TO THE AFFLICTED.

HADLOCK'S

Vegetable Sirup and Powder FOR DISEASES OF THE LUNGS.

THE Proprietor of this Medicine, after repeat. L ed trials of its virtues, which have been attended with the most signal success, now offers it to those who are afflicted with the wasting diseases which it is designed to relieve, in full confidence that it will be found efficacious, particularly if taken in the incipient stages of these diseases.

For two years past, this Medicine has been prepared in the form of a Powder, & taken as an infusion, with the most happy success. It is now offered to the afflicted in the form of a Sirup or in Powder, as the Patient may prefer, under the conviction, that either form will produce the same happy result. Among its most prominent qualities the following may be mentioned, as entitled to particular consideration. It promotes that gentle perspiration which is deemed healthy, and checks those sweats which are morbid and pernicious. It relieves chronic affections and congestions of the longs by giving force to the languid circulation. It assuages coughs. It propain from the chest. It relieves asthmatic and difficult respiration. It corrects obstinate costiveness, and thus leaves the bowels in a regular and healthy state. Thus, it is found, that these painful symptoms which indicate diseased lungs, readily yield to this powerful remedy, when seasonably resorted to, and that it restores the patient to that bodily vigour, which that cruel disorder the consumption, if left to its natural operation, would very speedily destroy.

Certificates respecting the virtue of this Medicine will accompany each bottle. Price \$2 50 a bottle, or \$24 a dozen. JAMES HADLOCK. Fayetteville, Feb. 1829. This Medicine may be had at the Store of GALES & SON, Raleigh.

J. GALES, Sec. Baleigh, Feb 29, 1829. THE NATIONAL INTELLLIGENCER. Published in the CITY OF WASHINGTON, BY

GALES & SEATON.

THE National Intelligencer is an old establish ed Journal, at the Seat of the General Govemment. It publishes, originally, regularly, and fully, the Proceedings and Debates of Congress ; also, all the State Papers and Documents of public interest, laid before Congress, or originsting in that body, and all the Acts passed by them. These recommendations, in addition to a variety of other information which is to be found in its columns, connected with the Gene ral interests of our own country, with Literature and Science, and the Affairs of the world at large; together with the character of general fairness which the paper has sustained under its present editors for many years, make the National Intelligencer useful and even valuable, to all who feel an interest in the concerns of this or of other countries

probation seems to be due to public measures. It supported the late Administration of the General Government, when the measures of that Administration were such as to meet its approbation. It avows a determination, though it opposed the election of General Jackson, to sup-port the just measures of this Administration, port the just measures of this Administration, but as certainly to oppose the unjust or the pro-scriptive. It will be, in principle, opposed to, any Administration of the Government, whose measures shall show it to have the interests of a party at heart, rather than the great interests of the country. It is, in a word, what its title de-notes, a Nation 1 paper.

For the independent and impartial course strong arm of power directed by caucus agency. The attempt is as vain as it would be for any modern prophet to bid the sun to stand still... Thirty years old, this National paper is not yet is its prome, but acquires strength and power with every day of its existence. Without having ever sought for populatity, or counted public patronage, the National Intelli-geneer enjoys already the widest circulation of geneer enjoys already the widest circulation of geneer enjoys already the widest circulation of geneer enjoys already the United States. Washington is a bright sorrel, five feet two

and a half inches high, ten years old the ensuing Spring, of great strength, power, muscle, bone and sinew ; was got by the celebrated race borse Timoleon, one of the best sons of Sir Archie, out of the noted Mare Ariadne, by Citizen, Wildair, Spadille and Silver-eve-thus uniting in himself, in an eminent degree, the best and most approved blood of the country, to wit : Caroline, Reality, Vanity, Sir Archie, Citizen, Pacolet, and Monsieur Tonson. But the following Certificate from the most eminent sportsmen of the country, and best judges of the blooded horse, will readily establish his reputation, as a stallion of the very first order, together with his having already proven himself to be a sure and first rate foal getter.

We, the undersigned, having been in the habit of seeing and running horses for a time past, take pleasure in rendering justice to the stallion Washington His runs, two, three & four mile heats, have distinguished him as a racer of the first order. The runs of Ariadne, his dam, gave her a high station on the turi; and the races of his sire, Timoleon, are acknowledged by all to have been the hest ever run, and the colts of Timoleon, heretofore, and particularly this Fall, have not only been good but great.

PERFORMANCES

Washington, in 1822, when he was Syears old, was engaged in four Sweepstakes ; in the Spring he won the Stakes at New-Market & Lawrenceville; in the Fall be was beaten at Warrenton, by John Richards; he won the 1st heat, but lost the 2d, by having a bad start, whereby he lost about eighty vards, and was only beaten half a length. Being considered in bad order he was drawn, having the sweepstakes at New-Market to run for, which he won, beating the celebra ted race horse Henry (the same that run against Eclipse for twenty thousand dollars) there were four heats in this race, the first being a dead heat; Henry won the second, Mashington the 3d and 4th.

In the Spring of 1823, he was trained at New. Market, but owing to his having a curh on one of his legs, the first of the training season, he only run one race. He was handy-capp'd at New-market with Sir William longing to Col. Wynne, Washington won the first heat, Sir William the second and third, Washington was unfortunate in this race; he lost considerably instarting for the second heat, and was only beaten a length. This heat was run in three minutes forty-five seconds, which is two seconds less than any two mile heat has ever been run at New-market. Sir William had ten pounds off his regular weight, and Washington carried his full wright. The following Fail he won the Proprietor's Purse at New-Market, three hundred dollars, three mile heats. The first heat, in this race was also run in two seconds less than any on record on that ground. He was then carried to Baltimore, where he won the Proprietor's Purse of five hundred dollars, beating the celebrated race horse Flying Childers with case. He was discovered to be tume after this race, occasioned as was suppos-ed by the situation of the ground, it being a new tract. He was then carried to Washington City, and ran one heat in that situation, but was beaten by a mare of Mr. Wynn's, and was drawn. He was trained the Spring following, and won the Joc-key Club Porse four mile heats, at New-Market, six hundred dollars, with ease, beating Colonel Wynn's mare Phrtulla, & Capt. Harrison's hors: Aratus.

Grape Vines.

THE Secretary of the Board of Agriculture of this State, informs the several Agricultural Societies connected with the Board, that, agreeably to the instructions given him at their meet-ing during the late Session of the General As-sembly, he has ordered a supply of Grape Vines from the Vineyard of Mr. LOUBAR, on Long Is-land, and has received advice of their being shipped for Wilmington, in 20 Boxes, each con-taining 50 Roots of 25 different kinds, addressed to the several Societies. From Wildington, to the several Societies. From Wilmington, they will be sent on to Fayetteville, to the care of Messrs. Horton & Hutton, to whom applica-tion will be made by the several Societies.— From a belief that it would be more convenient for some of the Societies to send to Raleigh than to Fayetteville, a few of the Boxes will come on to this place.
