THE Subscriber wishing to remove from the neighborhood, offers for sale his valuable Plantation, four miles west of Charlotte. The tract contains 282 acres of land, a large part of which is as good as any in Mecklenburg county; about 100 acres are first, second and third crop ground, of the best quality. The plantation nearly adjoins the celebrated Capps' Gold Mine, and the opinion seems to be well founded that Gold abounds in two hills particularly on the plantation; a branch runs through it for \$ of a mile, which, it is thought by men of judgment is as rich in the precious metal as any of the Burke Mines. There is also on he plantation good Water Power, and an excellent Mill-Seat for mining operations, also a Dwellinghouse, two Barns, Stables & other necessary out buildings.
