NOTES.

1. The Post Master General may expedite the mails, and alter the times for arrival and departure, at any time during the continuance of the contract, by paying an adequate compensation for any extra expense that may be occasioned thereby.

4. Persons making proposals are requested to state their prices by the year. Those who contract will receive their pay quarterly—in the months of May, August, November and February, one month after the expiration of each quarter.

6. Where the proposer intends to convey the mail in the body of a stage carriage, he is desired to state it in his proposals; and the stage must be of sufficient size, unless otherwise expressed, to accommodate seven passengers.

8. The Post Master General reserves to himself the right of declaring any contract at an end, whenever one failure happens, which amounts to the loss of a trip.

10. In every case where the mail is transported in stages, and the present contractor is underbid, and the underbidder shall not have such stage property as may be necessary for the performance of the contract, he shall be required to purchase from the present contractor, at a reasonable valuation, the whole or any part of the stage property, including horses, that may be suitable for the service, and make payment therefor, by reasonable instalments, as his pay becomes due, or as may be otherwise arranged.

11. No bid shall be withdrawn after the time for receiving bids shall have expired, and should any person refuse to take the contract at his bid, he shall be held responsible to the Department, for the difference between his bid and that at which the contract shall be made.

12. If a route should be discontinued by Congress, or become useless, in whole or in part, in the opinion of the Post-Master General, he may limit or dispense with the service of the contractor, on making him an allowance of one month's extra pay.

13. The contracts will all begin January 1st, 1829, and the contracts for routes in the states of Indiana, Illinois, Missouri, Arkansas, Tennessee, Alabama, Mississippi and Louisiana, will continue for one year only.

14. Post-Masters who receive an advertisement should give every person who applies, an opportunity to read it.

Archibald R. Ruffin, Original Attachment, levied on a Cloak.
Wm. A. Chapman, Defendant.

IT having been made appear to the Court, that the defendant has removed beyond the limits of the State, or so conceals himself that the ordinary process of law cannot be served on him: it is, therefore, ordered by the Court, that advertisement be made in the Raleigh Register for six weeks, that unless the defendant comes forward on or before the next County Court of Pleas and Quarter Sessions, to be held for the County of Wake, at the Court-house in Raleigh, on the 3d Monday of November next, then and there to reply and plead to issue, judgment will be entered up against him, and the property levied on will be condemned, subject to plaintiff's recovery.

James's Anti-Dyspeptic Pills.
DYSPEPSIA has of late become so frequent, and is so well known, that it is considered unnecessary to describe minutely its characteristic symptoms.

7. Every proposer may offer in his bid to make any improvement in the transportation of the mail, from the terms invited, either as to the mode of transporting it, the speed required, or the frequency of the trips per week—which shall receive due consideration.

8. The Post Master General reserves to himself the right of declaring any contract at an end, whenever one failure happens, which amounts to the loss of a trip.

9. The distances stated are such as have been communicated to this office, and some of them may be incorrect; on this subject the contractor must inform himself—the Department will not be answerable for any mistake.

10. In every case where the mail is transported in stages, and the present contractor is underbid, and the underbidder shall not have such stage property as may be necessary for the performance of the contract, he shall be required to purchase from the present contractor, at a reasonable valuation, the whole or any part of the stage property, including horses, that may be suitable for the service, and make payment therefor, by reasonable instalments, as his pay becomes due, or as may be otherwise arranged.

The Faculty take pleasure in stating, that the establishment of an INFIRMARY for Surgical Cases, in connection with the College, has been attended with the advantages anticipated. It afforded to the Students during the last course of instruction, the opportunity of witnessing a variety of operations—amongst these were most of the capital operations in Surgery.

To enable the students to profit by the facilities which our situation affords for the study of Practical Anatomy, new and extensive Rooms have been erected, and provided with all the conveniences necessary for the purpose.

The valuable Anatomical Museum of the College, has been improved by new preparations received from France and Italy during the summer.

It affords the Faculty additional satisfaction to state, that by an arrangement with the Literary and Philosophical Society of South-Carolina, extensive and valuable collections in Natural History, have been placed in the College, and carefully arranged, so as to afford to those interested in the study of Nature, ample opportunity of acquiring information, not only in the departments connected with Medicine, but through the whole range of Natural History.

The rich collection of Minerals particularly, must be considered a very important acquisition to the Chemical department of the Institution.
