

Our's are the plans of fair, delightful peace, / Unwar'd by party rage, to live like brothers.

FOR GOVERNOR, JOHN W. MORRIS.

FOR PRESIDENT, HENRY CLAY, of Kentucky.

RALEIGH, N. C. Tuesday, June 21, 1842.

WHIG NOMINATION IN WAKE. FOR THE SENATE, NATHANIEL WARREN.

FOR THE COMMONS, DR. THOMAS HICKS, ROBERT W. SEAWELL.

Rev. WILLIAM J. LANGDON will deliver a Masonic Discourse, at the new Baptist Church in this City, on Friday next (St. John's day) at 11 o'clock.

SUPREME COURT. To the gentlemen announced in our last, as having been admitted to the Court practice, we now add the names of George W. Briner, of Chowan County, and Samuel H. Walkup, of Mecklenburg County.

And the following gentlemen have obtained Licenses to practice Law in the Superior Courts of the State, viz: D. K. McRae, of Fayetteville, A. R. Kelly, of Parthage, Moore County, Atlas Jones Dargan, of Fadesboro', Anson, John M. Long, of Concord, Carras, James Palmer, of Windsor, Bertie, John Kimery, of Marrettsboro', Hertford, George W. Jones, of Orange, Greene M. Cuthbert, of Newbern, Nathaniel Ackwith, of Plymouth, Washington County, Richard Donnell, of Newbern, John Baxter, of Rutherford, Alphonso W. Long, of Orange, Edward P. Jones, of Mecklenburg, Va., L. P. Olds, of Greenville, in County, W. J. Keahy, and William Johnston, of Charlotte, Mecklenburg County.

BANKRUPT NOTICES. We will not, hereafter, insert any Bankrupt Notice less than the usual rates for advertising; and experience having taught us a lesson, neither will we issue Certificate for the same, until the Advertisement is paid for.

A BRIGHT SPOT. We are told, that the new County of STANLY, cut from Montgomery, is, to the full, as Whiggish in character, as either the Precinct of "Old Trap," in Camden, or "Dumplin Town," in Halifax. At either place, the return on a Search-warrant for a Loco, would be—"Not to be found."

STICK A PIN THERE! In 1833, the Loco Foco leaders in our Legislature, have now so much to say about "British Bankers," proposed actually to borrow THREE MILLIONS OF DOLLARS in Europe, to establish a Bank of the State! Start not, reader! The fact is so, and can be established beyond cavil. Mr. Charles Fisher, now an acknowledged and petted leader of the party, was Chairman of the Committee, and made a Report containing this recommendation, accompanied by a bill to carry it into effect. We find, on reference to the Journal, that this Bill was postponed indefinitely, on motion of Mr. GRAHAM, our present Senator in Congress; and it will be seen from the list of NAYS which we subjoin (that is against postponement, and consequently, for the bill,) that the Loco Focos voted almost in solid column for making a Bank founded on British Capital. Oh! consistency, what a jewel thou art!

From the N. C. Journal. The House now proceeded to the orders of the day, and again resumed the consideration of the bill to establish the Bank of North-Carolina, the question being on the motion of Mr. Graham to postpone the bill indefinitely. This question was decided in the affirmative, Yeas 73—Nays 54.

Those who voted in the negative, were Messrs. Allison, Brower, Byram, Clement, Cotton, Cromwell, Daniel, Dawson, Edmonston, Fisher, Foscoe, Gilchrist, Grady, Guthrie, Guinn, Hammond, Hargrove, Hawkins, Henry, Horton, W. Horton, Irons, Jasper, R. Jones, Kittrell, Ledford, Leflers, Leonard, Ligon, Locke, Mallory, Monk, Montgomery, Mullen, Murray, McNeill, Peoples, Potts, Relfe, Seawell, Sewell, Sloan, Smallwood, Smith, Stockard, Tamm, Thomas, Thompson, Tillet, Wadsworth, Williams, Wilson, Wiseman, Ziglar.

