

"LIKE ORIENT PEARLS AT RANDOM STRUNG."

The following attempt at Pastoral verse, can claim no merit but from its simplicity-and has therefore nothing to hope but from your indulgence .- A. L.

How bright was my youth's early morn, Ere reflection, had clouded my brow : I selected the rose from the thorn, And was happy, I hardly knew how.

I join'd in the sports of the plain, With rapture I heard the blithe song ; When they danc'd, I was first of the train, And was the gayest of the gay throng.

'Tis true, my heart oft breath'd a sigh. But it rose from mild Pity alone : If a tear sometimes stray'd from my eye, It flow'd not for griefs of my own.

No sorrows corroded my heart, " No falsehood excited a fear, For my bosom, a stranger to art, Believ'd ev'ry friend was sincerc.

But ah ! these fair visions of youth, Disappointment has chas'd from my mind ; And the friends whom I fancied all truth, Alas ! can be sometimes unkind.

I have seen the bright azure of morn . With darkness and clouds shadow'd o'er. I have found that the rose has a thorn, Which will wound when its bloom is no more

The sigh which from sympathy rose, Now heaves not for others alone, And the tear, as it silently flows, Confesses a source of its own.

HESE UNRIVALLED PILLS having now acquired a celebrity and a popularity unequalled in the annals of Medicine, and also having obtained the entire confidence, and being used in the private practice of almost the whole body of the Medical Faculty in the United States, Europe, Asia, South America, the West Indies, and a great part of Africa, it is unnecessary to advertise them at length, or to say any thing further of their merits, than by stating the complaints which they are most effective in the cure of, and which are as follows :-yellow and bilious fevers, fever and ague, dyspepsia, croup, liver complaint, sick head-ache, jaundice, asthma, dropsy, rheumatism, enlargément of the spleen, piles, colic, female obstructions, heart burn, furred tongue, nausea, distensions of the stomach and bowels, incipient diarrhea, flatulence, habitual costiveness, loss of appetite, blotch or sallow complection, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

The above Pills are for sale in the city of Raleigh by Messrs. Williams & Haywood, and at the Drug store of N. L. Stich, and in Fayetteville by E. J. Hale, at New York Prices.

"DISEASE A UNIT .

Impurity of the BLOOD the only Disease.

OW simple, yet how wise, how good and beautiful are all the laws of nature? Simplicity and truth are stamped upon every law of the creation -The mighty worlds which roll in space in every degree of velocity and direction are all governed by attraction of matter to matter. "This principle governs the human body. Brandreth's Vegetable Universal Pills, attract all impurities of the blood to the bowels, which organ expels them from the body. Attraction and disease are both units. All accidents or infections only affect the body in proportion as they occasion hopurity of the blood. The bowels for instance are costive-this most important organ is closed-the consequence is a great accumulation of impurities, which, as they cannot get out by their usual passage, are forced into the blood, occasioning impurity of blood. Thus Fevers, Chclics, Rheumatism, Coughs, and Colds are often produced. But let Brandreth's Pills be used in such do ses as will effectually evacuate the bowels, and healt is restored at once." The unworthy have counterfeited the Doctor's Medicine so extensively, that his travelling Agent is now taking in all the old boxes, and putting new ones of different figure, with 25 Pills in their place. Some are just received at WILLIAM PECK'S Office. Raleigh, March 1, 1842. 18-1y
