

New and Cheap Cash Store.

WILLIAM C. TUCKER takes pleasure in announcing to his friends and the public in general, that he has just returned from New York, and is now receiving and opening his **SPRING GOODS**, which together with his former Stock will make his assortment very complete. His assortment will comprise almost every article of Dry Goods and Groceries in the Mercantile Business. All of which he purchased in New-York, principally for cash, and of course will be able to sell them on as good terms as any house in the place. Among his goods is a very large and elegant collection of Fancy Calicoes, Ginghams, Muslins, Silks, Laces; Summer Clothing of almost every description; Ladies' and Gendemen's Shoes and Gloves; Also Cologne Water, Macassar Oil, Hair Powder, Pastry Soap, &c. &c.

He respectfully invites his friends and customers to call and examine his Goods, as he flatters himself that they will suit both in price and quality, and accordingly secure a share of their patronage.

Raleigh Register.

FRIDAY, MAY 15, 1829.

The United States' Circuit Court for the District of North-Carolina, was in session in this city, for a few hours only, on Tuesday last. The shortness of the session was principally owing to the absence of Mr. Gaston and Mr. Badger.

The Directors of the State Bank have appointed Col. W. A. Tharp, of this county, Cashier of the Salisbury Branch of that Institution, in the place of Junius Sneed, Esq. resigned.

We have the satisfaction to learn, that the improvements on the Cape Fear River above Fayetteville, under the superintendance of JAMES MEBANE, Esq. are carried on with that degree of energy and attention which promises to insure a successful issue. Indeed, the navigation of the River from Haywood to Fayetteville, which was formerly considered altogether impracticable, seems now, not to be very difficult. We are informed, that a few days since, three boats laden with flour and cotton and each having on board four hands, left Haywood the river being low, and descended to Buck-horn Falls, entered the canal, unloaded near Branson's Mill—then passed the Falls, re-loaded and made their way down the river without difficulty, until they arrived at a sluice near Smilie's Falls, which had been cleared out by the hands which worked on the river last Fall. Here, not expecting any obstruction, the boatmen attempted to enter the sluice, but some person having carelessly erected a Fish Stand which could not be seen until the boats were nearly on it, the muddy water passing over its top, one of the boats laden with 30 bales of Cotton capsize by coming in contact with it. Fortunately, no damage was sustained more serious, than the detention of the boats two days. In that time, the boat was raised and re-loaded, and no other accident happened in the descent to Campbellton, where their cargo was readily disposed of. On their return, the boats took up considerable freight, consisting in part of 3000 lbs. of Bacon, 1500 weight of Iron, several bbls. Sugar and Molasses, bags of Coffee, 500 lbs. Gunpowder, 5 sacks of Salt, several thousand shingles, with a variety of other articles. Thus proving by actual experiment, that even now, before the works which are progressing on the River, are completed, boats may safely pass down and up, with considerable cargoes and with but little risk.

We learn also, that the Locks which are building at Buck-horn Falls will probably all be completed in June, after which, boats may pass that place loaded; and we confidently hope, that if this season should prove favorable for operations on the River, that a great part, if not the whole of it will be sluiced before the next Winter.

It gives us pleasure to record the departure of Mr. William Battle's boat *Necessity*, from his plantation on Neuse River, (a few miles below Cobb's Mills) for Newbern. The *Necessity* carried to market, 54 bales of Cotton; and we understand, that this is not the only instance, during the present season, in which the produce of our county transported down the Neuse, has met with a ready sale.

"Reform."—John F. Parrott, formerly a Representative, and afterwards a Senator, from the State of New-Hampshire, has been removed from the Post Office in Portsmouth, N. H. to make way for *Abram Greenleaf*, late Editor of the New-Hampshire Gazette.

Col. John M'Elwain has been appointed Indian Agent to reside at Piqua in Ohio, in the place of Col. John Johnston removed.

Mr. William Browne, a faithful and efficient Clerk in the Department of State, has been discharged by Mr. Van Buren, to make room for Mr. Waddle of New-York. No man in the public employment sustained a more unimpeached character than Mr. Browne.

George W. Owen, Esq. a member of the last Congress from Alabama, has entered upon the duties of the Office of Collector of Mobile to which he was appointed by Gen. Jackson, being one of his most faithful adherents.

