Since that time, I have not had the slightest symptom of my old and much dreaded disease—the Dyspepsia. I also stated the cure of several cases, of obstinate character, and of long standing; they have all proved permanent, so far as I have been able to ascertain I have had several venereal cases, which have been successfully treated with your Abyssinia Mixture and Anti-Syphilitic Syrup. I will mention one case, which had been treated with the usual remedies for three months, but without any abstement of disease. Your medicine was procured, and the disease, which before appeared too obstinate, in a few days vielded to your remedy,

I have used your medicines in various diseases with success. I have used none other in my family for the ast eighteen months. One of my sisters, whose ever had been affected for some years -so much so that she was scarcely able to see to attend to the most ordinary business without the use of spectacles—was relieved by the use of your Restorer of the Blood and Depurative
