Internal Improvements and Agriculture. A meeting of the Citizens of Pasquotank county was held at the Gourt House in E. liz both City on Saturday last, with a view

retary to the meeting. The object of the meeting being explained in an appropriate manuer from the chair, a society was formed under the appellation of a society for the purposes of Internal Improvement and Agriculture, and declared to be suxiliary to the society it will be given you. But if you remain in this

established at Raleigh. he officers of the society :- Dr. Wm: Martin, Pro-Ident, Captain Stephen Charles, Vice-President, Fred. A. Suwyer, Secretary, William Moore, Treasurer.

After the appointment of Branch Committers in the different sections of the county, a standing committee consisting of Wm. B. Shepard, Asa Rogerson, C. R. Kinney, L. C. Moore, Mathew Cluff, Exum Newby. I. N. Lamb, and Jos. H. Pool, were appointed, and requested to prepare an address to the citizens of Pasquotank

On motion, It was ordered that the proceedings of this invetting be published in the

Elizabeth City Star. WM. MARTIN, Chairman. F. A. SAWYER, Secretary.

At a meeting of the standing committee the following Address to the citizens of the county of Pasquotank was adopted and ordered to be printed :

ADDRESS To the Citizens of Pasquotank County.

FELLOW-CITIZENS-A Society has been formed in the City of Haleigh for the purpose of advancing the Improvement of North-Carolina. This ociety has called upon the citizens of the several counties to form Auxiliary Societies, to aid them in their patriotic endeavors. In compliance with this invitation, a number of the citizens of Pasquotank met at the Courthouse, on Saturday the 6th inst. and formed a Society, and appointed the undersigned a Committee to address the citizens of the county, to explain the object of the Society, and to request all such as approve of it to come forward and become members. The Society established in this county is call-

ed the Society for the purposes of Internal Improvement and Agriculture. By Internal Improvement is meant to increase the productions of our country, & the facilities of carrying those productions to convenient markets. Most of you! are farmers; and must, therefore, approve of a Society, one object of which is to encourage the spriculture of the county, by offering premiums, introducing improvements, &c. It is, therefore, unnecessary for us to enlarge upon the immense ed. to Pasquotank county.

bem rie Sound and the Ocean, for the transportation of our products to market, is a matter of great and paramount importance. The cause of internal improvement has suffered in North-Carolina, from an ignorance of the subject, and its supposed difficulties. You have been told, fellow-citizens, that the friends of internal improvement would impoverish and tax the people al Government appropriations of money for this perhaps knew no better. The friends of Internal improvement neverin tended, and do not de sire to increase the taxes of the county one cent; so far from that, if you will countenance their ries in an unimproved condition? endeavors, they will put thousands in your pock-

Why is it fellow-citizens, that the district of Edenton, possessed of as large a body of rich land as any section of the Union, does not flourish ! Why is it that our productions sell for so little in market; and though we toil from year to year, our condition is but little improved, and of representing the people? hundreds have within a few months left their homes, to seek a better land beyond the mountams ? Are we less industrious than our neighbors ; or does a less bountiful Providence reward our toils ? No ! our depression arises principally from the want of a communication with the ocean through Roznoke Inlet.

By a memorial to the Legislature in 1827, it has been ascertained that the counties trading through Ocracock pay an annual tax of \$350,000 in lighterage, insurance, detention, &c. To convince you then of the necessity of this inlet at Roanoke, suppose the merchant in Elizabeth City who buys your produce could ship it directly to market without this detention, that part of this \$350,000 which is now lost, would go to increase what you receive for your productions. Why is it that the same staves which here will sell for but eight to ten dollars per thousand, are worth in Norfolk fifteen to eighteen dollars? It is not because the merchant there knows better than in Elizabeth City what to do with the article, but because the Norfolk merchant by mean of his deep water communication with the ocean, can ship his staves to market at a less expense. In the citizens of the county to attend, article of salt we pay five cents more in the bushel than is paid in Wilmington or any port enjoying an easy communication with the sea. The merchants of Elizabeth City who ship by Ocracock, pay sixty cents freight and charges on a barrel of corn; if they could ship through Roanoke, the expense would be but forty cents; they would be enabled then, and certainly would. give the farmer twenty cents more per barrel for can, and at least four his corn than they now dollars more per thousand for his staves.

If it were not from the fear of being tediously minute, fellow-citizens, we could select articles of common use and convenience to convince you that you are daily paying an enormous tax for the want of this communication. We have good lands, and are near the ocean, the highway of nations; we need nothing but to be true to our own interests, to become a great and flou-rishing people: so that instead of continually witnessing the afflicting spectacle of families quitting their friends and homes, our towns and villages will exhibit prosperous activity, and our ountry contentment and plenty.

