Dn. KUHL; Richmond, Va. DEAR SIR : I am happy to inform you that I am n excellent health. In a letter twelve months or upands since, I stated I had entirely recovered my health. Since that time, I have not had the slightest symptom of my old and much dreaded disease-the Dyspepsia. I also stated the cure of several cases, of obstinate character and of long standing; they have all proved permanent, so far as I have been able to ascertain I have had several venereal cases, which have been successfully treated with your Abyssinia Mixture and Anti-Syphihitic Syrup. I will mention one case, which had been treated with the usual remedies for three months, but without any abatement of isease. Your medicine was procured, and the disease, which before appeared too obstinate, in a few

days yielded to your remedy,
I have used your medicines in various discases with occess. I have used none other in my family for the ast eighteen months. One of my sisters, whose eyes had been affected for some years—so much so that she was scarcely able to see to attend to the most ordinary business without the use of speciacles -- was relieved by the use of your Restorer of the Blood and Depurative
