They were however found, by preserving the stomach and bowels in a healthy state of action, to tend greatly to ward off those "bilious attacks" to which many are liable, but not as an An ti-Bilious Pill, in the common agnification of the term. Those, therefore, who expected in them an active purgative (though to many they are such,)
may have been disappointed; yet few instances of
failure have been ascertained among those who have faithfully employed the article according to the design, where relief might reasonably have been expected. In addition to the habitual dyspeptic, thos who from custom or from necessity, as in traveling or business, take their meals hastily, find in the use of these Pills great protection or relief, from consequent