Manufactories.—We find in an advertisement in the Warrenton Reporter, the following description of the buildings, &c. at Mr. Joel Battle's Manufactory at the Falls of Tar River, in Edgecomb county :

"Among these are a well constructed stone edifice on the south side of the river, 76 feet long by 36 wide, with four floors, and capable of containing 2,000 spindles; a large wooden building on the opposite side of the river, calculated either for spinning or weaving—444 spindles, with all the necessary apparatus of cords &c. are now at work, and yield from 100 to 150 pounds of coarse yarn, and a proportionable smaller amount when of a finer quality. Attached to the Factory are an excellent Grist and Saw Mill, two Store-houses, a large and commodious Dwelling-house, with all the necessary Outbuildings."

An association has been formed at Tuscaloosa, for suppressing abuses in electioneering, each member pledging himself as follows :

"Whereas, the practice of electioneering is deemed by the undersigned extremely demoralizing, they mutually and solemnly pledge themselves to each other, and to the community at large, not to vote for any person, for any office in this county, who will ride over the county to electioneer, or who will treat with spirituous liquors or otherwise, to procure votes. And we further pledge ourselves to use all laudable means to prevent the election of any person or persons who will be guilty, either directly or indirectly, of any such immoral practices."

Mr. Madison is the *sole surviving member*, both of the Convention which formed the *Constitution of the U. States*, and of the Legislature which formed the *Constitution of the State.*—*Rich. Eng.*

Elizabeth City, May 6.

The Superior Court for Camden county, his honor Judge Donnell presiding, closed its session on Thursday last. On the morning of that day the Court took up the case of the State vs. Nancy Chittum, charged with being accessory to the murder of Joseph J. Lindsay, of Currituck county. The Court was occupied in this case from 10 o'clock, A. M. till near night in obtaining a jury and examining witnesses; it was then argued at some length by the counsel *pro* and *con*, and committed to the jury by a charge from his honor about 10 o'clock, when they retired a short time and returned a verdict of *not guilty*. A. M. Gatlin and C. R. Kinney, Esqs. counsel for the State. Jas. Iredell and J. L. Bailey, Esqs. counsel for the prisoner.

The deceased was at the time of his death, the lawful husband of the prisoner, whom she left for her present husband, John Chittum. He now stands condemned as an accessory to the same murder, and will receive the sentence of the law this week at the Court sitting for Currituck county. Negro March who was employed to commit the deed, was tried, convicted and executed in Tyrrell county last fall.

To see a man arraigned before the judicial tribunal of the country upon a charge of murder is horrible enough; but when we see a female, whose youth and beauty if accompanied with virtue and the other charms of the sex, would render her invincible, arraigned before the bar of justice to answer for the crime of murder—the murder of her husband too—it is enough to strike every virtuous individual with awe, and show how miserably degraded the mind may be when loose reins are given to our evil passions and propensities.—*Star.*

Washington, May 2.

The Superior Court for this county is sitting this week, his honor Judge Norwood presiding. We cannot forbear expressing our admiration at the mildness, kindness, and courtesy which characterizes the venerable Judge's intercourse with the gentlemen of the bar & all others having business in the Court. There has not been tried any case which has excited much interest, except one of an indictment against the Justices for not repairing the Jail. They were, however acquitted by the Jury without leaving the box. We understand that it was conceded on

all hands (Miller for the State, Gaston and Shaw for defendants) that the Justices were not indictable for the mere fact of the Jail being out of repair; but it was contended on behalf of the prosecution, and so charged by his honor, that they were indictable for neglecting to perform those duties enjoined by act of Assembly toward repairing and building; such as laying taxes, appointing a treasurer of public buildings, &c.—*Echo.*

First of May.—The anniversary of MAY DAY, was on Friday last celebrated by the young Ladies of our Female Academy in a tasteful and appropriate manner. Miss MARY DAVIDSON, was selected by her associates, Queen of the day. The coronation was performed about five o'clock in the evening, in the presence of a numerous concourse of the most respectable of our citizens of both sexes—After the conclusion of the interesting ceremonies around the May-Pole, which was decorated in the most beautiful and happy style, the gay group, marching in 'measured mood' to the music of a favorite air, repaired to the house, where engaging in the mazy dance, they prolonged the festivity to a good hour. May every returning Mayday find them as innocent and as happy as they were left by the last.—*War. Rep.*

Casualty.—We regret to state that Capt. DAVID WILLIS, for many years a prudent navigator in the merchant service of this place, was lost from a Lighter, at lower Broad Creek, a short distance below Newbern, on Monday the 27th ult. He had that morning, in the prosecution of a determination to relinquish the sea and resort to the less hazardous pursuits of agriculture, taken passage for his farm and was taking the depth of water with an oar, when he fell overboard and perished before assistance could reach him. The wife of Capt. Willis was on board and witnessed the agonizing scene. Thus, in the prime of life, and at a moment as he believed, of perfect security, has this experienced mariner, after years of exposure to the perils of the ocean, found his last enemy in the waters of the Neuse. The body of the deceased was discovered on Monday last and brought to this place for interment.—*Newb. Sentinel.*

