THE UNHAPPY MAN.

We a day or two since met with a friend who had just experienced some slight diffi-culty, whose spirits were sadly affected by the circumstance, and who immediately fan-cied that he was one of the most unhappy men in the world. We listened to his story very patiently, discovered that he had ve little cause of vexation, and as compared with general society, he was rather favored than otherwise. The truth is, there are moments in life when most of he feel an unusual gloose and depression of spirits, and fancy that we are especially unfortunate. Let no man say I don't want it. You know not what to-morrow may bring forth. All should use this remedy, and remember that health is the first blessing form (Rod.) health is the first blessing from God.

The immense and increasing popularity of these Pills, is another proof of the infallibility of the old adage, that "truth is powerful and will prevail." Other er Pills are only puffed, but Dr. Peters's are purchased and praised, and recommended until the demand for them has become almost universal.

Dr. Peters would impress this fact upon the public, that his Pills are not quack medicine; but a scientific compound of simples, which has been the result of many years' intense application to a profession in which he was regularly bred; hence it is as popular with the regular faculty as with the people at large.

One of the many peculiar virtues of the Vegetable One of the many peculiar virtues of the Vegetable Pills, is, that while very powerful in their effects, they are particularly mild and gentle in their action. Unlike the generality of medicine, their application is never attended with nauses or griping.

Peters's Vegetable Pills are now regarded by those who have had an opportunity to decide upon their me-

rits, as an inestimable public blessing. Without an exception in any age or country, no medicine has spread with such rapidity and given such universal satisfaction. The above Pills are for sale in the City of Ra
