Impurity of the BLOOD the only Disease.

OW simple, yet how wise, how good and beau-tiful are all the laws of nature? Simplicity and truth are stamped upon every law of the creation -The mighty worlds which roll in space in every degree of velocity and direction are all governed by attraction of matter to matter. This principle governs the human body. Brandreth's Vegetable Universal Pills, attract all impurities of the blood to the bowels, which organ expels them from the body. Atraction and disease are both units. All accidents or nfections only affect the body in proportion as they occasion impurity of the blood.

The bowels for instance are costive—this most important organ is closed—the consequence is a great accumulation of impurities, which, as they cannot get out by their usual passage, are forced into the blood, occasioning impurity of blood. Thus Pevers, Chelics, Rheumatism, Coughs, and Colds are often produced. But let Brandreth's Pills be used in such doses as will effectually evacuate the bowels, and health is restored at once."

ANAWAY from the subscriber about the 15th of February last, his man W ASHINGTON, who is a very likely fellow; from 28 to 35 years of age, in complexion very black and sleek, teeth white, in statue about 5 feet nine or ten inches, straight and wellformed in person, though very slightly inclined to be how-legged, weighs about 150 or 160 the,-has been house servant, barber, and carriage driver all his life, disposed to dress dashingly and be very genteel in his demeanor in general. He was raised in the Slade family of Martin County and was purchased of Mr. A. Maer some 15 years since. I am disposed to think he has, or will attempt, to make his way to the North, having understood that he had purchased or otherwise obtained papers from some free negro. If such is the case, he will most probably assume the name of Slade or Maer. I will give \$75 for his apprehension and safe detention, if taken beyond the limits of

the State, and \$50 if taken within the State. JOSEPH B. G. ROULHAC. Windsor, N. C. Jan. 20, 1842.

HE wonderful cures effected by this medicine are the all engrossing subjects of the day. Go where you will, and you hear of nothing but Mr. Such a one who has been cured by Dr. Peters' Vegetable Pills, or, you know Mrs. So and So was at the point of death, but she had been cured by Dr. Peters Pills; or, are you not glad that Miss-has been restored to health by Dr. Peter's wondrous Medicine. Really, this medicine must be very good, or it could not core so many. It is good. For many years it has passed on in the "even tenor of its way." curing hundreds of persons who were wrangling with death But now its onward course is impetuous.

It is as impossiple to stay the demand for this med-icine, as to hush to rushing wind. A life medicine that will prograstinate death for many years, shall it not enter every house? Shall it not be used by every individual? Let no man soy, I don't want it. You know not what to-morrow may

bring forth All should use this remedy and re-

member the health is the first blessing from God.
The immense and increasing popularity of these
Pills, is another proof of the infallibility of the old adage, that "truth is powerful and will prevail." Other Pills are only puffed, but Dr. Peters's are purchased and praised, and recommended until the demand for them has become almost universal.

Dr. Peters would impress this fact upon the public, that his Pills are not quack medicine; but a scientific compound of simples, which has been the result of many years' intense application to a profession in which he was regularly bred; hence it is as popular with the regular faculty as with the people at large. One of the many peculiar virtues of the Vegetable

Pills, is, that while very powerful in their effects, they are particularly mild and gentle in their action. Unlike the generality of medicine, their application is never attended with nausea or griping. Peters's Vegetable Pills are now regarded by those who have had an opportunity to decide upon their merits, as an inestimable public blessing.

Without an exception in any age or country, no me-dicine has spread with such rapidity and given such universal satisfaction. The above Pills are for sale in the City of Raleigh, by Messra. WILLIAMS & HATWOOD, and N. L. STITTE and in Payetteville, by E.J. HALL,

at New York prices.