We have inserted in italics, the names of those known to be Loco Focos, though there are several not italicized, who may also belong to that class of politicians; but we have not the means of ascertaining.

Our object in this Paragraph, is to show to the readers, who are the real advocates of "gambling State debts," irredeemable paper money, &c. and also to impress upon his mind this fact, viz: IF LOCO FOCO COUNSELS HAD PREVAILED AT THAT DAY, THE PEOPLE OF NORTH CAROLINA WOULD BE NOW PAYING INTEREST TO "British Bankers," on THREE MILLIONS OF PUBLIC DEBT!

A GOOD SECOND. The Whigs of Georgia met in Convention at Mill-Edgewood, on the 13th inst. and seconded the action of the Whigs of this State, by unanimously nominating HENRY CLAY for the Presidency. Hon. William C. Dawson presided over the Convention, and there were 162 Delegates in attendance. The question of the Vice Presidency was left open.

TEXAS AND MEXICO. It appears by late accounts from Texas, that active preparations continue for an invasion of Mexico. Gen. American Hunt has been appointed Inspector-General of the Forces, with orders to organize the Troops that are to be mustered into service. If sufficient Volunteers should not offer for the projected expedition, a draft is to be made. President Houston has directed a special Session of Congress for the 27th June, doubtless with reference to the intended March to Mexico.

A NUT TO CRACK.

We publish the following Statement of Appropriations for the Furnace, &c. of the White House at Washington, for the benefit of such of our friends, as are about to become Candidates for the Legislature in their respective Counties. If it should have the effect of driving into Hyazards or Epileptic fits, those of our neighbors whose nerves have been so much shattered by Governor MORRHEAD'S Ice House and Hch. Coop, we cannot help it.

APPROPRIATIONS. 1829. March 3. For Furniture of President's House, \$14,000. 1831. March 2. For do do 5,000. 1833. March 2. For do do 20,000. Besides the proceeds of sales of decayed Furniture, by the same Act; and exclusive of 2 or 3 sums at different times, of \$2,000 each for improvement of grounds abt the President's House—

1837. March 3. For Furniture of President's House, 20,000. For alterations & repairs of President's House & for superintendance of grounds abt the President's House— 7,300.

1838. April 6. Proceeds of sale of old Furniture, to be applied to the purchase of new 3,465.

1839. March 3. For alterations & repairs of President's House, & for superintendance of grounds 3,465.

1840. May 8. For alterations and repairs of President's House and Furniture, for purchase of trees, shrubs and compost, and for superintend'ce 3,665.

1841. March 3. For Furniture of President's House of American manufacture, so far as may be practicable, and to be expended under the direction of the President, in addition to avails of sales of decayed Furniture, the sum of \$6,000.

Even the last sum, so small in comparison with the \$20,000, which Mr. VAN BUREN, a widower, commenced house-keeping, that it seemed designed to reduce the venerable HARRISON to a style of Loco plainness, was voted, as will be seen from the day, by a Loco Foco Congress. The Whigs, since they have obtained the ascendancy, have appropriated nothing for Furniture. The accuracy of our statement may be tested by looking to the Civil and Diplomatic Appropriation Bills, of the foregoing dates, in the Acts of Congress, to be found in the Clerks' Offices of the several Counties. Those who saw nothing wrong in these expenditures of thousands of "the People's money," hoped to effect a political revolution in North Carolina, because of an outlay of \$75 on the Government Lot in Raleigh. Had an individual in any other State, offered such an insult to the understanding of our people, there is no man of any party, having the least regard for the land of his birth, but would have resented it as an indignity, personal to himself. Let the people mark the authors of this attempt to deceive, and distrust them for the future.

KEEP IT BEFORE THE PEOPLE. That the true cause of the present distress of the country, was occasioned by the destructive dynasty, which commenced with the reign of Jackson, and ended with that of Van Buren.

