MEDICAL COMPANION

FAMILYPHYSICIAN TREATING OF THE

DISEASES OF THE UNITED STATES.

With their symptoms, causes, cure, and means of prevention : common cases in Surgery ; the management and diseases of Women and Children; a Dispensatory, for preparing Family Medicines, and a Glossary explaining Techni-cal terms—Also, the Nurse's Guide.

The Seventh Edition, Revised, enlarged, and very considerably improved.

BY JAMES EWELL, M. D.

On the important subject of domestic medicine, many books have been written, which, though excellent in other respects, have greatly failed of usefullness to Americans ; because they treat of diseases which, existing in very foreign climates and constitutions, must widely differ from ours. The book now offered to the public has, therefore, the great advantage of having been written by a native American, of long and successful practice in the southern states, and who, for years past, has turned much of his attention to the composition of it.

To every family, more especially those in re-mote situations, the possestion of this book must unquestionably, be of incalculable value : for, conducted by such a guide, it will not be presumptuous to say that any person of tolerable. capacity, and reasonable attention, may be enabled to pracetise with safety and advantage, in those cases of simple discases most incident to This work is for sale, by Jo. GALES & SON. 95our climate,

August 1. American Turf Register

SPORTING MAGAZINE.

DHE want of a repository in this country, like the English Sporting Magazine, to serve as an authentic record of the performances and pedigrees of the bred horse, will be admitted by all, whether breeders, owners, or amateurs of that admirable animal. The longer we remain without such a register, the more difficult will it be to trace the pedigrees of existing stock, and the more precarious will its value become. is it not, in act, within the knowledge of many readers, that animals known to have descended from ancestry of the highest and purest blood, have been confounded with the vulgar mass of their species, by the loss of an old newspaper or memorandum book, that contained their pedigrees ? Sensible for years past of the danger which in this way tureatens property of so much value, and persuaded that it is not yet too late to collect and save many precious materials that would soon be otherwise lost, the subscriber hopes to supply the long looked for desideratum, by the establishment of " THE AMERICAN TURF REGISTER." But though an account of the performances on the American Turf, and the pedigrees of thorough-bred horses, constitutes the chief aim of the work, it is designed, also, as Magazine of information (like the English Sporting Magazine) on veterinary subjects generally and of various rural sports, as Racing, Shooting, Hunting, Fishing, Trotting Matches, &c. together with original sketches of the natural history and habits of American game of all kinds; and hence the title " The American Turf Register and Sporting Magazine." It will of course be the aim of the Editor to give to his journal an original American cast, conveying at once, to readers of all ages, amusement and instruction, in regard to our own country, its animals, birds, fishes, &c. in the absence of domestic materials, the magazines received from abroad will supply an ample stock of appropriate matter. Finally, as to the style and execution of the work, the first number, just published & ready for delivery. may be received as a fair specimen, entitled to some allowance for the imperfections inseparable from the first essay in a new and somewhat complicated and difficult enterprize. J. S. SKINNER. CONDITIONS. The SPORTING MAGAZINE will be published monthly. Each number will consist of about fifty pages, embellished with beautiful engravings-price \$5 per annum, to be paid on
