase of a vessel, to be employed by the Society in transporting emigrants, and also in bringing back the products of the Colony as articles of Commerce, that the Society itself aided by the resources of its own colony, may be the better able to proceed with efficiency, in its great enterprise.

Donations for this purpose are respectfully solicited from the inhabitants of Raleigh and its vicinity, as well as from the citizens of N. C. generally. Donations to the Society for any purpose, and subscriptions to the "African Repository and Colonial Journal" will be gratefully received by the Agent of the Society.