KEEP IT BEFORE THE PEOPLE. That the effect of putting down the United States Bank, caused an INCREASE OF 347 Banks! and of a capital before the year one thousand eight hundred and forty, of \$268,000,000!

Whereas, the increase of Banks during the same length of time previous to Jackson's Administration was barely 22! and with a capital of only \$8,000,000! Established on a firm basis—their notes convertible into silver and gold at all times—whereas those which have sprung up during the reign of Loco Focism, have proved ROTTER and CORRUPT!

KEEP IT BEFORE THE PEOPLE. That the Free Trade policy, and the hard money system, advocated by the Federal Locofoos, which, if carried out, reduce the labor of Freeman to that of those who bow at the knee of the English Lords—twelve and a half cents per day!—The admirable policy which those distinguished "Democrats," Calhoun, Benton, &c. have avowed themselves so strongly in favor of!

The Whig Young Men's State Central Committee at Albany, N. Y. have published a call for a meeting of the Young Men of the State at Auburn, on the 27th of July next, to adopt measures for a thorough re-organization of the Whig party preparatory to the next Fall election. One of the first measures adopted by the meeting will be, undoubtedly, the nomination of HENRY CLAY as the Candidate of New York for the next Presidency. The great Western portion of the State, which has heretofore been supposed to be unfriendly to Mr. CLAY, will now support him with all its mighty strength, and his nomination—and that alone—will call forth again those large majorities with which his own neighbors and friends helped to drive Martin Van Buren, a son of their own State, into merited obscurity.

The Alexandria Gazette, of Saturday, says—"It is affirmed, with no hesitation, in the political circles in Washington, that Mr. JOSEPH C. CALHOUN, is now the prominent candidate of the Loco Foco party,—(that is of the leaders of the party)—which is the same thing—for the rank and file of that party always follow their leaders—and that if his formal announcement as the candidate depended upon the vote of the Loco Focos in Congress, that voice could be obtained to-morrow. If he is not, finally, taken up, it will be through the "bargain and intrigue" of wily rivals.

FOR THE REGISTER. RALEIGH, June 18, 1842.

JNO. H. MANLY, Esq. Sir: At a meeting of the several Committees appointed by the Citizens, the Raleigh Guards and the Temperance Association, on Saturday evening last, you were selected to deliver an Oration on the ensuing 4th of July. The undersigned, whose duty it is made to apprise you of this selection, do so with great pleasure; and indulge the hope that you will find it convenient to comply with the invitation. Very respectfully, PERRIN BUSBEE, A. F. HUGHES, WM. H. JONES.

RALEIGH, June 14, 1842. Gentlemen: I have the honor to acknowledge the receipt of yours of the 13th instant, informing me that at a meeting of the several Committees, on Saturday evening last, I was selected to deliver an Oration on the ensuing 4th of July. It is needless for me to say that I feel much honored by the selection. A consciousness of my inability to meet public expectation, together with the shortness of the time intervening, would prompt me to decline; but allured by the call of some of my most respected fellow-citizens, with whose request it is always my greatest pleasure to comply, I almost forget my want of ability to perform what they require. I accept, therefore, your invitation, in the confident assurance, that a generous community will not too severely condemn an effort, undertaken with the best intentions, though its want of merit should prevent their being able to applaud it. Very respectfully, Your obedient servant, JNO. H. MANLY.

Messrs. PERRIN BUSBEE, A. F. HUGHES, WM. H. JONES.

FOR THE REGISTER. RICHMOND, June 16, 1842.