Various estimates of the expense of opening Roanoke Inlet have been made, varying from one to three millions of dollars ; by expending which sum, millions would be saved to the country,-There are many among us who will say, we acknowledge the truth of all this, but where is this money to come from ? We are poor and have it not. We reply, if North-Carolina cannot accomplish the work, it is our duty to ask, and we have a right to demand it from Congress.

By an estim te submitted to Congress last ses sion. North-Carolina had received but \$1000 from Gongress since the establishment of the General Government; although some of the States in fellow citizens, have we not been as true to the constitution as the rest? In the mly by our country ? Why then, should we be neglected ! Congress has not neglected us, we seve neglected ourselves we have never asked for any thing, and therefore have received nothing. Though we have paid thousands of dollars into the national treasury - though our inte-

ver received a mite. In 1827, Congress gave Alabama 400,000 acres of land, valued at four millions of dollars, to cut a canal around the Muscle Shoals of the Tennessee river. Ohio likewise received 400,000 acres. The wealthy city of Philadelphia petitioned for, and received a large sum of money to erect a breakwater at to organize a society for the purposes of the month of the Delaware, for the protection of Internal and Agricultural Improvement - her shipping. Why then should we not ask, when Dr. William Martin was called to and ought we not to receive a few of the crumbs the chair and F. A. Sawyer appointed Seco that fall from this bountiful table ! Is it any bevenue of the country should be spent at the North and the West & Ought not some of it to be spent among us? are wranging about the right, the people of the West and the North are using the money. There is but one thing for you to do; you have but to step boldly forward and ask for the money, and listless, careless way for ever, you will never The following gentlemen were elected receive a dollar, so true is it that those who neglect themselves will be neglected by the world.

If by any calamity, North-Carolina should become separated from the rest of the Umon, she has no work within her borders which could attest to the enquiring stranger, that she had ever enjoyed the advantages of a government estalil shed for the benefit of the People. This is true, fellow-citizens, and its truth is an indelible satire upon our rulers. In a few years the general government will have ten millions of surplus revenue, and if you do not step forward & claim a part of it as your right, it will be distributed to swell the abundance of others. Let every man among us then, who feels for his rights as a freeman should feel-who is desirous of leaving to his children an inheritance worthy of their acceptance, and one that they will be proud to maintain, make the cause of Internal Improvement his own cause, as well as the cause of his

From the Free Press. A meeting of the enlarged committee on internal improvement and other subjects connected with the improvement of the internal condition of North-Carolina, was held at the Court-house in Tarborough 4th inst, in pursuance of a call by the Chairman of the original committee.

On motion of Mr. Theo. Parker, Dr. James J. Philips was called to the Chair, and Henry Bryan appointed Secretary.

The proceedings of the former meeting were read, and most of the members of the enlarged committee answered to their Monroe of Loudoun (Ex-President of the

Joseph R. Lloyd introduced the followng resolution :

Resolved, 'That all residents of the county of derson of Loudoun. Edgecombe, who are present, be invited to take part in the discussion.

he Chairman invited them accordingly.

The Chairman of the original committee advantages of such a Society, properly encourag- explained the object of the meeting, and the moment in which this committee was The opening of a communication between Al- formed; and called the attention of the meeting to the consideration of the following subjects:

> 1st. What improvement can be made to facil' itate the transportation of the surplus produce to the general markets of the world?

2d. Should North Carolina ask of the Generin this you have been deceived by persons who purpose, and thereby place herself on an equal footing with her sister states; or, shall she insist on a construction of the Constitution as contended for by a minority, and remain for centu-

> 3d. The State having provided the means of Education for the rich, should she not establish Free Schools for the poor ,and in what manner can a fund be raised for this purpose !

4th. What is the most effectual method of preventing the present demoralizing and disgraceful method of electioneering for the honor Oglesby of Grayson.

Richard Hines, Esq. spoke in favor of internal improvements, and was for asking assistance from the General Government for this purpose.

Redding Pittman, Esq. was opposed to internal improvements of any kind, and introduced resolutions expressing the sense of the meeting unfavorable to the same and to common schools.

Mr. Lloyd spoke in opposition to the resolutions; and Mr. Byoum having expressed an opinion as to the expediency of deciding so important a question at this time, said resolutions were withdrawn; pul, according to the suggestion of Mr. Bynum, the further consideration of the three first subjects was postponed autil the fourth Thursday in October next; and is was made the duty of the Chairman to give notice of said meeting, and invite the

The fourth question was then taken in to consideration, and the following resolution was unanimously adopted.

