## MY MOTHER.

If there is one mortal feeling free from the impurities of earthly frailty, that tells us in the slightest breathings of its celestial origin, it is that of a mother's love-a mother's chaste, overwhelming, everlasting love for her children.

The name of mother is our childhood's talisman, our refuge and our safeguard in all our mimic misery ; 'tis the first half-formed word that falls from the babbling tongue, the first idea that dawns on the opening mind ; the fondest, and the most lasting tie in which affection can bind the heart of man !

A life medicine that will procrastinate death for many years, shall it not enter every house ? Shall it not be used by every individual ? Let no man say, I don't want it. You know not what to-morrow may bring forth. All should use this remedy, and remember tha

health is the first blessing from God. The immense and increasing popularity of these Pills, is another proof of the infallibility of the old adage, that "truth is powerful and will prevail." Oth-er Pills are only puffed, but Dr. Peters's are purchased and praised, and recommended until the demand for them has become almost universal. Dr. Peters would impress this fact upon the public, that his Pills are not quack medicine ; but a scientific compound of simples, which has been the result of many years' intense application to a profession in which he was regularly bred; hence it is as popular with the regular faculty as with the people at large. One of the many peculiar virtues of the Vegetable Pills, is, that while very powerful in their effects, they are particularly mild and gentle in their action. Unlike the generality of medicine, their application is never attended with nausea or griping.

Peters's Vegetable Pills are now regarded by those who have had an opportunity to decide upon their merits, as an inestimable public blessing,

Without an exception in any age or country, no medicine has spread with such rapidity and given such universal satisfaction. The above Pitts are for sale in the City of Ra

## DEVIL vs. SOW.

An ignorant preacher being one day about starting on the circuit, ordered his negro servant to bring his horse to the door, and sent him up stairs for some corn to feed him. The negro being rather careless, scattered the corn along down stairs and out doors, where an old sow was feeding, who getting on the track of the corn by degrees followed the trail up stairs. After a while the preacher sent the negro up stairs for his saddle. By this time the old sow had found her way under the bed. The negro, hearing the swinish

From the Hon. W. C. PRESTON, U. S. Senator. WASHINGTON CITY, July, 1841.

I for some years used Beckwith's Pills in cases of ndigestion and dyspeptic headachs, with the most agreeable effects, and having recommended them to many friends, the same results occurred. W. C. PRESTON.

From Hon. BEVIELY TUCKER, Law Professor in William and Mary College. LEE's SPRINGS, Va. August 7th, 1840.

Sir: An accidental meeting with a friend of yours, has determined me to offer you the acknowledgements

which I have long felt to be due from me, for the benefits I have received at your hands. Fourteen years ago I was left by a most malignant fever with a diseased liver, a disordered digestion, and a constitution in ruins. My Physicians permitted me to hope, that with care and prudence I might drag on a few years of precarious existence, and assured me that the least indiscretion must be fatal. Soon afterwards I found myself becoming dyspeptic, and became acquainted

with all that indescribable misery which dyspeptics alone can know. This, as usual, grew upon me, tho less rapidly than in most cases, because a conscious ness of my danger put me on my guard, and experience had made me familiar with the proper manage ment of myself. By the constant use of the most approved remedies, the progress of the disease was re-

tarded, and my life was made tolerable, but not comfortable. I rarely ate two meals in regular succession, and for some hours of almost every day, was incapable of any exercise of thought or feeling. A peevish impatience of existence occupied my whole mind.

Two years ago, I met with your Anti-dyspeptic Pills, and confiding in the accompanying certificates of rest ectable gentlemen whom I happened to know, I took them according to directions. The result is that I now eat what I please, do what I please, sleep soundly, and enjoy life as much as any man living. Your young friend, who has been with me a week, will tell you that he has never seen my strength or spirits flag, or my elasticity of mind or body fail for a moment. For this, it gives me pleasure to say, you have my thanks, and to add the assurance of my high B. TUCKER. respect. DR. BECKWITH. 60