To the Planters of North Carolina: My short sojourn with you in the Tobacco trade, has been attended with so many pleasing reflections, from your kindness, and very polite attention, that I feel anxious to make some small return for the many obligations under which you have placed me, by undertaking to give you, from time to time, (say twice a week) the state of our Tobacco market, the report of which you will find in Mr. GALE'S paper of Raleigh. I will also take occasion, as circumstances may seem to require for the promotion of your interests, to state in frequent communications to the same paper, the mode of management, and culture of the crops that may bring the highest prices in our market, and the best time to have the same in Market. Should any special information be wanted by any one, it will give me pleasure to answer any inquiry that may be made by letter. I shall also give extracts of sales, in London and Liverpool. Below, I now hand you sales of 184 Hogheads. Of this number, 17 sold at from \$6 25 to \$9 50—only one, at the latter price—8 at \$8—six at from \$7 to 8—the balance of the Leaf at from \$2 20 to \$6 50. There is very little good manufacturing or shipping yet in, and it is thought the whole crop will be an uncommonly mean one. Lugs from \$2 10 to \$2 50 and \$2 75 for good. H. B. MONTAGUE.

FOR THE REGISTER.

Mr. EDITOR: The following Parody on a "Gaily did Harrison," &c. was written impromptu, on hearing of the nomination of "Harry of the West" by the late Whig Convention at Raleigh:

Well done ye gallant boys Of the "Old North," Whigs have a Captain now, CLAY leads them forth. "Hang out your banners" then, Heed not their jeers; Harry Clay, Harry Clay, Give him three cheers!

Hark, all ye valiant Whigs, Firm, brave and true; Always, when dangers rose, What did he do! He led to victory, Free from all fears, Harry Clay, Harry Clay, Give him three cheers!

Huzza! for Harry Clay, Success to him, He makes the Hypocrites Look rather grim; He is the people's man, Away with your fears, Harry Clay, Harry Clay, Give him three cheers!

On! on! to victory!! Whigs win the day; Go for the people's choice, MOREHEAD and CLAY. Go to the ballot box, Whigs have no fears, MOREHEAD and HARRY CLAY, Give them nine cheers!! A WHIG.

Prospect Hill, N. C. [We insert the foregoing admirable song with much pleasure, and beg our poetical friend not to let his Muse go to sleep. Nothing contributed more to the enthusiasm, that marked the great contest in 1840, than the publication by the Newspapers of patriotic Songs. The Ladies will read Poetry, even if it treats of Politics, when they will read nothing else, and their influence over the "lords of creation" all are ready to acknowledge.—EDITOR.]

FOR THE REGISTER. MILITARY MEETING.

Pursuant to the recommendation contained in a Circular of the Adjutant General of the N. C. Militia, a portion of the Officers and soldiers attached to the 46th Regiment met at Jefferson, the 11th day of June 1842, for the purpose of appointing Delegates to the Military Convention to be held at Raleigh on the 4th of July next; when on motion of R. Murchison, the meeting was organized by appointing Col. George Phillips President, and Lieutenant Joseph Burket Secretary. After the object of the meeting was duly explained, on motion of Major P. Earnest, the following Resolutions were adopted, to wit: Resolved, That Maj. Gen. Samuel Dalton and his Staff, and Brig. Gen. Wm. Horton and his Staff, be hereby appointed Delegates to the proposed Military Convention, to be held at Raleigh, on the 4th of July next.

Resolved further, That this meeting appoint a delegation of four, to wit: one from the Field Officers, one from the Colonel's Staff, and two from the Company officers, to represent the 46th Regiment in the said Convention.

Whereupon Major P. Earnest, Capt W. T. Ross, Capt. James Richardson, and Col. R. Murchison were appointed to constitute said Delegation.

On motion, Resolved, That the proceedings of this meeting be signed by the President and Secretary and forwarded to the papers in Raleigh with the request that they publish the same.

Then, on motion, the meeting adjourned. THOS. H. WILLIE, Sec. JOSEPH BURKET, Sec.

"CONSISTENCY THOU ART A JEWEL!"

