certain Elijah McDaniel of said county; and as
it is further represented, and made known to

the State, and thereby eluded the arm of Law
and of Justice.

Meredith Messer may be apprehended and brought
to justice, the above reward of Two Hundred
Dollars will be given to any person or persons,
who will apprehend and confine the said Meredith
Messer in any jail in this State, so that he

Meredith Messers about 27 or 28 years of age,
about 6 feet high, brown hair, much freckled on
his face and hands, has a scar on one of his
hands (not recollected which) occasioned by a
blow, and some of the bones of the hand broken,
has remarkable eye teeth, and a singularity in
his voice which would at once strike strangers,
being at sometimes large and full, and at others
weak and edeminate.

at the City of Raleigh, this 18th day
of November, A. D. 1829.

A TEACHER WANTED.

TO take charge of an Academy in the neigh-
borhood of Raleigh. The situation is very
healthy, the water good, and the neighborhood
agreeable. It is necessary the Teacher should
possess the following qualifications viz:—under-
stand the Latin and English Languages; and be
of some knowledge of Mathematics; and be of
undoubted moral character. A salary to such
an one, would be three or four hundred dollars
per annum. Apply to the Editor of this paper
personally, or by letter post paid.

Buffalo Shoal School.

An enfeebled constitution, renders it impos-
sible for me to take an extensive circuit in
the practice of my profession as a Lawyer; and
I therefore propose, assisted by my brother, to
open a School at my home in Lincoln county on
the Catawba river, nine miles from Statesville,
and twenty-four from Lincolnton, on the first
Monday in March next; by which time my
buildings will be completed. My home is large
and roomy; and I have begun to erect small but
comfortable Cabins, similar to those at the
Winnsborough and Platt Spring Academies of
South-Carolina. The situation is a handsome
one—is known to be perfectly healthy, and has
the advantage of being entirely removed from
all places of dissipation. No scholars will be
taken who cannot board with me as a member of
my family.

I will teach the Latin and Greek Languages,
the Mathematics, and the Elements of the
Sciences; And also, if required by parents or
guardians, I will teach with great care the ele-
mentary branches of English Education. The
tuition and boarding, including candles, washing,
&c. &c. will be furnished for one hundred dol-
lars per annum, twenty-five of which must be
paid in advance. No scholar will be taken for
a less term than one quarter; but entrance
may be had for one or more quarters any time
after the opening of the school.

I only have one Law Student, and an anxious
to get a few more; to whose examination and
instruction I would devote a sufficient portion
of time to enable them to proceed with much
greater ease than they generally do in law-
offices in acquiring a knowledge of their pro-
fession; for it is a notorious fact, that practicing
lawyers have neither time nor inclination to di-
rect the studies of their students, and that they
do not examine them as often as once a month.
Under such circumstances, a young man must
pursue his studies to great disadvantage, and
obtain licenses to practice without a competent
fund of practical information. I do not propose
to deliver law lectures; but I will point out the
authors, or the parts of them, which ought to be
read; examine the young men daily upon them,
converse with them upon the changes which
have been made in the English law by the con-
stitution and laws of the U. S., the constitution
and laws of this State, and by the decisions of
the Supreme Court. I have a very good library
of elementary law books; for the use of a rich,
for instruction, and for boarding, including candles
and washing, I will charge each student
one hundred dollars per annum, twenty-five of
which must be paid in advance.

All applications must be made to me in per-
son, or by letter, directed to Thomas Ferry, Lec-
dell county, or to Statesville.
For particulars as to my qualifications, I refer
to Judge Badger of Raleigh, or to Major Hen-
derson of Lincolnton.
