FITHE Subscriber begs leave to inform his friends and the public generally, that he has taken and fixed up the House on the South-west corner of Hillshorough street; in the City of Raleigh, opposite the State Capitol (formely kept as a Tavern,) as a HOTEL AND HOUSE OF ENTERTAINMENT, for the accommodation of Travellers and others, un-der the name and title of the

"PEOPLE'S HOUSE."

He has been at much expense in repairing and refitting the same, and therefore earnestly solicits a share of the public patronage. The undersigned has had considerable experience as an Innkeeper, both in this State and at the North, and flatters himself that he can please those who shall honor him with their custom. His charges shall be in conformity with the times and the prices of provisions. It is usual in such annunciations, to make large promises to the public, which are in many instances never realized-the Subscriber will make none, for to those who have known him as a Public house keeper, it is unnecessary : And to those who do not, he would respectfully say, come and try, and judge for themselves. The Public's humble servant.

ent and Directors of the Literary Fund of North Carolina, to whose care and management was committed by law, an appropriation of \$200,000, for making an experiment in draining and reclaiming the Swamp Lands belonging to the State, having succeeded in part, do now make known, that in pursuance of the authority vested in them by the General Assembly, a Public Sale of a portion of said Land, will take place on the premises, on the last day of November next.

The body of Land reclaimed, and now offered for Sale, embraces about 50,000 acres; is situate in the County of Hyde, and State of North Carolina, and divides the waters flowing into the Albemarle, from

those that run into Pamlico Sound. The drainage, conducted at different periods two Scientific Engineers, Messrs. Chas, B. Shaw, and WALTER GWYNE, has been effected by two main drains, caused Pungo and Alligator Canals, together with sundry Tributaries or lateral ditches.

Punge Canalis about 61 miles long, with an average width at bottom of 22 feet, depth of 6 feet, and fall at bottom of 12 feet. Alligator Canal is about 6 miles long, with an ave-

rage width at bottom of 30 feet, depth of 7, and fall These Canals empty into the navigable waters of

Pamlico Sound, and are accessible by Vessels engaged in the Coasting Trade. A large portion of this land abounds in Junipet, Cypress and other timber of the best kind. Another portion consists of Prairie, covered with Cane

and Bamboo, and according to the Report of the Engineers above named, the soil is of surpassing fertility.
