

The Banks.—After a Debate of several days, in which great ability was displayed, and in which much abuse was cast upon these Institutions and their Directors.

We cannot believe that a majority of the Legislature can be found in favor of this bill, when its effects come to be fully understood, as it is certainly calculated to produce greater derangement and distress in our community than is at present contemplated.

And for what purpose is all this confusion to be produced? Is it for any thing but to satiate the ill-will of certain individuals towards these Institutions?

The fact is, and it is well known, that the Directors of these Institutions were selected from amongst the Stockholders, as the most fit persons to manage their concerns;

What was the result? The business of the State Bank went on for the first eight years of its existence, with uninterrupted success.

The bill to incorporate the Mattamuskeet Lake Canal Company and for other purposes, on the same day, passed its 3d reading in the Senate.

The bill to incorporate the Fayetteville Manufacturing Company, has passed both Houses, and is of course a law.

On Saturday, in the House of Commons, the bill to reduce and fix the salaries of certain officers therein named, was indefinitely postponed, 66 votes to 55.

In the Senate, the bill for the prevention of the usurious practice called shaving, was rejected. It provided, that any note bought for less than its value, should be irrevocable in law.

The UNION TRACT SOCIETY of this City, held their Annual meeting in the Baptist Church, on Friday last. The Reports of the Treasurer and Recording Secretary, were very satisfactory and that of the Board of Managers, was truly interesting and encouraging.
