The Swaim's Panacer, is an accredited antidote to the diseases peculiar to tropical latitudes. It is made use of on all plantations, and produces a specdier, a more certain and was expensive medium of perfect restoration, than any other medicine hitherto known or employed.

This medicine has the singular fortune, a just tri-

bute to its great merit, of being recommended by the most celebrated practitioners of medicine in the United States and Europe; whereas, not one of the spurious mixtures made in imitation of it has the least support from the medical faculty. This fact offers an argument so plain and conclusive, that it needs only to be mentioned to enforce conviction. Swaim's Panacea is recommended to all, those invalids for whom physicians prescribe Sarssparilla Syrups, Extracts, &c.

Swaim's Panacea is in round bottles, fluted longitudinally, with the following words blown in the class- "Swaim's Panacea-Philada." having but one label, which covers the cork, with the signature of Wm. WAIM'S VERMIFUGE_THE MOST USE. FUL FAMILY MEDICINE EVER OFFER-ED TO THE PUBLIC.

This we'l known Anti-Dysenteric and Worm Medicine has proved successful these twelve years past, and is universally acknowledged by all who have seied it, to be far superior to any other medicine ever employed in the diseases for which it is recommended. It is perfectly safe, and possible will refuse

Worms being especially apt to infest persons of debilitated digestive organs and emaciated constitutions, much mischief is often done by the ordinary worm medicines, which generally consist of the strongest purgatives, calomel, that destroyer of th constitution, bitters, pink root, spirit of turpent ne, wormseed oil, &c. &c. Articles of this kind may destroy worms, but they debilitate the stomach, and Fraction No. 3, 5th do often materially injure the general health, without removing the cause. Swaim's Vermifuge has the peculiar advantage of removing the cause of worms, by giving vigor and healthy action to the stomsch, bowels, and organs of digestion, thereby relieving measles, croup, hooping cough, &c. This medicine, by invigorating the internal functions, strengthening the organs of digestion, and removing the primary cause which creates morbid secretions, will relieve Bowel Complaints, Cholic, Dysentery, Dyspepsia, and the whole train of biliary affections, Sick Headach, Acidity of the Stomach, Foul Breath, Bleeding Piles, &c. It is an antidote in the early stages of Fever and Cholera Morbus. As a general Family Medicine, it stands unrivalled, as it is applicable to most of the diseases to which children are subject. Swaim's Vermifuge will be found of some utility to persons who occasionally indulge in the conviviality of the table; a dose taken before dinner will anticipate the effects of acidity of the stomach, not unfrequently produced by wine. In the neglect of this, however, a dose in the morning or the following morning, will, in most instances, restore the tone of the Stomach.

Families resident in the country, and isolated in a measure from medical advice, travellers journeying to the far west, or bound to distant ports, seminaries and all public institutions and charitable associations will find this remedy, constantly at hand, of great utility. land, in Baker county, one containg 1250 acres, the ther 2250 acres. The first settlement embraces the following lots; Nos. 26 and 3, 8th district Baker; Nos. 19, 20, and 22, 7th district Baker-1250 acres. -The other settlement contains the following Lots of Land, to wit a Nos 225, 256, 265, 295, 294, 266, 297, 229, 252-2250 acres, and all in the 2d district Baker county.

In regard to the character of these two last named settlements of land or plantations, it is sufficient to say, they have been pronounced by competent judges to be inferior to no body of land north of the Sabine River. Their location, fertility, and production, for corn and cotton, cannot be surpassed; they lie be-tween the Chattahoochee and Flint River; a section of our State that is rapidly attracting public notice, and in a very few years will stand unrivalled as a cotton growing section of the Southern States. These were selected with great care and expense, by one of his special use and accommodation.

The undersigned are very desirous to dispose of these two bodies of land, in two separate plantations. and will do so at private sale, to a fair purchaser, and on good time. But if not so arranged, they will be offered at the same time and place, and on the same terms, as the first mentioned scattering lands, lot by lot, and they are offered to the public at this early notice, in the hope of their receiving the strictest personal examination.

RALEIGH & CASTON RAIL ROAD.

THE Raleigh and Gaston Rail Road is now completed and in full operation. This road con-nects with the Greensville and Roanoke Rail Road at Gaston, which road unites with the Petersburg Rail Road near Belfield. A continuous line of Rail Road and Steamboat communication is thus formed between Raleigh, N. C. and Boston. Passengers travelling South leave Baltimore at