The only answer which is deigned to the objections to the removal of certain faithful, honorable, and honored public officers, is, that 'public sentiment' demanded their removal. We desire the evidences of the 'public sentiment' which demanded the removal of Postmaster of the City of Washington. We ask for an exhibition of the names of those whose 'demands' of this sacrifice of public interest to mere schemes of party aggrandizement, constituted such an evidence of 'public sentiment' as was sufficient to control the universal public opinion. Let us have light. In this case, as we believe in many others, 'public sentiment' abhors and reprobates the proscription spirit which has been at work.—*Nat. Int.*

The excitement in Hartford, Connecticut, in relation to the recent appointment of Postmaster, still continues. A meeting of those citizens who were opposed to the change, was called at the State House on Wednesday morning last. The meeting was fully attended, and by gentlemen who, from their respectability, and from the extent and importance of their business, are most deeply interested in the regulation of the Post Office. Several resolutions were passed, to procure, if possible, by fair and honorable means, the re-appointment of Mr. NORRIS. These resolutions were afterwards circulated among the citizens, and more than five hundred signatures were obtained, approving of them. They have since been forwarded to Washington, by a gentleman, who is instructed to present them to the Postmaster General, to remonstrate against the present arrangement, and to urge some appointment which will be more satisfactory to the citizens.—*Baltimore Gazette.*

[We understand that it has been finally determined that the second appointment (of Mr. NILES,) shall stand, unaffected by the representations which have been made against it.]

Important Rumor.—There is a rumor in town, that Spain is about recognizing the Independence of the South American States and that to secure some peculiar advantages she will make a demonstration upon some of her old possessions with a naval and military force. A letter from Havana dated 2d of April, repeats the account published here some days since from the English papers, that an armament was fitting out at Cadiz for Cuba. The inhabitants of Cadiz it was said in the English accounts, were to pay the expense of the expedition in gratitude for H. C. Majesty having made Cadiz a free port. It will be well for Ferdinand if he recognize the Independence of the S. American States even at this late day.—*N. Y. Mer. Adv.*

Chief Officers of the U. S.—Since the establishment of the Constitution of the United States, 1789, we have had seven Presidents—seven Vice-Presidents—ten Secretaries of State—nine Secretaries of the Treasury—thirteen Secretaries of War—ten Secretaries of the Navy—seven Post-masters General, and eleven Attorneys General. Of these seventy-four distinguished public officers, but two, we believe, have died in office, and these were both Vice-Presidents of the U. S.—As it is not probable that the offices herein enumerated have been attained at an earlier age than 50, the above statement would warrant the belief that we average the attainment of as great an age in this country, as is usual in any part of the world.—*Dem. Press.*

Kentucky.—The election for Representatives of the Twenty-first Congress, from Kentucky, is yet to take place. The Kentucky Reporter, of April 29th, furnishes the following view of the prospects of contest in several of the Districts.

Nicholas D. Coleman, James G. Leach, Joseph K. Sumrall, Judge Beatty, and Major Bedinger are candidates for Congress in the district formerly represented by Governor Metcalf. General James Gerard has declined.

In Major Moore's late district there is to be a Convention of Jackson Delegates, to select a Jackson candidate. Messrs. Pleasants, Davies, Kincaid, Booker, and others have been announced. Major Caldwell, of Jessamine, is the only anti-Jackson candidate.

Col. Francis Johnson is a candidate in his old district, in opposition to Mr. Yancey, the late representative.

Colonel Lyon, we believe, has no opposition.

Mr. Lecompte is a candidate for re-election, and a Convention of Jackson Delegates at Frankfort have agreed to support him.

Mr. Daniel is a candidate for a re-election in the Montgomery district, without opposition.

Mr. Letcher is also a candidate, without opposition.

Robt. McHatton is opposed by Col. R. M. Johnson.

Judge Clark, in his district, has no opposition.