Mr. Henry A. Wise, in a Speech delivered at Louisa Court House, in November, 1839, speaking in glorification of Mr. Clay, held the following emphatic language in regard to Distribution:

"He (Mr. Clay) proposes his great Land Bill—great I say, for all the old States, especially; without injustice or injury to the new—to distribute the proceeds of the sales of the public lands among all the States, to be applied by them, as they see proper, to all the great objects of moral and physical improvement—a measure which insures equal benefits to all the States, and benefits not to be calculated in extent or value, without the least violence to the Constitution, and in exact conformity to the patriotic grant of Virginia, of this heritage of domain to the common benefit of the Union."

In a Speech in the House of Representatives on Thursday last, the same gentleman (Mr. Henry A. Wise) is reported in the Washington papers to have said:

"He might see some partial good in protection—but he could see no good—nothing but bribery, corruption and ruin—in the Distribution Act. He wanted neither a high Tariff nor Distribution—but he was an anti-tariff man, he would agree to give some protection, rather than retain the Distribution Act. He would rather see some portion of the country benefited, than the whole country injured."

MR. CLAY.—The Washington correspondent of the U. S. Gazette, under date of the 3rd inst., says:

"Letters have been received here, lately, by members of Congress from their constituents in the interior of New York, of the most decided, spirited and cheering character. They express the utmost confidence in the ability of the Whigs to carry that State this fall, and of a returning ardor among those of the country—the farmers, mechanics, and business men. There is no diversity of opinion among them as to the individual who shall be supported as a candidate for the Presidency—to a man they are for HENRY CLAY. With his glorious name inscribed upon the Whig banner, they express their willingness—nay anxious desire—to go into the field once more, and show their opponents that they are as firm, as unflinching, and as ready to rally in support of sound principles, a sound man, and the true interests of the country, as they were in 1840. Remember, I have told you before, that the campaign of 1840, was the taking of Burgoyne; that of 1844—will be the capture of Cornwallis, and the final triumph of the Whigs."

The Albany Daily Advertiser, in republishing the foregoing, adds—"the above representation of public sentiment in Western New York, is abundantly confirmed by the Whig papers of that Section, and by every account we receive, whether oral or written. Indeed, a very large portion of the Whig papers of the interior of the State have placed Mr. Clay's name at their head; and they have done it in a manner—with a tone and spirit—which gives unquestionable token that they are conscious the people are with them and in earnest."

COL. MONROE EDWARDS CONVICTED.

The trial of Monroe Edwards, on a charge of forgery, which has occupied the time of the Court of Oyer and Terminer in the City of New York since the morning of Tuesday of last week, has resulted in his conviction. The case was given to the Jury at half-past four o'clock on Monday afternoon, and they returned into Court at ten o'clock on the following morning with a verdict of guilty. The New York papers generally, which have had opportunity to become acquainted with the nature of the evidence submitted during the trial, pronounce the verdict to be a most righteous one.

Are American workmen willing to furnish Boots at this price, and Shoes at a corresponding price? They must either do this, "shut up shop," or raise the Tariff on foreign Boots and Shoes. DR. KUHLE; Richmond, Va. DEAR SIR: I am happy to inform you that I am in excellent health. In a letter twelve months or upwards since, I stated I had "initially" recovered my health. Since that time, I have not had the slightest symptom of my old and much dreaded disease—the Dyspepsia. I also stated the cure of several cases, of obstinate character and of long standing; they have all proved permanent, so far as I have been able to ascertain. I have had several successful cases, which have been successfully treated with your Abyssinian Mixture and Anti-Syphilitic Syrup. I will mention one case, which had been treated with the usual remedies for three months, but without any abatement of disease. Your medicine was procured, and the disease, which before appeared too obstinate, in a few days yielded to your remedy.

I have used your medicines in various diseases with success. I have used none other in my family for the last eighteen months. One of my sisters, whose eyes had been affected for some years—so much so that she was nearly blind, and had several successful cases, which have been successfully treated with your Abyssinian Mixture and Anti-Syphilitic Syrup. I will mention one case, which had been treated with the usual remedies for three months, but without any abatement of disease. Your medicine was procured, and the disease, which before appeared too obstinate, in a few days yielded to your remedy.