o'clock, A. M. and arrive at Petersburg at 1 A. M. next morning; leave Petersburg at 2 A. M. and arrive Raleigh at 5 P. M. the same day-making only 32 hours, including stoppages, from Baltimore to Raleigh -338 miles. From Raleigh to the South, there is a daily line of stages running in connection with the Rail Road Cars. To the South West and West, there is a daily line of four horse post coaches, which leave immediately on the arrival of the train, and run via Hillsboro' and Greensboro, to Salisbury -from thence a tri-weekly line via York and Abbeville, S. U. to Milledgeville, Ga. There is also a tri-weekly back line from Raleigh, via Pittsbore and Ashboro to Salisbury. From Salisbury there is a tri-weekly four horse post coach line via Lincolnton and Rutherfordton to Ashville, and also a tri-weekly back line from Salisbury, via Statesville and Morganton to Ashville. From Ashville to the Warm Springs there is a four horse post coach line six times a week, and from thence a tri-weekly line via Newport and Dandridge to Knoxville, there is also semi-weekly line via Greensville to Knozville. At Greensboro', N. C. a tri-weekly four horse coach line branches off and runs via Salem, N. C. thence scross the Blue Ridge to Wythe Court House, Va. where it intersects with the Valley Line. From this line there is also a tri-weekly hack line which branches off at Salem, N. C. and runs via Huntsville, Wilkesboro', Jefferson, N. C., Elizabethton and Jonesboro', Tenn. to Knoxville.

It will thus be seen that there are three stage lines connecting Tennessee with the central parts of North Carolina, and two, connecting South Carolina and Georgia with North Carolina. All these lines finally concentrate at Raleigh, the Southern terminus of the Rail Road.

Travellers from the upper parts of South Carolina and Georgia, the middle and Eastern portion of Teanessee, the South Western part of Virginia, and the Western part of North Carolins, wishing to go north, will find the route by the Raleigh and Gaston Rail Road cheaper and more expeditious than any other. The following Table will show the distances, the

time of travel, and the rates of fare on two of the reptes leading from Knoxville to Raleigh, to wit: From Knoxville to Raleigh, by way of Abingdon and Wythe Court House, Virginia. Miles, Hours, Fare.

Knoxville to Blountville, Abingdon to Wythe Court House, Wythe C. H. to Greensboro' N. C. 118 Greensborough to Raleigh, 95 From Knoxville to Raleigh, by way of the Warm Springs Asheville and Salisbury.

Miles, Hours, Knoxville to Warm Springs, 75 - 15 Warm Springs to Ashville, 136 Ashville to Salisbury, 136 36 Salisbury to Ruleigh,

The above rates are believed to be accurate or early so. The route from Knoxville, by Jonesboro', Wilkesboro' and Salem, to Greensboro' N. C. is something shorter than either of the above routes, and the fare perhaps a little less. Fare on the Raleigh and Gaston Rail Road

94

less than six cents per mile.

CAUTION.—Persons travelling from North to South by the way of the Raleigh and Gaston Rail Road should be careful not to enter their names or procure tickets further than to Petersburg. Va.

HUST PUBLISHED, and ready for deliveey, at the North Carolina Book Store, a Digest of all the reported Decisions of the Courts in North Carolina, commencing with the earliest Reporter and colluding the Decisions of the Supreme Court at their June Term, 1837. Prepared by Hon James Iredell, Attorney and Counsellor at Law.

Turner & Hughes, the Proprietors, respectfully ask the patronage of the public for this work, which has been published at great expense. It contains near a thousand pages, and is, therefore, necessarily divided into two royal octavo valumes of about five hundred pages each, printed on good type and fine paper, and well bound. Price, Nine Dollars a copy.

It is recommended not only to professional men, al of whom will doubtless possess themselves of it, to direct and abridge their labors, but it is also urged upon the notice of all Justices, Sheriffs, and other judicial officers, as affording them an exposition, in a few words, of the points which the Supreme Court of North Carolina has decided in relation to their duties. For a similar reason, it is recommended to private gentlemen, who may have an inclination or feel an interest to know the determinations of the Supreme Court, which constitute, so far as they decide, the law of the land, as imperative as any Act of Assembly, and as binding in their operation upon every member of the community.

MPORTANT .- THE WEATHER AND IPS EFFECTS .- The sudden change of the weather will be productive of much sickness, unless people are careful to attend to the state of the stom-ach and bowels. If this is done no danger will arise but on the first feeling of headache, pain in the side back or bowels, have recourse to BRANDRETE'S VEGE-TABLE UNIVERSAL PILLS. Six or eight of these Pills will in most cases be sufficient. And one dose of this kind, it is not improbable, may prevent months of sickness, perhaps death.

They will, if used during the prevalence of any cause for disease, entirely prevent fatal results, because they remove through the stomach and bowels all morbid matters that may have accumulated in the system by inheling impure air, or from eating unwholesome food.

It is at all times easier to prevent than to cure disease, because by taking a preventative course we do not debilitate the natural functions of the body, but rather strengthen and assist them; the peculiar action of BRANDRETH'S VEGETABLE UNIVER-SAL PILLS, is to cleanse the Blood from all impurilies, remove every cause of Pain or Weakness, and PRESERVE THE CONSTITUTION in such a state of Health and Vigor as casual changes cannot

Servation and restoration of the Huir.—This is an excellent article, and has, in numerous instances, produced a fine growth of hair on the heads of persons who had been bald for years. From Mr. Graham, Editor of the Philadelphia Saturday.