New-York.—The Legislature of the State of New-York adjourned, after a long session, on Tuesday last. The following brief notice of the late session thereof is from the pen of the Editor of the New-York Commercial Advertiser, who does not appear to be particularly disposed to look kindly upon the doings of the Legislature:—

"It has been the longest session of our State Legislature ever held: it having exceeded four months. We believe that of the last sixteen months our Legislature has been in session about eleven. The last session, however, has been particularly distinguished. We believe it has passed but few laws, and in this respect it is entitled to our special thanks—for excessive legislation is the besetting sin of this country. But upon the subject of Banks it has done more mischief, and disclosed more ignorance and folly, than any other Legislature in this State ever did. Lord Coke would have pronounced it the *Indolent Parliamentum*, or *lack-learning Parliament*. We shall have more to say about it."

Distressing Suicide.—DANIEL M'ELMOYLE, Esq. a respectable citizen of this district, put an end to his existence on Wednesday evening last, by shooting himself through the head. No cause could be assigned which led to this fatal deed, except that he was in a habit of occasionally drinking to intoxication, and had, probably, often told his wife if he could not quit drinking to excess, he should sometime put a period to his life in some untimely way. Mr. M'E. has left a wife and six or seven children to lament his untimely end.—*Yorkville S. C. Pioneer.*

Thermometer.—A friend in Chesterville has politely furnished us the following account of the sudden changes of the climate, which we think worthy of record. "The rise and fall of the Mercury in the Thermometer for the last two weeks preceding the 25th, is remarkable—during which time on one occasion, it rose from 45° to 72° in five hours—on the 23d, it stood at 78°—and at 8 o'clock on the 25th, it stood at 46° being a fall of 32° in forty hours."—*Ibid.*

The same gentleman informs us that a Counterfeit One Dollar Bill on the Bank of the State of South-Carolina, was shown him a few days since. It is necessary that persons should be on their guard, lest some of these bills be imposed upon them. It was coarsely executed, particularly by the filling up; marked with the letter O—and the signatures of the Cashier and President, badly done.—*Ibid.*

"The way of the transgressor is hard."
Jacob K. Boyer, of Reading, Penn. has been brought to trial on a charge of passing forged Bank bills, and has been found guilty. A great number of witnesses were examined at the trial; and the burden of the testimony on behalf of the commonwealth was such as to show beyond a reasonable doubt, that the prisoner had been extensively engaged in the traffic of spurious bank paper. One or two persons (accomplices) testified that they had received considerable lots of such paper from him, at a given discount, for which they paid in good money or gave their notes. In these transactions, the article dealt in, was termed "*Lottery Tickets*." Truly it "kept the word of promise to the ear, but broke it to the hope," as this ill-fated man will have experienced. On the part of the defence, the mass of testimony produced was conclusive, as to the previous standing and respectability of the prisoner. He was indeed but a few years since, one of the most influential men and respectable merchants of Reading. In 1821, the executive of Pennsylvania, offered him the responsible situation of Auctioneer in Philadelphia. But reverses in trade threw him into difficulties—and he listened to the voice of the tempter! It is melancholy to reflect on the fate of such a man: And to perceive that no degree of respectability—no regard for kindred, name or character, is sufficient, in the absence of firm moral rectitude, and in the moment of temptation, to preserve from the paths of guilt and infamy.

"Without the slightest design of quizzing," the Fredericksburgh Arena states; upon the best authority, that a child was born in King George county, Va. last week who had *five well grown teeth!*

Mr. Gallatin, Judge Preble, with Mr. Gallatin, Jr. are at present in this city, "prosecuting the objects of the Commission, some time since instituted, for the defence of the State of Maine, in its claim to the disputed territory bordering on the province of New Brunswick. They have collected all the testimony in the case, and are now engaged in furnishing a statement for the consideration of the arbitrator between the parties, the King of the Netherlands. This statement will, by arrangement, be furnished the British authorities, by the first of July, for answer, and the replication on the side of the United States will be furnished by the first of January next, when the case will be finally submitted." For this information we are indebted to the Baltimore Gazette.—*Nat. Int.*

Cure for Musquito Bites.—The time has not yet arrived for the sensation of "personal wrongs" inflicted by those little reprobates the Musquitoes. There is a remedy, and for fear we might forget it, we give it in advance, recommending the reader to have this paragraph framed and hung over his mantel-piece. Put a little ammonia on the bite, and you will be instantly out of trouble. We charge no fee for this prescription.—*N. Y. Courier.*

The last Savannah papers announce the death of *William Davies*, Esq. Judge of the Superior Courts of the Eastern District of that State. He died on the morning of the 30th ult. after a long and painful illness.

A good Dip.—On Thursday evening last, Mr. Nathaniel Thanes, of our County, at one dip of his skim-net, in the Cape-Fear river, caught *five rockfish*, the largest of which weighed 173 pounds. The five fish weighed together 50 pounds.—*N. C. Journal.*