Resolved, That we view with deep regret the practice of treating and electioneering so common in our State, and that we will not vote for any candidate, who may directly or indirectly give public treats or feasts, for the purpose of procuring his election and we most earnestly recommend to the citizens of the county, to use every proper effort to suppress a custom so baneful in its effects.

Mr. Pittman moved a reconsideration of said resolution; and after some discussion, this motion was rejected, two only voting in the affirmative.

It was then proposed to nominate candidates for the next Legislature ; which, after some conversation, was deemed inexpedient-when the following resolutions were unanimously adopted :

Resolved, That whereas there are now candidates in nomination, we deem it improper at this time to make other nominations.

Resolved, further, That each captain's district he requested to appoint three delegates to meet at the Court-house in Tarborough, on the second lay of May Court in each year, for the purpose of nominating candidates to the General Assembly; and that the captains in each district be requested to take the votes of their respective districts, whether they are in favor or against the mode of nominating as herein proposed.

FOURTH OF JULY.

T the request of a number of the citizens o Haleigh, a public meeting is called on tomorrow evening (Friday) at 5 o'clock, at the Court House, for the purpose of making suita ble Arrangements for the Celebration of cur National Independence.

J. GALES,

Intendant of Police. Thursday, June 18

To the Freemen of Nash, Franklin, Warren and Granville. FELLOW-CITIZENS,

Having but lately yielded to the solicitations of at least a very respectable portion of you, it becomes my duty to offer you an apology, why I now declare I am no longer a Candidate for Congress. Those who were opposed to my election, have no claims for an apology; but to my friends I shall ever feel that weight of obligation and gratitude, which their unsolicited support must have necessarily produced in my bosom, and which nothing short of duties imperative in their nature could have in duced me to disregard. To my friends, thereure. I acknowledge a debt of gratitude, which shall be paid at any time hereafter when I may be able to serve them, without ruin to myself and family.

During the past week, being Court, I ascertained my liability for a considerable amount, a ecurity on a guardian bond, entered into several years since. My co security having failed, the principal in the bond being dead, and his property nearly exhausted, I must necessarily alone make good all deficiencies. To do this I must content myself with the humble and profitable vocation of a Schoolmaster. It affords me some satisfaction, however, that it is not improbable, that in this humble, but not ignoble calling, I may be quite as serviceable to myself and useful to my friends, as in the more exalted character of Member of Congress. - Unpleasant as must have been the first information of my situation, and from a quarter too I so little expected, it was much augmented from my increased and increasing prospects of success. I shall therefore devote my time and talents to the Superintendance of Midway Academy.

C. A. HILL, A. M. June 13, 1839.

NOTICE.

WAS taken up and committed to the Jail of this county, on the 2d of March last, negro man supposed to be a Slave, who calls himself SAMUEL WILKINS, and says that he was bound an apprentice to Wm. Mosely, of Norfolk, Va. and that he ranaway from the said Musely before his term of apprenticeship had expired. The said negro has been in this county 5 or 6 years, and has passed during that time as a free man; he is about 24 years of age, 5 feet, 4 District of King William, King and or 5 inches high, and coal black. The owner of said negro is i equested to come forward, prove property and pay charges, or he will be dealt with as the law directs.

JAMES PALMER, Jailor. Price adv. \$7.

FOR SALE!

WISH to sell the place within a mile of Hills. borough, on which I now reside. There are 205 acres, about one half cleared, ten acres of Meadow land and the balance in wood. The improvements are all new, and finished in the nest manner-they consist of a Dwelling House, containing eight rooms with fire places, besides passages, chisets, &c., a large Barn and Stables, and other necessary Outhouses. There are several never failing Springs of the best water on the tract, and a large and well selected fruit Orchard.

I will sell this property on the most liberal terms—ither for money on easy credits—or will exchange it for Negroes or Western lands. Application may be made by letter to the sub

scriber, at Hillsborough. W. ANDERSON.

Pomona Academy.

WE this day examined the Scholars at Pomo-na Academy, under the superintendance of Mr. James H. Wilkest It gives us pleasure to state, that the pupils generally did well, and that the greater part did themselves much cre-The Examination was connected by the Trustees. The progress made by many of the students was remarkable. In Spelling, Reading, Writing and Arithmetic, the four great points of a good education, the performances were very satisfactory. With Geography and English Grammar there was a familiarity not often manifested by children. The classes in the Languages translated handsomely, and an u common Monday in February last, the undersigned of grammars to have made them so ready and ac. Juhn Merriman, deceased. curate in Parsing. From impressions made on our minds by this examination, we feel justified himself of this method of stating, that the Estate in saying, that Mr. Wilkes is a Teacher deserving much encouragement, both on account of his talents and attention to his school.