Evening Post. HAIR TORIC,-We call the attention of those afflicted with premature baldness, to the excellent "Hair Tonic" prepared by Dr. Jayne of this City. Having used it ourselves, we can speak of its virtues by an perience, and we unhesitatingly pronounce it an invaluable remedy to prevent the falling off of the hair, and to restore it from a dead, to a fine, healthy appearance. We can also speak from personal knowledge of the cases of two or three friends who were predisposed to baldness, who by the use of Jayne's Hair Tonic, have now luxuriant hair. We have no disposition to puff indiscriminately, all kinds of reme-dies, for all diseases which firsh is heir to, but when we have tested the virtue of an article, we are free to say it is good,-Saturday Evening Post, Sep.7, 1839

JATRE's HATE Tours.—The efficacy of this ele-gant preparation in restoring the growth of the hair in bald places, is truly wonderful. Where the hair has been worn off from the top of the head, by the careless practice of carrying things in the crown of the hat, it is generally considered difficult if, not impossible to restore it, but it is found by numerous ex-amples that the Hair Tonic reaches these cases very promptly and effects a complete cure. Every gentle map—(we say nothing to the ladies, it being a fair presumption that their bair is always in full luxuriance, at least it always seems so,) - every gentleman wh finds his hair growing too thin, or becoming loose, should place a bottle of Jayne's Hair Tonic in his dressing case and apply it with a free use of the hair brush every morning. The result will be a full, strong and healthy head of hair. The cases that have fallen under day was observation warrant us fully in asserting this. - Weekly Messenger.

Attention is called to Dr. Jayne's Hair Tonic. for the preservation, growth, and restoration of the Hair. We are assured that several most remarkable cures have lately been effected by this remedy. It is certainly worthy a trial .- Philadelphia Saturday Chronicle.

JAYNE'S HATE TONIC, - We have, heretofore, num bered ourselves among those who believed that the "Hair Tonic," prepared by Dr. Jayne, was one of the many quack nostrums whose virtues are never seen beyond the fulsome pulls of their authors. We are willing, at length, to make public acknowledgemen of the error of our belief. An intimate friend, some two or three months since, all the top of whose crant-um was as hald as a piece of polished marble, images all our jesting and ridicule of the idea of attempting to cultivate so barren a spot, purchased a bottle or two of the Hair Touic from Dr. Jayne, and according to his directions applied it. During the present week, the same friend ushered himself into our presence, and uncovering his hitherto naked head, astonished us with a thin, though luxuriant growth of hair, from one to two inches in length-upon the very premises we had believed as unyielding to cultivation as the trackless sand that skirts the Atlantic. This is no bracing Hindostan, Malaga, Siam and China; puff, but is righteously true, and those who doubt the second Edition, by Rev. Howard Malcom. gentleman can be pointed out. What is more in fa-vor of this "Tonic," the case here cited was not one of temporary baldness-no sudden loss of the hair-but was one of years' standing, though the gentleman is but forty-five years of age. - Philadelphia Spirit of the Times, October 21, 1839.

The above excellent article, together with al others of Dr. Isyne's preparations, are for sale in Raleigh, by Williams & Haywood. Petersburg, Dupuy, Rosser & Jones. Wilmington, Dr. Ware.

Spitting of Blood, Palpitations of the Heart, BRON-CHITIS - Chronic Pleurisy, Difficulty of Breathing, Hooping Cough, and all diseases of the Pulmonary

Organs.

This medicine is highly and justly recommended, by numerous and respectable individuals, who have found relief from its use. Many who have been isbouring under protracted Coughs and Pains in the Breast, and have been supposed by themselves and their friends far advanced in Consumption, have been happily restored to perfect health by the use of this valuable Expectorant.

Extract of a Cartificate from Rev. Dr. Babcock, late
President of Waterville College, Maine.

"From intimate personal acquaintance with Dr. D.
Jayne, a regular student of the Medical University of
Pennsylvania, and an experienced, successful practitioner of medicine, I was prepared to appreciate the
numerous testimonials in favour of his different medinumerous testimonials in favour of his different medical preparations, much more highly than the great majority of those which are extensively eulogised. On trial of them in my own family, and some of them personally, I have more than realized their favourable anticipations. They are what they profess to benot quack nostrums—but skilfully prepared antidores for some of the most afflictive of human riseases. I know that they are highly esteemed, and frequently prescribed, by some of the most respectable of the regular practitioners of medicine in this city and elsewhere, and I do not healthte to commend them as a valuable addition to our materia medica, and a safe. as well as eminently useful remedy for the diseased." RUFUS BABCOCK, Jr.

Philadelphia, 7th June, 1838.

Jayne's Expectorant .- We invite attention to this admirable remedy for Pulmonary affections, advertised in another column. The principle there announced of the morbid character of obstructions—its tendency to originate inflammation of the Bronchia, and consequent vitiation of the natural humors -- is, beyond dispute, the truth itself. The only practicable mode of removing such obstruction, is by means of expectorstion, a result which we are convinced can always be obtained by a judicious exhibition of the remedy of Dr. Jayne.—Philadelphia Spirit of the Times.

Jayne's Expectorant. By a reference to our advertising columns, it will be seen that this valuable Medicine is offered for sale in this city, by E. W. Bull, Agent.
